Extrasport, Inc., a Division of Johnson Outdoors, Including Leased Workers of Oasis, Inc., Miami, FL; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on November 10, 2003, applicable to workers of Extrasport, Inc., a division of Johnson Outdoors, Miami, Florida. The notice was published in the **Federal Register** on December 29, 2003 (68 FR 74979).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. New information shows that Extrasport, Inc. leased workers of Oasis, Inc. to produce personal flotation devices at the Miami, Florida location of the subject firm.

Based on these findings, the Department is amending this certification to include leased workers of Oasis, Inc. working at Extrasport, Inc., a division of Johnson Outdoors, Miami, Florida.

The intent of the Department's certification is to include all workers at Extrasport, Inc., a division of Johnson Outdoors, Miami, Florida, who were adversely affected by a shift in production to China.

The amended notice applicable to TA-W-53,207 is hereby issued as follows:

All workers of Extrasport, Inc., a division of Johnson Outdoors, Inc., Miami, Florida, and leased workers of Oasis, Inc. producing personal flotation devices at Extrasport, Inc., a division of Johnson Outdoors, Inc., Miami, Florida, who became totally or partially separated from employment on or after October 3, 2002, through November 10, 2005, are eligible to apply for adjustment assistance under section 223 of the Trade Act of 1974.

Signed at Washington, DC, this 31st day of December, 2003.

Fresenius Kabi Clayton L.P., Clayton, NC; Notice of Revised Determination on Reconsideration Regarding Eligibility To Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance

By electronic mail dated December 18, 2003, the State of North Carolina requested administrative reconsideration regarding Alternative Trade Adjustment Assistance (ATAA). The request was made because the Department certified the workers of the

subject firm regarding only eligibility to apply for worker adjustment assistance. The certification was signed on December 9, 2003. The notice will soon be published in the **Federal Register**.

The Department issued the limited certification because it did not investigate if workers met the eligibility requirement of Alternative Trade Adjustment Assistance (ATAA), since a copy of the request for determination of eligibility to apply for the ATAA program for Older Workers was not attached to the petition.

Because the State provided documentation that a request for ATAA consideration was properly submitted, an investigation was conducted to determine if workers are eligible to apply for ATAA.

The investigation revealed that a significant number of workers at the firm are age 50 or over and possess skills that are not easily transferable and that competitive conditions within the industry are adverse.

Conclusion

After careful review of the additional facts obtained on reconsideration, I conclude that there was a shift of production from the workers' firm or subdivision to Sweden of articles like or directly competitive with those produced by the subject firm and that the subject firm will increase imports following the shift abroad. In accordance with the provisions of the Act, I make the following certification:

All workers of at Fresenius Kabi Clayton L.P., Clayton, North Carolina, who became totally or partially separated from employment on or after November 25, 2002 through December 9, 2005, are eligible to apply for adjustment assistance under section 223 of the Trade Act of 1974, and are also eligible to apply for alternative trade adjustment assistance under section 246 of the Trade Act of 1974.

Signed in Washington, DC, this 6th day of January, 2004.

Certifying Officer, Division of Trade Adjustment Assistance.

GE Greenville Gas Turbines, LLC Including Leased Workers of GE Automation Services, Inc., Greenville, South Carolina; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on February 7, 2003, applicable to workers of GE Greenville Gas Turbines, LLC, Greenville, South Carolina. The notice was published in the **Federal Register** on March 26, 2003 (68 FR 14708).

Industrial CAD Services, Inc.; Kannapolis, North Carolina; Notice of Termination of Investigation

Pursuant to section 221 of the Trade Act of 1974, as amended, an investigation was initiated on December 8, 2003, in response to a petition filed by a company official on behalf of workers at Industrial CAD Services, Inc., Kannapolis, North Carolina.

The investigation revealed that the subject firm did not separate or threaten to separate a significant number or proportion of workers as required by section 222 of the Trade Act of 1974. Significant number or proportion of the workers means that at least three workers in a firm with a workforce of fewer than 50 workers would have to be affected. Separations by the subject firm did not meet this threshold level. Consequently, further investigation would serve no purpose, and the investigation has been terminated.
