Notice of Availability of Environmental Assessment for the Air Force Memorial

AGENCY: Washington Headquarters Services, DoD.

ACTION: Notice of availability.

SUMMARY: The Department of Defense (DoD) Washington Headquarters Services (WHS) announces that an Environmental Assessment (EA) for the Air Force Memorial is available for public review and comment within 30 days of the date of this publication. The Memorial is planned for the Naval Annex Site, Columbia Pike and Southgate Road, near the Pentagon in Arlington, VA. The Naval Annex is also known as the Navy Annex, Arlington Annex, and Federal Office Building No. 2 (FOB2).

The EA documents an evaluation of the environmental effects of the proposed Memorial in accord with the National Environmental Policy Act of 1969, as amended (NEPA, 42 U.S. Code 4321 to 4370b), Council of Environmental Quality (CEQ)

implementing regulations (Title 40, Code of Federal Regulations, Parts 1500-1508), and DoD Instruction 4715.9, Environmental Planning and Analysis. The EA identifies the proposed action, purpose and need for the project, project alternatives, affected environment, environmental consequences, and proposed mitigation measures. Environmental consequences examined include potential impacts on socio-economic conditions, cultural and visual resources, transportation systems, physical and biological resources, utilities and infrastructure, and cumulative impacts.

The Air Force Memorial Foundation (AFMF) proposes to establish the Air Force Memorial on three acres of the Naval Annex Site, as authorized by Congress, to honor the men and women who have served in the U.S. Air Force and its predecessors. The main element of the Memorial would be three curving vertical spires, from 200 to 270 feet high, that symbolize Air Force core values, people, and key mission ingredients. At the base of the spires, complementary elements would include an Honor Guard Sculpture, Contemplation Chamber, Air Force Members Chamber, seating area, pedestrian walkways, and parking area. The proposed action, as directed by Congress, requires demolition of Wing 8 of FOB2.

The EA is available on the Internet at <http://www.dtic.mil/ref/Safety/index.htm> and <http://www.airforcememorial.org> and in paper copy at the following libraries:

- Arlington County Central Library, 1015 N. Quincy Street, Arlington, VA 22201.
- Aurora Hills Library, 735 S. 18th St., Arlington, VA 22202.
- Columbia Pike Library, 816 S. Walter Reed Dr., Arlington, VA 22204.
- Shirlington Library, 2786 S. Arlington Mill Dr., Arlington, VA 22206.

For those with access or escort, copies are also available in the FOB2 Building Managers Office, Room 1030, and in the Pentagon Library Reference Center on the Pentagon Concourse.

DATES: Public comments are invited and must be either e-mailed or postmarked on or before September 2, 2004.

ADDRESSES: To request a copy of the EA or provide comments, contact Dr. Brian Higgins at telephone: 703-697-5066, e-mail: bhiggins@ref.whs.mil, or WHS Real Estate and Facilities Directorate, 1155 Defense Pentagon, Room 3B200, Washington, DC 20301-1155. Individuals also may download the EA from the Web sites.

FOR FURTHER INFORMATION CONTACT: For additional information on the EA, contact Dr. Brian Higgins at telephone: 703-697-5066, or e-mail: bhiggins@ref.whs.mil.

U.S. Notice to Mariners—Change in Distribution Methods

AGENCY: National Geospatial-Intelligence Agency (NGA), Department of Defense.

ACTION: Notice.

SUMMARY: The National Geospatial-Intelligence Agency (NGA) is changing the way we make *U.S. Notice to Mariners* available to the public. We will continue to publish electronic versions of the *U.S. Notice to Mariners* and make them available free of charge via the Internet, but we will no longer mass-produce and mail copies of each Notice.

DATES: This change takes effect with *U.S. Notice to Mariners*, January 1, 2005.

ADDRESSES: Although we are not requesting them, you may make comments on this change. To make sure that your comments and related material are not entered more than once in the docket, please submit them by only one of the following means:

(1) Electronically through the Web site for the Docket Management System at webmaster@nga.mil.

(2) By mail to: Maritime Division, MS D-44, National Geospatial-Intelligence Agency, 4600 Sangamore Road, Bethesda, Maryland 20816-5003.

(3) By fax: 301-227-4211.

FOR FURTHER INFORMATION CONTACT: For further information about the substance of this notice, contact Mr. Keith Alexander, Maritime Division, MS D-44, National Geospatial-Intelligence Agency, 4600 Sangamore Road, Bethesda, Maryland 20816-5003.

SUPPLEMENTARY INFORMATION: The *U.S. Notice to Mariners* is the oldest, continuous U.S. Government publication, in constant publication with a break every week since 1869. Despite this long and noble record, hard copy production and distribution of the *U.S. Notice to Mariners* is no longer the most efficient means of providing

critical navigational information to mariners. Current computer/communication technology makes worldwide data transfer both rapid and reliable. Thus, mariners will not longer need to wait weeks for time-sensitive navigational information as is currently required with mailing hard copy *U.S. Notice to Mariners* around the globe. Additionally, the phase out of hard copy *U.S. Notice to Mariners* production will conserve critical resources. For example, NGA annually produces a volume of *U.S. Notice to Mariners* that, if stacked in a column, would measure roughly 22,000 feet high. Put another way, transitioning from hard copy production and distribution will conserve roughly 2,360 trees per year.

In conclusion, the NGA hard copy transition strategy will reduce the time required for mariners to receive important marine navigational information, eliminate costs associated with the printing and distribution of this publication, and conserve natural resources such as pulpwood and the fossil fuels needed to produce paper and transport this weekly product to numerous destinations around the globe.
