ITC Notification

In accordance with section 733(f) of the Act, we have notified the ITC of our determination. If our final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after our final determination whether these imports are materially injuring, or threaten material injury to, the U.S. industry.

Disclosure

We will disclose the calculations used in our analysis to parties in this proceeding in accordance with 19 CFR 351.224(b).

Public Comment

Case briefs for this investigation must be submitted to the Department no later than seven days after the date of the final verification report issued in this proceeding. Rebuttal briefs must be filed five days from the deadline date for case briefs. A list of authorities used, a table of contents, and an executive summary of issues should accompany any briefs submitted to the Department. Executive summaries should be limited to five pages total, including footnotes. Section 774 of the Act provides that the Department will hold a public hearing to afford interested parties an opportunity to comment on arguments raised in case or rebuttal briefs, provided that such a hearing is requested by an interested party. If a request for a hearing is made in this investigation, the hearing will tentatively be held two days after the rebuttal brief deadline date at the U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230. Parties should confirm by telephone the time, date, and place of the hearing 48 hours before the scheduled time.

Interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request to the Assistant Secretary for Import Administration, U.S. Department of Commerce, Room 1870, within 30 days of the publication of this notice. Requests should contain: (1) The party's name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed. Oral presentations will be limited to issues raised in the briefs.

We will make our final determination no later than 135 days after the publication of this notice in the **Federal Register**.

This determination is published pursuant to sections 733(f) and 777(i) of the Act.

Dated: July 28, 2004.

James J. Jochum,
Assistant Secretary for Import
Administration.

Stainless Steel Plate in Coils from Belgium; Extension of Final Results of Expedited Sunset Review of Countervailing Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Extension of Time Limit for Final Results of Expedited Sunset Review: Stainless Steel Plate in Coils from Belgium.

SUMMARY: The Department of Commerce ("the Department") is extending the time limit for its final results in the expedited sunset review of the countervailing duty order on stainless steel plate in coils ("SSPC") from Belgium. Based on adequate responses from the domestic interested parties and inadequate responses from respondent interested parties, the Department is conducting an expedited sunset review to determine whether revocation of the CVD order would lead to the continuation or recurrence of a countervailable subsidy. As a result of this extension, the Department intends to issue final results of this sunset review on or about August 30, 2004.

EFFECTIVE DATE: August 4, 2004.

FOR FURTHER INFORMATION CONTACT:

Hilary E. Sadler, Esq., Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-4340.

Extension of Final Results: In accordance with section 751(c)(5)(C)(ii)

of the Tariff Act of 1930, as amended ("the Act"), the Department may treat sunset reviews as extraordinarily complicated if the issues are complex. As discussed below, the Department has determined that these issues are extraordinarily complicated. On April 1, 2004, the Department initiated a sunset review of the countervailing duty order on SSPC from Belgium. *See Initiation of Five-Year (Sunset) Reviews*, 69 FR 17129 (April 1, 2004). The Department, in this proceeding, determined that it would conduct an expedited sunset review of this order based on responses from the domestic and respondent interested parties to the notice of initiation. The Department's final results of this review were scheduled for July 30, 2004. However, several issues have arisen regarding the revised net subsidy rate of the order with respect to U & A Belgium and its effect on this sunset review. *See Final Results of Redetermination pursuant to Court Remand: ALZ v. United States*, Slip Op. 03-81, Court No. 01-00834 (CIT July 1, 2003) and *ALZ N.V. v. United States*, Slip Op. 04-38, Court No. 01-00834 (CIT April 22, 2004) and *SSPC from Belgium: Notice of Decision of the Court of International Trade*, 69 FR 26075 (May 11, 2004).

Because of the complex issues in this proceeding, the Department will extend the deadline for issuance of the final results. Thus, the Department intends to issue the final results on or about August 30, 2004 in accordance with section 751(c)(5)(B).

Dated: July 29, 2004.

Jeffrey A. May,
Acting Assistant Secretary for Import
Administration.

National Oceanic and Atmospheric Administration

[I.D. 072904E]

Gulf of Mexico Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Gulf of Mexico Fishery Management Council (Council) will convene public meetings of the Shark and Oceanic Migratory Species Scientific and Statistical Committees (SSC) and Highly Migratory Species (HMS) and Billfish Advisory Panels (APs) to review potential issues for NOAA Fisheries Highly Migratory Species Division action on August 23–24, 2004.

DATES: The Council's Special Shark and Special Oceanic Migratory Species Scientific and Statistical Committees will convene jointly at 9 a.m. on Monday, August 23, 2004. The Highly Migratory Species and Billfish Advisory Panels will convene jointly at 9 a.m. on Tuesday, August 24, 2004.

ADDRESSES: The meetings will be held at the Hilton Tampa Airport Westshore, 2225 North Lois Avenue, Tampa, FL; telephone: 813–877–6688.

Council address: Gulf of Mexico Fishery Management Council, 3018 U.S. Highway 301 North, Suite 1000, Tampa, FL 33619.

FOR FURTHER INFORMATION CONTACT: Mr. Steven Atran, Population Dynamics Statistician, or Mr. Stu Kennedy, Biologist, Gulf of Mexico Fishery Management Council, 3018 U.S. Highway 301 North, Suite 1000, Tampa, FL 33619; telephone: 813–228–2815.

SUPPLEMENTARY INFORMATION: At each of these meetings, a representative from the NOAA Fisheries Highly Migratory Species Division will present a summary of issues and options for Amendment 2 to the HMS and Billfish Fishery Management Plans, which is currently in its initial scoping phase. The issues and options include a wide range of potential management measures that could affect fishermen, dealers, or equipment suppliers for the Atlantic tuna, swordfish, shark, or billfish fisheries. Some of the issues and potential options for which NOAA Fisheries is requesting comment include, but are not limited to: modifying the General category allocation of Bluefin tuna; filleting Atlantic tuna at sea; modifying the swordfish bag limit for anglers; changing the large coastal shark trip limit for directed permit holders; streamlining the limited access permit program; simplifying the quota and permitting administrative processes for exempted fishing permits; modifying non-tournament reporting of billfish harvest; establishing outreach workshops; implementing the bycatch reduction plan; green stick and/or spearfishing as allowable gears for HMS

fisheries; and updating essential fish habitat identifications and data for all HMS.

The joint Shark/Oceanic Migratory Species SSC and the joint HMS/Billfish AP will provide recommendations to the Council on issues and alternatives that should be included in the amendment. The Council will review the SSC and AP recommendations at its September 13–17, 2004 meeting in Panama City Beach, FL, at which time it will make its recommendations to the NOAA Fisheries HMS Division.

The Gulf of Mexico Fishery Management Council is one of eight regional fishery management councils that were established by the Magnuson-Stevens Fishery Conservation and Management Act of 1976. The Gulf of Mexico Fishery Management Council prepares fishery management plans that are designed to manage fishery resources in the U.S. Gulf of Mexico. Although the Council does not manage highly migratory species, it does provide recommendations to the NMFS HMS Division on management measures that affect fisheries in the Gulf of Mexico.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Dawn Aring at the Council (see **ADDRESSES**) by August 13, 2004.

Dated: July 30, 2004.
