

■ 2. Amend § 117.253 by revising paragraph (b) to read as follows:

§ 117.253 Anacostia River.

* * * * *

(b) The CSX Railroad Bridge, mile 3.4.
(1) The draw of the bridge to be operated by the controller at the Benning Yard office shall open on signal:

(i) At all times for public vessels of the United States, state and local government vessels, commercial vessels and any vessels in an emergency involving danger to life or property.

(ii) Between 9 a.m. and 12 p.m. and between 1 p.m. and 6 p.m. from May 15 through September 30.

(iii) Between 6 p.m. and 7 p.m. from May 15 through September 30 if notice is given to the controller at the Benning Yard office not later than 6 p.m. on the day for which the opening is requested.

(iv) At all other times, if at least eight hours notice is given to the controller at the Benning Yard office.

(2) The CSX Railroad Bridge shall not be operated by the controller at the Benning Yard office in the event of failure or obstruction of the motion sensors, laser scanners, video cameras or marine-radio communications. In these situations, a bridge tender must be called to operate the bridge on-site.

(3) Except as provided in § 117.31(b), opening of the draw shall not exceed ten minutes after clearance of rail traffic.

(4) A horn will sound one prolonged blast followed by one short blast to indicate that the CSX Railroad Bridge is moving to the full open position for vessel traffic. During open span movement, the channel traffic lights will flash red until the bridge is in the full open position to vessels. In the full open position to vessels, the bridge channel traffic lights will flash green.

(5) A horn will sound five short blasts, the channel traffic lights will flash red, and an audio voice-warning device will announce bridge movement during closing span movement. Five short blasts of the horn will continue until the bridge is seated and locked down. When the bridge is seated and in locked down position to vessels, the channel traffic lights will continue to flash red.

(6) The owners of the bridge shall provide and keep in good legible condition two board gauges painted white with black figures not less than six inches high to indicate the vertical clearance under the closed draw at all stages of the tide. The gauges shall be placed on the bridge so that they are plainly visible to the operator of any vessel approaching the bridge from either upstream or downstream.

Dated: July 26, 2004.

Sally Brice O'Hara,

*Rear Admiral, U.S. Coast Guard, Commander,
Fifth Coast Guard District.*

[FR Doc. 04-18017 Filed 8-5-04; 8:45 am]

BILLING CODE 4910-15-P

**ENVIRONMENTAL PROTECTION
AGENCY**

40 CFR Part 52

[DC101-2029; FRL-7791-9]

**Approval and Promulgation of Air
Quality Implementation Plans; District
of Columbia; Update to Materials
Incorporated by Reference**

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; notice of administrative change.

SUMMARY: EPA is updating the materials submitted by the District of Columbia that are incorporated by reference (IBR) into the State implementation plan (SIP). The regulations affected by this update have been previously submitted by the State agency and approved by EPA. This update affects the SIP materials that are available for public inspection at the National Archives and Records Administration (NARA), the Air and Radiation Docket and Information Center located at EPA Headquarters in Washington, DC, and the EPA Regional Office.

DATES: This action is effective August 6, 2004.

ADDRESSES: SIP materials which are incorporated by reference into 40 CFR part 52 are available for inspection at the following locations: Air Protection Division, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103; the Air and Radiation Docket and Information Center, U.S. Environmental Protection Agency, 1301 Constitution Avenue, NW., Room B108, Washington, DC 20460; or the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030, or go to: http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html.

FOR FURTHER INFORMATION CONTACT: Harold A. Frankford, (215) 814-2108 or by e-mail at frankford.harold@epa.gov.

SUPPLEMENTARY INFORMATION: The SIP is a living document which the state can revise as necessary to address the unique air pollution problems in the State. Therefore, EPA from time to time

must take action on SIP revisions containing new and/or revised regulations as being part of the SIP. On May 22, 1997 (62 FR 27968), EPA revised the procedures for incorporating by reference federally-approved SIPs, as a result of consultations between EPA and Office of the Federal Register (OFR). The description of the revised SIP document, IBR procedures and "Identification of plan" format are discussed in further detail in the May 22, 1997, **Federal Register** document.

On December 7, 1998 (63 FR 67407), EPA published a document in the **Federal Register** beginning the new IBR procedure for the District of Columbia. In this action, EPA is doing the following:

1. Announcing the first update to the material being IBR'ed.

2. Adding a § 52.470(e) which summarizes the non-regulatory actions that EPA has taken on the District of Columbia SIP.

3. Making corrections to the chart listed in § 52.470(c), as described below:

a. District of Columbia Municipal Regulations (DCMR), Title 20—Environment. This title is added to the chart.

b. Chapter 1 (General), second entry for Section 199 (Definitions and Abbreviations)—In the "EPA Approval Date" column, the date format is revised from "May 9, 2001" to "5/9/01".

c. Chapter 2 (General and Non-attainment Area Permits), Section 204—The entry in the "Title/subject" column is revised.

d. Chapter 2, Section 8-2:720—The entry in the "State Citation" column is revised to read "Section 8-2:720(c)"; the entry in the "Comments" column is revised.

e. Chapter 4 (Ambient Monitoring, Emergency Procedures, Chemical Accident Prevention and Conformity), Section 400—The entry in the "Title/subject" column is revised.

f. Chapter 5 (Source Monitoring and Testing), Section 500—The entries in the "Title/subject" column are revised to read "Records and Reports".

g. Chapter 5, Section 502.18—In the "EPA Approval Date" column, the date format is revised from "May 9, 2001" to "5/9/01"; the text in the "Additional Information" column is removed.

h. Chapter 7 (Volatile Organic Compounds), all entries except for Section 710—In the "EPA Approval Date" column, the **Federal Register** page citation is revised to read "64 FR 57777".

i. Chapter 7, Section 701.1 through 701.3—In the "State citation" column, "701.3" is revised to read "703.13".

j. Chapter 7, Sections 708 and 713—The entries in the “Title/subject” column are revised.

k. Chapter 8 (Asbestos, Sulfur, and Nitrogen Oxides), Section 805—In the “EPA Approval Date” column, the **Federal Register** page citation (65 FR 81369) is added and the word “Type:” is removed.

l. Chapter 9 (Motor Vehicle Pollutants, Lead, Odors, and Nuisance Pollutants), Section 904 (Oxygenated Fuels)—In the “EPA Approval Date” column, the date format is revised from “May 9, 2001” to “5/9/01” and the **Federal Register** page citation (66 FR 23614) is added.

m. Chapter 9—A companion entry to Section 915 (“Section 999—Definitions”), inadvertently omitted at the time that EPA approved the District’s national low emissions vehicle (NLEV) program, is inserted into the paragraph (c) chart.

n. Chapter 10 (Nitrogen Oxides Emissions Budget Program)—In the “EPA Approval Date” column, the **Federal Register** publication date and page citation for EPA’s approval action (12/22/00, 65 FR 80783) is added to the entries for Section 1001 through 1013 and Section 199. Also, the **Federal Register** page citation for EPA’s approval action (66 FR 55099) is added to the entry for Section 1014 (NO_x Budget Trading Program for State Implementation Plans).

o. Appendices—Appendix 3—The entry in the “Title/subject” column is revised.

p. Appendices—Appendix 5 (Test Methods for Sources of Volatile Organic Compounds)—In the “EPA Approval Date” column, the **Federal Register** page citation is revised to read “64 FR 57777”.

q. Title 18 (Vehicles and Traffic)—This title is revised to read “District of Columbia Municipal Regulations (DCMR), Title 18—Vehicles and Traffic”.

r. Title 18, all entries except for Chapter 6, Section 604 and Chapter 7, Section 753—In the “EPA Approval Date” column, the date format is revised from “June 11, 1999” to “6/11/99”, and the **Federal Register** page citation (64 FR 31498) is added.

s. Title 18, Chapter 99—In the “Comments” column, an entry is added.

4. Amending § 52.470(d), for the entry “General Services Administration Central Heating and Refrigeration Plant and West Heating Plant”, in the “EPA Approval Date” column, by revising the **Federal Register** publication date format from “Sept 30, 1999” to “9/30/99”, and adding the **Federal Register** page citation (64 FR 52654).

5. In the tables found in § 52.470(c) and (d), renaming the column heading entitled “Additional Information” to “Additional Explanation”.

EPA has determined that today’s rule falls under the “good cause” exemption in section 553(b)(3)(B) of the Administrative Procedures Act (APA) which, upon finding “good cause,” authorizes agencies to dispense with public participation and section 553(d)(3) which allows an agency to make a rule effective immediately (thereby avoiding the 30-day delayed effective date otherwise provided for in the APA). Today’s rule simply codifies provisions which are already in effect as a matter of law in Federal and approved State programs. Under section 553 of the APA, an agency may find good cause where procedures are “impractical, unnecessary, or contrary to the public interest”. Public comment is “unnecessary” and “contrary to the public interest” since the codification only reflects existing law. Immediate notice in the CFR benefits the public by removing outdated citations and incorrect chart entries.

Statutory and Executive Order Reviews

A. General Requirements

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a “significant regulatory action” and therefore is not subject to review by the Office of Management and Budget. For this reason, this action is also not subject to Executive Order 13211, “Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use” (66 FR 28355, May 22, 2001). This action merely approves State law as meeting Federal requirements and imposes no additional requirements beyond those imposed by State law. Accordingly, the Administrator certifies that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). Because this rule approves pre-existing requirements under State law and does not impose any additional enforceable duty beyond that required by State law, it does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4). This rule also does not have tribal implications because it will not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal government and Indian tribes, or on the distribution of power and responsibilities between the Federal

government and Indian tribes, as specified by Executive Order 13175 (65 FR 67249, November 9, 2000). This action also does not have federalism implications because it does not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999). This action merely approves a State rule implementing a Federal standard, and does not alter the relationship or the distribution of power and responsibilities established in the Clean Air Act. This rule also is not subject to Executive Order 13045 “Protection of Children from Environmental Health Risks and Safety Risks” (62 FR 19885, April 23, 1997), because it is not economically significant.

In reviewing SIP submissions, EPA’s role is to approve State choices, provided that they meet the criteria of the Clean Air Act. In this context, in the absence of a prior existing requirement for the State to use voluntary consensus standards (VCS), EPA has no authority to disapprove a SIP submission for failure to use VCS. It would thus be inconsistent with applicable law for EPA, when it reviews a SIP submission, to use VCS in place of a SIP submission that otherwise satisfies the provisions of the Clean Air Act. Thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply. This rule does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

B. Submission to Congress and the Comptroller General

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This rule is not a “major rule” as defined by 5 U.S.C. 804(2).

C. Petitions for Judicial Review

EPA has also determined that the provisions of section 307(b)(1) of the Clean Air Act pertaining to petitions for judicial review are not applicable to this action. Prior EPA rulemaking actions for each individual component of the District of Columbia SIP compilations had previously afforded interested parties the opportunity to file a petition for judicial review in the United States Court of Appeals for the appropriate circuit within 60 days of such rulemaking action.

Thus, EPA sees no need in this action to reopen the 60-day period for filing such petitions for judicial review for these "Identification of plan" reorganization update actions for the District of Columbia.

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Carbon monoxide, Incorporation by reference, Intergovernmental relations, Lead, Nitrogen dioxide, Ozone, Particulate matter, Reporting and record keeping requirements, Sulfur oxides, Volatile organic compounds.

Dated: July 15, 2004.
Thomas C. Voltaggio,
Acting Regional Administrator, Region III.

■ 40 CFR part 52 is amended as follows:

PART 52—[AMENDED]

■ 1. The authority for citation for part 52 continues to read as follows:

Authority: 42.U.S.C. 7401 *et seq.*

Subpart J—District of Columbia

■ 2. Section 52.470 is amended by revising paragraphs (b), (c) and (d), and adding paragraph (e).

The paragraphs are revised to read as follows:

§ 52.470 Identification of plan.

* * * * *

(b) Incorporation by reference.

(1) Material listed as incorporated by reference in paragraphs (c) and (d) was approved for incorporation by reference by the Director of the Federal Register in accordance with 5 U.S.C. 552(a) and 1 CFR part 51. The material incorporated is as it exists on the date of the approval, and notice of any change in the material will be published

in the **Federal Register**. Entries in paragraphs (c) and (d) of this section with EPA approval dates on or after June 1, 2004 will be incorporated by reference in the next update to the SIP compilation.

(2) EPA Region III certifies that the rules/regulations provided by EPA at the addresses in paragraph (b)(3) of this section are an exact duplicate of the officially promulgated State rules/regulations which have been approved as part of the State implementation plan as of June 1, 2004.

(3) Copies of the materials incorporated by reference may be inspected at the EPA Region III Office at 1650 Arch Street, Philadelphia, PA 19103; the EPA, Air and Radiation Docket and Information Center, Air Docket (6102), 1301 Constitution Avenue NW., Room B108, Washington, DC. 20460; or at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030, or go to: http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html.

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 65

[Docket No. FEMA-P-7636]

Changes in Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, Emergency Preparedness and Response Directorate, Department of Homeland Security.

ACTION: Interim rule.

SUMMARY: This interim rule lists communities where modification of the Base (1% annual-chance) Flood Elevations (BFEs) is appropriate because of new scientific or technical data. New flood insurance premium rates will be calculated from the modified BFEs for new buildings and their contents.

DATES: These modified BFEs are currently in effect on the dates listed in the table below and revise the Flood Insurance Rate Map(s) in effect prior to this determination for the listed communities.
