Notice of Preliminary Results of Antidumping Duty Administrative Review: Carbon and Certain Alloy Steel Wire Rod From Brazil

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on carbon and certain alloy steel wire rod (steel wire rod) from Brazil. We preliminarily determine that sales of subject merchandise by Companhia Siderúrgica Belgo Mineira, Belgo Mineira Participação Indústria e Comércio S.A. and BMP Siderúrgica S.A. (collectively, Belgo), have been made below normal value (NV). If these preliminary results are adopted in our final results, we will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on appropriate entries based on

the difference between the export price (EP) and the NV.

Interested parties are invited to comment on these preliminary results. We will issue the final results no later than 120 days from the publication of this notice.

EFFECTIVE DATE: November 8, 2004.

FOR FURTHER INFORMATION CONTACT:

Jesse Cortes or Constance Handley, at (202) 482-3986 or (202) 482-0631, respectively, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On October 29, 2002, the Department published an antidumping duty order on steel wire rod from Brazil. *See Notice of Antidumping Duty Orders: Carbon and Certain Alloy Steel Wire Rod from Brazil, Indonesia, Mexico, Moldova, Trinidad and Tobago, and Ukraine*, 67 FR 65945 (October 29, 2002).

On October 1, 2003, the Department issued a notice of opportunity to request the first administrative review of this order. *See Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review*, 68 FR 56618 (October 1, 2003). On October 31, 2003, in accordance with 19 CFR 351.213(b), Belgo requested an administrative review and a deferral of initiation for one year. The petitioners¹ submitted an opposition to Belgo's deferral request on November 14, 2003. On November 18, 2003, the Department denied Belgo's deferral request and published the notice of initiation of this antidumping duty administrative review, covering the period April 15, 2002, through September 30, 2003 (the POR). *See, respectively, Memorandum to Gary Taverman from Constance Handley*, "Request for Deferral of Initiation: First Antidumping Duty Administrative Review of Carbon and Certain Alloy Steel Wire Rod From Brazil," dated November 18, 2003, which is on file in the Central Records Unit (CRU) in Room B-099 of the main Commerce building; and, *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 68 FR 66799 (November 28, 2003).

On December 9, 2003, the Department issued its antidumping questionnaire to Belgo, specifying that the responses to

Section A and Sections B-E would be due on December 30, 2003, and January 15, 2004, respectively.² Belgo requested, and the Department granted, various extensions of time to respond to the different sections of the questionnaire. We received timely responses, as extended, to Sections A-D of the initial antidumping questionnaire and associated supplemental questionnaires. Additionally, Belgo requested, and the Department denied, an exemption from reporting certain home market sales and costs of production. In the investigation, we initiated a COP inquiry; however, Belgo withdrew from the proceeding before the final determination. For that reason, the Department used adverse facts available (AFA) in calculating the margin for Belgo. Consequently, we find that there are reasonable grounds to believe or suspect that Belgo made sales below cost in this review.

In its January 13, 2004, Section A questionnaire response, Belgo indicated that it and a certain U.S. entity may be related under the Department's affiliation rules. Following the submission of comments by parties, and based on an initial review of the U.S. sales record submitted by Belgo, the Department determined that Belgo and the U.S. entity were affiliated within the meaning of section 771(33)(F) of the Tariff Act of 1930, as amended effective January 1, 1995 (the Act) by the Uruguay Round Agreements Act, and requested that Belgo submit data regarding the affiliated U.S. entity's downstream sales to the first unaffiliated U.S. customer. *See Memorandum to Susan Kuhbach from Constance Handley*, "Antidumping Duty Review of Carbon and Certain Alloy Steel Wire Rod from Brazil: Affiliation," dated July 13, 2004, which is on file in the CRU. On July 26, 2004, Belgo requested an exemption from reporting the affiliated U.S. entity's downstream sales and related further-processing costs pursuant to the "special rule" for value added under section 772(e) of the Act and 19 CFR 351.402(c). On July 30, 2004, the petitioners submitted an opposition to the special rule request. Following

² Section A of the questionnaire requests general information concerning a company's corporate structure and business practices, the merchandise under review that it sells, and the manner in which it sells that merchandise in all of its markets. Section B requests a complete listing of all home market sales, or, if the home market is not viable, of sales in the most appropriate third-country market (this section is not applicable to respondents in non-market economy cases). Section C requests a complete listing of U.S. sales. Section D requests information on the cost of production (COP) of the foreign like product and the constructed value of the merchandise under review. Section E requests information on further manufacturing.

¹ The petitioners in this investigation are Co-Steel Raritan, Inc., GS Industries, Inc., Keystone Consolidated Industries, Inc., and North Star Steel Texas, Inc.
