The Administrator, Foreign Agricultural Service (FAS), today accepted a petition filed by three Florida avocado producers for trade adjustment assistance. Notice of Extension of Time Limit for the Final Results of Antidumping Duty Administrative Review: Certain Helical Spring Lock Washers from the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: March 8, 2005.

FOR FURTHER INFORMATION CONTACT:

Marin Weaver at (202) 482-2336 or Cathy Feig at (202) 481-3962, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On November 9, 2004, the Department of Commerce (the Department) published in the **Federal Register** the preliminary results of the administrative review of the antidumping duty order on helical spring lock washers from the People's Republic of China. *See Certain Helical Spring Lock Washers from the People's Republic of China; Preliminary Results of Antidumping Duty Administrative Review*, 69 FR 64903. This review covers the period October 1, 2002, through September 30, 2003. The final results of this administrative review are currently due not later than March 9, 2005.

Extension of Time Limit for Final Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to issue the final results of an administrative review within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within the time specified, the administering authority may extend the final results to not later than 180 days following the publication of the preliminary results.

In order to fully consider the issue of Hangzhou's market-economy purchases of steel wire rod from the United Kingdom raised in Hangzhou's December 10, 2004, case brief, it is not

practicable to complete this review within the time limit mandated by the Act. Due to the complex nature and broader implications raised by this issue, the Department needs extra time to analyze and address this issue. Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is fully extending the time period for issuing the final results of review from March 9, 2005, until not later than May 8, 2005.

Dated: March 1, 2005.

Barbara E. Tillman,

Acting Deputy Assistant Secretary for Import Administration.

Stainless Steel Sheet and Strip in Coils From Mexico; Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: March 8, 2005.

FOR FURTHER INFORMATION CONTACT:

Angela Strom at (202) 482-2704, Maryanne Burke at (202) 482-5604 or Robert James at (202) 482-0649, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

Background

On July 30, 2004, the Department of Commerce (the Department) received timely requests to conduct an administrative review of the antidumping duty order on stainless steel sheet and strip in coils from Mexico. On August 30, 2004, the Department published a notice of initiation of this administrative review, covering the period of July 1, 2003, to June 30, 2004 (69 FR 52857). The preliminary results are currently due no later than April 2, 2005.

Extension of Time Limits for Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Tariff Act), requires the Department to complete the preliminary results of an administrative review within 245 days after the last day of the anniversary month of an order for which a review is requested. However,

if it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary results to a maximum of 365 days after the last day of the anniversary month of an order for which a review is requested.

We are currently analyzing a number of complex issues with respect to the basis for normal value which must be addressed prior to the issuance of the preliminary results. Specifically, further analysis is needed in relation to downstream sales, billing adjustments, currency conversions and cost of production data used in the margin calculation program. This requires additional time and makes it impracticable to complete the preliminary results of this review within the originally anticipated time limit. Accordingly, the Department is extending the time limit for completion of the preliminary results of this administrative review no later than July 31, 2005, which is 365 days from the last day of the anniversary month. We intend to issue the final results no later than 120 days after publication of the preliminary results notice.

Dated: March 2, 2005.

Barbara E. Tillman,

Acting Deputy Assistant Secretary for Import Administration.
