DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Medicare & Medicaid Services

[Document Identifier: CMS-10133]

Emergency Clearance: Public Information Collection Requirements Submitted to the Office of Management and Budget (OMB)

AGENCY: Center for Medicare & Medicaid Services.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Centers for Medicare & Medicaid Services (CMS), Department of Health and Human Services, is publishing the following summary of proposed collections for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to

minimize the information collection burden.

We are, however, requesting an emergency review of the information collection referenced below. In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, we have submitted to the Office of Management and Budget (OMB) the following requirements for emergency review. We are requesting an emergency review because the collection of this information is needed before the expiration of the normal time limits under OMB's regulations at 5 CFR part 1320. This is necessary to ensure compliance with an initiative of the Administration.

We cannot reasonably comply with the normal clearance procedures because of an unanticipated event and possible public harm. As a result of a statutory deadline, we are requesting expedited review and approval of the Medicare Part B Drug and Biological Competitive Acquisition Program (CAP) bidding forms. Without approval of these forms on an emergency basis, potential vendors/suppliers will not be able to participate in the program for which they are essential.

In particular, CMS has accelerated the normal "statute to regulation" process in order to meet the CAP's statutory implementation deadline of January 1, 2006. CMS placed the proposed rule (CMS-1325-P) on display on February 25, 2005, and the proposed rule was published in the **Federal Register** on March 4, 2005. CMS anticipates publishing the final rule during the last week of May 2005. We are requesting to use the expedited approval process for the collection requirements so that we can begin collecting bids from potential vendors on June 1, 2005, and award contracts by August 2005. Therefore, we are requesting OMB approval for these forms no later than May 26, 2005. The CAP Physician election process will begin on October 1, 2005. Physicians who elect to participate in the CAP can begin receiving their drugs through a CAP vendor on January 1, 2006.

This request covers the CAP Vendor Application and Bid Form, the CAP Drug Vendor Application Guide, and the CAP Physician Election Agreement. The CAP Vendor Application and Bid Form will be used by potential vendors to provide information related to the characteristics of their company and to submit their bid prices for CAP drugs. The CAP Drug Vendor Application Guide is an informational piece intended to facilitate completion of the application. The Physician Election

Agreement will be used by physicians to elect to participate in the CAP program.

CMS is requesting OMB review and approval of this collection by May 26, 2005, with a 180-day approval period. Written comments and recommendations will be accepted from the public if received by the individuals designated below by May 15, 2005.

Type of Information Collection Request: New collection; **Title of Information Collection:** Medicare Competitive Acquisition Program Applications; **Form No.:** CMS-10133 (OMB# 0938-New); **Use:** The forms included in this request (CAP Vendor Application and Bid Form) will be used by potential vendors to provide information related to the characteristics of their company, record their bid prices for CAP drugs, and provide information about the company's finances. Physicians will use the Physician Election Agreement to elect to participate in the program beginning October 2005 and begin receiving their drugs through a CAP vendor January 2006; **Frequency:** Upon Occasion; **Affected Public:** Business or other for-profit, Not-for-profit institutions, Individuals; **Number of Respondents:** 70,025; **Total Annual Responses:** 70,025; **Total Annual Hours:** 18,500.

To obtain copies of the supporting statement and any related forms for the proposed paperwork collections referenced above, access CMS' Web site address at <http://www.cms.hhs.gov/regulations/pa> or e-mail your request, including your address, phone number, OMB number, and CMS document identifier, to Paperwork@cms.hhs.gov, or call the Reports Clearance Office on (410) 786-1326.

Interested persons are invited to send comments regarding the burden or any other aspect of these collections of information requirements. However, as noted above, comments on these information collection and recordkeeping requirements must be mailed and/or faxed to the designees referenced below by May 15, 2005:

Centers for Medicare and Medicaid Services, Office of Strategic Operations and Regulatory Affairs, Room C5-13-27, 7500 Security Boulevard, Baltimore, MD 21244-1850; Fax Number: (410) 786-0262; Attn: William N. Parham, III, (CMS-10133); and,

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Proposed Information Collection Activity; Comment Request

Proposed Projects:

Title: Data Collection for the Fourth
National Incidence Study of Child
Abuse and Neglect.

OMB No.: New collection.

Description: The Department of
Health and Human Services (HHS)
intends to collect data for the next
National Incidence Study of Child
Abuse and Neglect (NIS). This will be
the fourth cycle of this periodic study.
NIS-1, mandated under Public Law
(Pub. L.) 93-247 (1974), was conducted
in 1979 and 1980, and reported in 1981.
NIS-2, mandated under (Pub. L.) 100-
294 and the Child Abuse, Domestic
Violence, Adoption, and Family
Services Act of 1992 (Pub. L.) 102-295,
was conducted between 1993 and 1995,

and reported in 1996. NIS-4, mandated
by the Keeping Children and Families
Safe Act of 2003 (Pub. L.) 108-36, will
gather data in 2005 and 2006, and be
reported in 2008.

NIS is unique in that it goes beyond
the abused and neglected children who
come to the attention of the Child
Protective Services (CPS) system. In
contrast to the National Child Abuse
and Neglect Data Systems (NCANDS),
which rely solely on reported cases, the
NIS design assumes that reported
children represent only a portion of the
children who actually are maltreated.
NIS estimates the scope of the
maltreated child population by
combining information about reported
cases with data on maltreated children
identified by professionals (called
"sentinels") who encounter them during
the normal course of their work in a
wide range of agencies in representative
communities. Sentinels are asked to
remain on the lookout for children
whom they believe are maltreated
during the study reference period and to
provide information about these
children.

Children identified by sentinels and
those whose alleged maltreatment is
investigated by CPS during the same
period are evaluated against
standardized definitions, and only
children who meet the study standards
are used to develop the study estimates.
The study estimates are couched in
