BILLING CODE 6335-01-M

DEPARTMENT OF COMMERCE**Foreign-Trade Zones Board**

[Docket 17-2005]

Foreign-Trade Zone 17—Kansas City, MO; Application for Export Manufacturing Authority; Cereal Ingredients, Inc. (Food Flavoring Particulates and Mixes); Leavenworth, KS

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Greater Kansas City Foreign Trade Zone, Inc., grantee of FTZ 17, pursuant to § 400.32(b)(1) of the Board's regulations (15 CFR part 400), on behalf of Cereal Ingredients, Inc. (CII), for authority to manufacture food flavoring particulates and mixes for export under FTZ procedures within FTZ 17. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on April 26, 2005.

The proposed activity would occur at CII's manufacturing facility located at 4720 South 13th Street within the Leavenworth Area Business Center (Site 5) in Leavenworth, Kansas. The facility (32 employees/8 acres/40,000 sq. ft., plus 40,000 sq. ft. expansion area) is used to produce flavoring particulates and swirl mixes (HTSUS 1901.90) for food products, dairy products and baked goods. The food particulates add flavor, texture and color to baked goods, breakfast cereals, ice cream, and nutritional foods. The activity conducted under FTZ procedures would involve manufacturing of food particulates and swirl mixes using domestic and foreign ingredients for export only. Ingredients purchased from abroad would include: Cane sugar, beet sugar, cocoa, cinnamon soy protein concentrate and isolate, milk protein concentrate and isolate, and textured protein concentrate. None of the foreign-origin sugar and dairy products which are subject to U.S. import quotas would be entered for domestic consumption, and all such products would be re-exported from the zone.

FTZ procedures would exempt CII from quota requirements and Customs

duty payments on the foreign ingredients used in the proposed export FTZ production. Duties would be deferred or reduced on foreign production equipment admitted to FTZ 17 until which time it becomes operational. The application indicates that FTZ manufacturing authority for export production would help improve the facility's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the following addresses:

1. *Submissions via Express/Package Delivery Services:* Foreign-Trade Zones Board, U.S. Department of Commerce, Franklin Court Building-4100W, 1099 14th Street, NW., Washington, DC 20005; or,

2. *Submissions via the U.S. Postal Service:* Foreign-Trade Zones Board, U.S. Department of Commerce, FCB-4100W, 1401 Constitution Ave., NW., Washington, DC 20230.

The closing period for their receipt is July 5, 2005. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to July 19, 2005).

A copy of the application will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at address No. 1 above.

Dated: April 26, 2005.

Dennis Puccinelli,

Executive Secretary.

BILLING CODE 3510-DS-M

DEPARTMENT OF COMMERCE**Foreign-Trade Zones Board**

[Docket 18-2005]

Foreign-Trade Zone 183—Austin, TX, Application for Subzone, Samsung Austin Semiconductor, LP (Semiconductor Memory Devices), Austin, TX

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Foreign-Trade Zone of Central Texas, Inc., grantee of FTZ 183, requesting special-purpose subzone status with export-only manufacturing

authority (semiconductor memory devices) for the facilities of Samsung Austin Semiconductor, LP (Samsung), located in Austin, Texas. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on April 28, 2005.

The facilities for which subzone status is proposed are located at three sites (192.1 acres total; 876,453 sq. ft. of enclosed space): Site #1—Samsung Austin Semiconductor facilities (186.1 acres; 764,453 sq. ft.)—located at 12100 Samsung Boulevard in Austin, Texas; Site #2—HISCO facilities (4.1 acres; 62,000 sq. ft.)—located at 8330 Cross Park Drive in Austin; and Site #3—Three Way Inc. facilities (1.9 acres; 50,000 sq. ft.)—located at 4009 Commercial Center Drive in Austin.

The facilities (approximately 950 employees) may be used under FTZ procedures for manufacturing, processing, warehousing, and distributing for export purposes only semiconductors and related devices. For Samsung's current manufacturing, foreign-sourced materials account for approximately 26 percent of finished-product value. The application lists the categories of material inputs which may be sourced from abroad, including wafers (HTSUS category 3818.00), chemicals (2809.20, 2826.11, 2846.10, 3814.00) and photo resist (3707.90).

Zone procedures would exempt Samsung from Customs duty payments on foreign components used in export production. Samsung would also be able to avoid duty on foreign inputs which become scrap/waste, estimated at no more than five percent of imported inputs. Samsung may also realize logistical/procedural and other benefits from subzone status. All of the above-cited savings from zone procedures could help improve the plant's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at one of the following addresses:

1. *Submissions Via Express/Package Delivery Services:* Foreign-Trade-Zones Board, U.S. Department of Commerce, Franklin Court Building—Suite 4100W, 1099 14th St., NW., Washington, DC 20005; or
2. *Submissions Via the U.S. Postal Service:* Foreign-Trade-Zones Board,

U.S. Department of Commerce, FCB—Suite 4100W, 1401 Constitution Ave., NW., Washington, DC 20230.

The closing period for their receipt is June 20, 2005. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to July 6, 2005.

A copy of the application and accompanying exhibits will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at address Number 1 listed above and at the Austin U.S. Export Assistance Center, 211 E. 11th St., 4th Floor, Austin, TX 78701.

Dated: April 28, 2005.

Dennis Puccinelli,

Executive Secretary.

International Trade Administration

[A-588-835]

Notice of Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Review: Oil Country Tubular Goods from Japan

AGENCY: Import Administration, International Trade Administration, U.S. Department of Commerce.

EFFECTIVE DATE: May 5, 2005.

FOR FURTHER INFORMATION CONTACT:

Kimberley Hunt or Mark Hoadley, AD/CVD Operations, Office 6, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-1272 or (202) 482-3148, respectively.

SUPPLEMENTARY INFORMATION:

Background

The Department of Commerce (the Department) published an antidumping duty order on oil country tubular goods (OCTG) from Japan on August 11, 1995 (*see Antidumping Duty Order: Oil Country Tubular Goods from Japan*, 60 FR 155 (August 11, 1995)). On August 31, 2004, United States Steel Corporation, a petitioner in the original investigation, requested that the Department conduct an administrative review of four companies. On September 22, 2004, the Department published a notice of initiation of an administrative review for JFE Steel Corporation, Nippon Steel Corporation, NKK Tubes, and Sumitomo Metal Industries, Ltd., for the period August 1,

2003, through July 31, 2004 (*see Notice of Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 69 FR 56745 (September 22, 2004)). The preliminary results of this administrative review are currently due no later than May 3, 2005.

Extension of Time Limit for Preliminary Results

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended, (the Act), the Department shall issue preliminary results in an administrative review of an antidumping duty order within 245 days after the last day of the anniversary month of the date of publication of the order. The Act further provides, however, that the Department may extend the deadline for completion of the preliminary results of a review from 245 to 365 days if it determines that it is not practicable to complete the preliminary results within the 245-day period. *See also* section 351.213(h)(2) of the Department's regulations.

In this administrative review, the Department finds that additional time is required to collect the necessary information to corroborate the statements of two respondents who reported that they did not have any shipments of the subject merchandise during the period of review. Following our normal practice, the Department has requested entry information from U.S. Customs and Border Protection (CBP). We have also asked both respondents to answer questions concerning their shipments during the period of review. Recently, we have also requested additional, more detailed information from CBP, which is not immediately available. After we receive the information from the respondents and CBP, the Department will need time to analyze it and reach a decision.

For these reasons, the Department has determined that it is not practicable to complete the preliminary results of this review within the original time period. Consequently, we are extending the time for the completion of the preliminary results of this review until no later than August 31, 2005, which is 365 days from the last day of the anniversary month of the date of publication of the order. The deadline for the final results of this administrative review continues to be 120 days after the publication of the preliminary results.

This notice is issued and published in accordance with section 751(a)(3)(A) of the Act.

Dated: April 28, 2005.

Barbara E. Tillman,

Acting Deputy Assistant Secretary for Import Administration.

DEPARTMENT OF COMMERCE

International Trade Administration

The Manufacturing Council: Meeting of The Manufacturing Council

AGENCY: International Trade Administration, U.S. Department of Commerce.

ACTION: Notice of change of location for public meeting.

SUMMARY: The Manufacturing Council will hold a full Council meeting to discuss topics related to the state of manufacturing. The location within the Cannon House Office Building has been changed to Room 210. The Manufacturing Council is a Secretarial Board at the Department of Commerce, established to ensure regular communication between Government and the manufacturing sector. This will be the fourth meeting of The Manufacturing Council and will include updates by the Council's three subcommittees. For information about the Council, please visit the Manufacturing Council Web site at: <http://www.manufacturing.gov/council.htm>.

DATES: May 11, 2005.

TIME: 10:15 a.m.

ADDRESSES: 210 Cannon House Office Building, Washington, DC 20515.

This program is physically accessible to people with disabilities.

FOR FURTHER INFORMATION CONTACT: The Manufacturing Council Executive Secretariat, Room 4043, Washington, DC 20230 (Phone: 202-482-1369). The Executive Secretariat encourages interested parties to refer to The Manufacturing Council Web site (<http://www.manufacturing.gov/council/>) for the most up-to-date information about the meeting and the Council.

Dated: May 2, 2005.

Sam Giller,

Executive Secretary, The Manufacturing Council.
