

endangered or threatened based on one or more of the following five factors:

A. The present or threatened destruction, modification, or curtailment of its habitat or range;

B. Overutilization for commercial, recreational, scientific, or educational purposes;

C. Disease or predation;

D. The inadequacy of existing regulatory mechanisms; or

E. Other natural or manmade factors affecting its continued existence.

Section 4(a)(1) of the Act requires that our determination be made on the basis of the best scientific and commercial data available.

What Could Happen as a Result of This Review?

If we find that there is new information concerning any of these 25 species indicating that a change in classification may be warranted, we may propose a new rule that could do one of the following: (a) Reclassify the species from endangered to threatened (downlist); (b) reclassify the species from threatened to endangered (uplist); or (c) delist the species. If we determine that a change in classification is not warranted, then these species will remain on the List under their current status.

Public Solicitation of New Information

We request any new information concerning the status of these 25 species. See "What information is considered in the review?" heading for specific criteria. Information submitted should be supported by documentation such as maps, bibliographic references, methods used to gather and analyze the data, and/or copies of any pertinent publications, reports, or letters by knowledgeable sources. Our practice is to make comments, including names/home addresses of respondents, available for public review. Individual respondents may request that we withhold their home addresses from the supporting record, which we will honor to the extent allowable by law. There may be circumstances in which we may withhold from the supporting record a respondent's identity, as allowable by law. If you wish to withhold your name and/or address, you must state this prominently at the beginning of your comment. We will not consider anonymous comments, however, we will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

Authority

This document is published under the authority of the Endangered Species Act (16 U.S.C. 1531 *et seq.*).

Dated: May 13, 2005.

Cynthia K. Dohner,

Acting Regional Director, Southeast Region.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[ES-960-1420-BJ-TRST] ES-053572, Group No. 163, Wisconsin]

Eastern States: Filing of Plat of Survey

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Filing of Plat of Survey; Wisconsin.

SUMMARY: The Bureau of Land Management (BLM) will file the plat of survey of the lands described below in the BLM-Eastern States, Springfield, Virginia, 30 calendar days from the date of publication in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT:

Bureau of Land Management, 7450 Boston Boulevard, Springfield, Virginia 22153. Attn: Cadastral Survey.

SUPPLEMENTARY INFORMATION: This survey was requested by the Bureau of Indian Affairs. The lands we surveyed are:

Fourth Principal Meridian, Wisconsin

T. 51 N., R. 4 W.

The plat of survey represents the dependent resurvey of a portion of the north boundary, a portion of the subdivisional lines, and the survey of the subdivision of section 6, Township 51 North, Range 4 West, Fourth Principal Meridian, Wisconsin, and was accepted June 7, 2005. We will place a copy of the plat we described in the open files. It will be available to the public as a matter of information.

If BLM receives a protest against this survey, as shown on the plat, prior to the date of the official filing, we will stay the filing pending our consideration of the protest.

We will not officially file the plat until the day after we have accepted or dismissed all protests and they have become final, including decisions on appeals.

Dated: June 7, 2005.

Stephen D. Douglas,

Chief Cadastral Surveyor.

DEPARTMENT OF THE INTERIOR

Minerals Management Service

Agency Information Collection Activities: Proposed Collection, Comment Request

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice of a revision of a currently approved information collection (OMB Control Number 1010-0103).

SUMMARY: To comply with the Paperwork Reduction Act (PRA) of 1995, we are inviting comments on a collection of information that we will submit to the Office of Management and Budget (OMB) for review and approval. The information collection request (ICR) is titled "30 CFR Part 202—ROYALTIES, Subpart J—Gas Production From Indian Leases, and Part 206—PRODUCT VALUATION, Subpart B—

Indian Oil, and Subpart E—Indian Gas (Forms MMS-4109, Gas Processing Allowance Summary Report; MMS-4110, Oil Transportation Allowance Report; MMS-4295, Gas Transportation Allowance Report; MMS-4410, Accounting for Comparison [Dual Accounting]; and MMS-4411, Safety Net Report).” The title of this ICR clarifies the regulatory language we are covering under 30 CFR parts 202 and 206, for Indian oil and gas leases, and incorporates relevant portions of six previous ICRs. The six ICRs now consolidated into this ICR were previously titled:

- 1010-0061: 30 CFR Part 206, Subpart B—Indian Oil, § 206.55—Determination of Transportation Allowances (Form MMS-4110, Oil Transportation Allowance Report);
- 1010-0075: 30 CFR Part 206, Subpart E—Indian Gas, § 206.178—How do I determine a transportation allowance? (Form MMS-4295, Gas Transportation Allowance Report), and § 206.180—How do I determine an actual processing allowance? (Form MMS-4109, Gas Processing Allowance Summary Report);
- 1010-0095: 30 CFR Part 206—Product Valuation, Subpart B—Indian Oil, § 206.54; Subpart C—Federal Oil, § 206.109; Subpart D—Federal Gas, §§ 206.156 and 206.158; and Subpart E—Indian Gas, § 206.177 (Form MMS-4393, Request to Exceed Regulatory Allowance Limitation). Only Indian oil and gas citations and burden hours are covered in this ICR. Form MMS-4393 is also used for Federal oil and gas citations and is retained with ICR 1010-0136 (expires May 31, 2006), where most of the burden hours are incurred;
- 1010-0103: 30 CFR Part 206, Subpart E—Indian Gas (Form MMS-4411, Safety Net Report);
- 1010-0104: 30 CFR Part 206, Subpart E—Indian Gas, §§ 206.172, 206.173, and 206.176 (Form MMS-4410, Accounting for Comparison [Dual Accounting]); and
- 1010-0138: 30 CFR Part 206, Subpart B, Establishing Oil Value on Royalty Due on Indian Leases.

DATES: Submit written comments on or before August 15, 2005.

ADDRESSES: Submit written comments to Sharron L. Gebhardt, Lead Regulatory Specialist, Minerals Management Service, Minerals Revenue Management, P.O. Box 25165, MS 302B2, Denver, Colorado 80225. If you use an overnight courier service, our courier address is Building 85, Room A-614, Denver Federal Center, Denver, Colorado 80225. You may also e-mail your comments to us at mrm.comments@mms.gov. Include

the title of the information collection and the OMB control number in the “Attention” line of your comment. Also include your name and return address. Submit electronic comments as an ASCII file, avoiding the use of special characters and any form of encryption. If you do not receive a confirmation that we have received your e-mail, contact Ms. Gebhardt at (303) 231-3211.

FOR FURTHER INFORMATION CONTACT: Sharron L. Gebhardt, telephone (303) 231-3211, FAX (303) 231-3781, or e-mail sharron.gebhardt@mms.gov.

SUPPLEMENTARY INFORMATION:

Title: “30 CFR Part 202—ROYALTIES, Subpart J—Gas Production From Indian Leases, and Part 206—PRODUCT VALUATION, Subpart B—Indian Oil, and Subpart E—Indian Gas (Forms MMS-4109, Gas Processing Allowance Summary Report; MMS-4110, Oil Transportation Allowance Report; MMS-4295, Gas Transportation Allowance Report; MMS-4410, Accounting for Comparison [Dual Accounting]; and MMS-4411, Safety Net Report).”

OMB Control Number: 1010-0103.

Bureau Form Number: Forms MMS-4109, MMS-4110, MMS-4295, MMS-4410, and MMS-4411.

Abstract: The Secretary of the U.S. Department of the Interior is responsible for collecting royalties from lessees who produce minerals from leased Federal and Indian lands. The Secretary is required by various laws to manage mineral resources production on Federal and Indian lands, collect the royalties due, and distribute the funds in accordance with those laws.

The Secretary also has a trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. The MMS performs the royalty management functions and assists the Secretary in carrying out the Department’s trust responsibility for Indian lands.

Applicable Citations

Applicable citations of the laws pertaining to mineral leases on Indian lands include 25 U.S.C. 396d (Chapter 12—Lease, Sale or Surrender of Allotted or Unallotted Lands); 25 U.S.C. 2103 (Indian Mineral Development Act of 1982); and Public Law 97-451—Jan. 12, 1983 (Federal Oil and Gas Royalty Management Act of 1982 [FOGRMA]). The CFR citations we are covering in this ICR are 30 CFR part 202, subpart J; and part 206, subparts B and E.

Background

When a company or an individual enters into a lease to explore, develop,

produce, and dispose of minerals from Federal or Indian lands, that company or individual agrees to pay the lessor a share (royalty) of the value received from production from the leased lands. The lease creates a business relationship between the lessor and the lessee. The lessee is required to report various kinds of information to the lessor relative to the disposition of the leased minerals. Such information is similar to data reported to private and public mineral interest owners and is generally available within the records of the lessee or others involved in developing, transporting, processing, purchasing, or selling of such minerals. The information MMS collects includes data necessary to ensure that the royalties are paid appropriately.

Regulations at 30 CFR part 202, subpart J, govern royalties on gas production from Indian leases. Regulations at 30 CFR part 206, subparts B and E, govern the valuation of oil and gas produced from leases on Indian lands. Indian tribes and individual Indian mineral owners receive all royalties generated from their lands. Determining product valuation is essential to ensure that Indian tribes and individual Indian mineral owners receive payment on the full value of the minerals removed from their lands. Tribal representatives have expressed their concern that the Secretary continue to fulfill all trust and fiduciary duties and ensure that the correct royalty is received from Indian lands. Failure to collect the data described in this information collection could result in the undervaluation of leased minerals on Indian lands.

Indian Oil

Regulations at 30 CFR part 206, subpart B, govern the valuation for royalty purposes of oil produced from Indian oil and gas leases (tribal and allotted) and must be consistent with mineral leasing laws, other applicable laws, and lease terms.

Regulations at 30 CFR 206.52 explain how lessees must determine the value of oil produced from Indian oil and gas leases. Generally, the regulations provide that lessees determine the value of oil, based upon the gross proceeds under an arm’s-length contract, a series of benchmarks under a non-arm’s-length contract, and major portion analysis. These oil valuation methods are eligible for applicable transportation allowances.

Transportation Allowances

Under certain circumstances, the regulations authorize lessees to deduct from royalty payments the reasonable

actual costs of transporting the royalty portion of produced minerals from the lease to a sales point not in the immediate lease area. The MMS verifies transportation allowances during the product valuation verification to determine if the lessee reported and paid the proper royalty amount.

The MMS and tribal personnel use the information collected on Form MMS-4110, Oil Transportation Allowance Report, to evaluate whether the transportation allowances reported and claimed by lessees are within regulatory allowance limitations. The regulations establish a limit on transportation allowance deductions for oil at 50 percent of the value of the oil at the point of sale. To receive a transportation deduction, lessees must submit Form MMS-4110 before or in the same month that they report the transportation allowance on Form MMS-2014, Report of Sales and Royalty Remittance (OMB Control Number 1010-0140, expiration date October 31, 2006). After the initial reporting period and for succeeding reporting periods, lessees must submit page one of Form MMS-4110 (and Schedule 1) within 3 months after the end of the calendar year, or after the applicable contract or rate terminates or is modified or amended, whichever is earlier, unless MMS approves a longer period.

Request To Exceed Regulatory Allowance Limitations for Oil Transportation

The MMS may approve an oil transportation allowance in excess of 50 percent upon proper application from the lessee. To request permission to exceed a regulatory allowance limit, lessees must submit a letter to MMS explaining why a higher allowance limit is necessary and provide supporting documentation, including a completed Form MMS-4393, Request to Exceed Regulatory Allowance Limitation. This form provides MMS with the data necessary to make a decision whether to approve or deny the request and track deductions on royalty reports. Data reported on the form is also subject to subsequent audit and adjustment.

Indian Gas

Regulations at 30 CFR part 206, subpart E, govern the valuation for royalty purposes of natural gas produced from Indian oil and gas leases. The regulations apply to all gas production from Indian oil and gas leases (tribal and allotted), except leases on the Osage Indian Reservation.

Safety Net Reporting

The safety net calculation establishes the minimum value, for royalty purposes, of natural gas production from Indian oil and gas leases. This reporting requirement ensures that Indian lessors receive all royalties due and aids MMS compliance efforts.

The regulations require lessees to submit Form MMS-4411, Safety Net Report, when gas production from an Indian oil or gas lease is sold beyond the first index pricing point. The lessee submits safety net prices, for the previous calendar year, to MMS annually (by June 30) using this form.

Dual Accounting

Most Indian leases contain the requirement to perform accounting for comparison (dual accounting) for gas produced from the lease. Lessees must elect to perform actual dual accounting as defined in 30 CFR 206.176 or alternative dual accounting as defined in 30 CFR 206.173.

According to 30 CFR 206.176, dual accounting is defined as the greater of the following two values:

- (1) The value of gas prior to processing, less any applicable allowances, or
- (2) The combined value of residue gas and gas plant products resulting from processing the gas, less any applicable allowances, plus any drip condensate associated with the processed gas recovered downstream of the point of royalty settlement, without resorting to processing, less applicable allowances.

Lessees use Form MMS-4410, Accounting for Comparison [Dual Accounting], to certify that dual accounting is not required on an Indian lease or to make an election for actual or alternative dual accounting for Indian leases.

Form MMS-4410 (Part A), Certification for Not Performing Dual Accounting, requires lessees to identify the MMS-designated areas where the leases are located and provide specific justification for not performing dual accounting. Part A is a one-time notification, until any changes occur in gas disposition. Part A lists the following acceptable reasons for not performing dual accounting: (1) The lease terms do not require dual accounting; (2) none of the gas from the lease is ever processed; (3) gas has a Btu content of 1000 Btu's per cubic foot or less at lease's facility measurement point(s); (4) none of the gas from the lease is processed until after gas flows into a pipeline with an index located in an index zone; and (5) none of the gas from the lease is processed until after

gas flows into a mainline pipeline not located in an index zone.

Form MMS-4410 (Part B), Election to Perform Actual Dual Accounting or Alternative Dual Accounting, allows MMS to collect the lessee's elections to perform actual dual accounting or alternative dual accounting. A lessee makes an election by checking either the actual or alternative dual accounting box for each MMS-designated area where its leases are located. Part B also includes the lessee's lease prefixes within each MMS-designated area to assist lessees in making the appropriate election. The election to perform actual or alternative dual accounting applies to all of a lessee's Indian leases in each MMS-designated area. The first election to use the alternative dual accounting is effective from the time of election through the end of the following calendar year. Thereafter, each election to use the alternative dual accounting methodology must remain in effect for 2 calendar years. However, lessees may return to the actual dual accounting methodology only at the beginning of the next election period or with written approval from MMS and the tribal lessors for tribal leases, and from MMS for Indian allotted leases in the MMS-designated area (30 CFR 206.173(a)).

Transportation Allowances

Under certain circumstances, lessees are authorized to deduct from royalty payments the reasonable actual costs of transporting the royalty portion of produced minerals from the lease to a processing or sales point not in the immediate lease area. Transportation allowances are part of the product valuation process MMS uses to determine if the lessee is reporting and paying the proper royalty amount.

The MMS and tribal personnel use the information collected on Form MMS-4295, Gas Transportation Allowance Report, to evaluate whether the non-arm's-length or no contract transportation allowances reported and claimed by lessees are reasonable, actual costs and are within regulatory allowance limitations. To take a non-arm's-length transportation deduction, a lessee must submit Form MMS-4295 within 3 months after the end of the 12-month period to which the allowance applies. The regulations establish a limit on transportation allowance deductions for gas at 50 percent of the value of the gas at the point of sale.

Request To Exceed Regulatory Allowance Limitation for Gas Transportation

The MMS may approve a gas transportation allowance in excess of 50

percent upon proper application from the lessee. To request permission to exceed a regulatory allowance limit, lessees must submit a letter to MMS explaining why a higher allowance limit is necessary and provide supporting documentation, including a completed Form MMS-4393, Request to Exceed Regulatory Allowance Limitation. This form provides MMS with the data necessary to make a decision whether to approve or deny the request and track deductions on royalty reports. Data reported on the form is also subject to subsequent audit and adjustment.

Processing Allowances

When gas is processed for the recovery of gas plant products, lessees may claim a processing allowance. The MMS normally accepts the cost as stated in the lessee's arm's-length processing contract as being representative of the cost of the processing allowance. In those instances where gas is being processed through a lessee-owned plant, the lessee must base processing costs on the actual plant operating and maintenance expenses, depreciation, and a reasonable return on investment. The allowance is expressed as a cost per

unit of individual gas plant products. Lessees may take processing allowances as a deduction from royalty payments.

The MMS and tribal personnel use the information collected on Form MMS-4109, Gas Processing Allowance Summary Report, to evaluate whether the non-arm's-length or no contract processing allowances reported and claimed by lessees are reasonable, actual costs and are within regulatory allowance limitations. To take a non-arm's-length processing deduction, lessees must submit Form MMS-4109 within 3 months after the end of the 12-month period to which the allowance applies. The regulations establish a limit of 66 2/3 percent of the value of each gas plant product as an allowable gas processing deduction.

Summary

The MMS is requesting OMB's approval to continue to collect this information. Not collecting this information would limit the Secretary's ability to discharge his/her duties and may also result in loss of royalty payments to Indian tribes and individual Indian mineral owners.

Proprietary information submitted to MMS under this collection is protected, and no items of a sensitive nature are collected.

In some cases the requirement to respond is mandatory, such as reporting royalty values or declaring the type of dual accounting election the lessee chooses to perform. In other cases, it is voluntary, such as asking permission to exceed a transportation allowance limit. For example, a lessee can request, but is not required to apply for, a transportation allowance deduction in excess of the regulatory limits. However, if no request is made, the transportation limitation is set by regulation.

Frequency of Response: Annually, monthly, and on occasion.

Estimated Number and Description of Respondents: 125 Indian lessees/lessors.

Estimated Annual Reporting and Recordkeeping "Hour" Burden: 1,285 hours.

We have not included in our estimates certain requirements performed in the normal course of business and considered usual and customary. The following chart shows the estimated burden hours by CFR section and paragraph:

RESPONDENTS' ESTIMATED ANNUAL BURDEN HOURS

206—PRODUCT VALUATION
Subpart E—Indian Gas

206.172(b)(1)(ii)	How do I value gas produced from leases in an index zone? (b) Valuing residue gas and gas before processing. (1)(ii) Gas production that you certify on Form MMS-4410, * * * is not processed before it flows into a pipeline with an index but which may be processed later * * * (Part A of Form MMS-4410)	4	25	100
206.172(e)(6)(i) and (iii).	How do I value gas produced from leases in an index zone? (e) Determining the minimum value for royalty purposes of gas sold beyond the first index pricing point. (6)(i) You must report the safety net price for each index zone to MMS on Form MMS-4411, Safety Net Report, no later than June 30 following each calendar year; * * * (iii) MMS may order you to amend your safety net price within one year from the date your Form MMS-4411 is due or is filed, whichever is later. * * *	3	20	60
206.172(b)(1)(ii)	How do I value gas produced from leases in an index zone? (e) Determining the minimum value for royalty purposes of gas sold beyond the first index pricing point. (6)(ii) You must pay and report on Form MMS-2014 additional royalties due no later than June 30 following each calendar year * * *	Burden covered under OMB Control Number 1010-0140 (expires 10/31/2006). Burden covered under § 210.52.		
206.172(f)(1)(ii), (f)(2), and (f)(3).	How do I value gas produced from leases in an index zone? (f) Excluding some or all tribal leases from valuation under this section. (1) An Indian tribe may ask MMS to exclude some or all of its leases from valuation under this section * * * (ii) If an Indian tribe requests exclusion from an index zone for less than all of its leases, MMS will approve the request only if the excluded leases may be segregated into one or more groups based on separate fields within the reservation. (2) An Indian tribe may ask MMS to terminate exclusion of its leases from valuation under this section. * * *. (3) The Indian tribe's request to MMS under either paragraph (f)(1) or (2) of this section must be in the form of a tribal resolution. * * *	40	1	40
206.173(a)(1)	How do I calculate the alternative methodology for dual accounting? (a) Electing a dual accounting method. (1) * * * You may elect to perform the dual accounting calculation according to either § 206.176(a) (called actual dual accounting), or paragraph (b) of this section (called the alternative methodology for dual accounting). (Part B of Form MMS-4410)	2	35	70
206.173(a)(1)	How do I calculate the alternative methodology for dual accounting? (a) electing a dual accounting method. (2) You must make a separate election to use the alternative methodology for dual accounting for your Indian leases in each MMS-designated area. * * *	Burden covered under § 206.173(a)(1).		

RESPONDENTS' ESTIMATED ANNUAL BURDEN HOURS—Continued

30 CFR	Reporting and recordkeeping requirements ¹	Hour burden	Average number of annual responses	Annual burden hours
206.174(a)(4)(ii)	(Part B of Form MMS-4410) How do I value gas production when an index-based method cannot be used? (a) Situations in which on index-based method cannot be used. (4)(ii) If the major portion value is higher, you must submit an amended Form MMS-2014 to MMS by the due date specified in the written notice from MMS of the major portion value. * * *	Burden covered under OMB Control Number 1010-0140 (expires 10/31/2006). Burden covered under § 210.52.		
206.174(b)(1)(i) and (iii); (b)(2); (d)(2)	How do I value gas production when an index-based methods cannot be used? (b) Arm's-length contracts. (1)(i) You have the burden of demonstrating that your contract is arm's-length. * * * (iii) * * * In these circumstances, MMS will notify you and give you an opportunity to provide written information justifying your value. * * * (b)(2) MMS may require you to certify that your arm's-length contract provisions include all of the consideration the buyer pays, either directly or indirectly, for the gas, residue gas, or gas plant produce. (d) Supporting data (2) You must make all such data available upon request to the authorized MMS or Indian representatives, to the Office of the Inspector General of the Department, or other authorized persons. * * *	PRODUCE RECORDS The ORA determined that the audit process is not covered by the PRA because MMS staff asks non-standard questions to resolve exceptions.		
206.174(f)	How do I value gas production when an index-based method cannot be used? (f) Value guidance. You may ask MMS for guidance in determining value. You may propose a valuation methods to MMS. Submit all available data related to your proposal and any additional information MMS deems necessary. * * *	40	1	40
206.175(d)(4)	How do I determine quantities and qualities of production for computing royalties? (d)(4) You may request MMS approval of other methods for determining the quality of residue gas and gas plant products allocable to each lease. * * *	20	1	20
206.176(b)	How do I perform accounting for comparison? (b) If you are required to account for comparison, you may elect to use the alternative dual accounting methodology provided for in § 206.173 instead of the provision in paragraph (a) of this section.	Burden covered under § 206.173.(a)(1).		
206.176(c)	(Part B of Form MMS-4410) How do I perform accounting for comparison? (c) * * * If you do not perform dual accounting, you must certify to MMS that gas follows into such a pipeline before it is processed. (Part A of Form MMS-4410)	Burden covered under § 206.172(b)(1)(ii).		

Transportation Allowances

206.177(c)(2) and (c)(3).	What general requirements regarding transportation allowances apply to me? (c)(2) If you ask MMS, MMS may approve a transportation allowance deduction in excess of the limitation in paragraph (c)(1) of this section. * * *	4.25	1	4.25
	(3) Your application for exception (using Form MMS-4393, Request to Exceed Regulatory Allowance Limitation) must contain all relevant and supporting documentation necessary for MMS to make a determination.	4.25	1	4.25
206.178(a)(1)(i)	How do I determine a transportation allowance? (a) Determining a transportation allowance under an arm's-length contract. (1)(i) * * * You are required to submit to MMS a copy of your arm's-length transportation contract(s) and all subsequent amendments to the contract(s) within 2 months of the date MMS receives your report which claims the allowance on Form MMS-2014.	1	50	50

206.181(c)	How do I establish processing costs for dual accounting purposes when I do not process the gas? (c) A proposed comparable processing fee submitted to either the tribe and MMS (for tribal leases) or MMS (for allotted leases) with your supporting documentation submitted to MMS. If MMS does not take action on your proposal within 120 days, the proposal will be deemed to be denied and subject to appeal to the MMS Director under 30 CFR part 290.	40	1	40
Total Burden	212	² 1,285

¹ Recordkeeping burden hours for §§ 206.52(e)(1) and 206.174(d) will be covered under ICR 1010–0140 (expires October 31, 2006) because they apply to Form MMS–2014, Report of Sales and Royalty Remittance.

² Total estimated annual burden hours = 1,284.50, which we rounded up to 1,285.

Estimated Annual Reporting and Recordkeeping “Non-hour Cost” Burden: We have identified no “non-hour” cost burdens.

Public Disclosure Statement: The PRA (44 U.S.C. 3501 *et seq.*) provides that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Comments: Before submitting an ICR to OMB, PRA Section 3506(c)(2)(A) requires each agency “* * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *.” Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the

information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

The PRA also requires agencies to estimate the total annual reporting “non-hour cost” burden to respondents or recordkeepers resulting from the collection of information. We have not identified non-hour cost burdens for this information collection. If you have costs to generate, maintain, and disclose this information, you should comment and provide your total capital and startup cost components or annual operation, maintenance, and purchase of service components. You should describe the methods you use to estimate major cost factors, including system and technology acquisition, expected useful life of capital equipment, discount rate(s), and the period over which you incur costs. Capital and startup costs include, among other items, computers and software you purchase to prepare for collecting information; monitoring,

sampling, and testing equipment; and record storage facilities. Generally, your estimates should not include equipment or services purchased: (i) Before October 1, 1995; (ii) to comply with requirements not associated with the information collection; (iii) for reasons other than to provide information or keep records for the Government; or (iv) as part of customary and usual business or private practices.

We will summarize written responses to this notice and address them in our ICR submission for OMB approval, including appropriate adjustments to the estimated burden. We will provide a copy of the ICR to you without charge upon request. The ICR also will be posted on our Web site at http://www.mrm.mms.gov/Laws_R_D/FRNotices/FRInfColl.htm.

Public Comment Policy: We will post all comments in response to this notice on our Web site at http://www.mrm.mms.gov/Laws_R_D/FRNotices/FRInfColl.htm. We also will make copies of the comments available for public review, including names and

addresses of respondents, during regular business hours at our offices in Lakewood, Colorado. Upon request, we will withhold an individual respondent's home address from the public record, as allowable by law. There also may be circumstances in which we would withhold from the rulemaking record a respondent's identity, as allowable by law. If you request that we withhold your name and/or address, state your request prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

construction castings (both heavy and light) from Brazil and China would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

Background

The Commission instituted these reviews on October 1, 2004 (69 FR 58952) and determined on January 4, 2005 that it would conduct expedited reviews (70 FR 7967).

The Commission transmitted its determinations in these reviews to the Secretary of Commerce on June 7, 2005. The views of the Commission are contained in USITC Publication 3781 (June, 2005), entitled Certain Iron Construction Castings from Brazil, Canada, and China: Investigation Nos. 701-TA-249 and 731-TA-262, 263, and 265 (Second Review).

By order of the Commission.

Dated: Issued: June 8, 2005.

Marilyn R. Abbott,

Secretary to the Commission.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-249 and 731-TA-262, 263, and 265 (Second Review)]

Certain Iron Construction Castings From Brazil, Canada, and China

Determinations

On the basis of the record¹ developed in the subject five-year review, the United States International Trade Commission (Commission) determines, pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. 1675(c)) (the Act), that revocation of the countervailing duty order on heavy iron construction castings from Brazil would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. The Commission also determines that renovation of the antidumping duty order on heavy iron construction castings from Canada would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. The Commission further determines that revocation of the antidumping duty orders on iron

¹ The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

NUCLEAR REGULATORY COMMISSION

Agency Information Collection Activities: Proposed Collection: Comment Request

AGENCY: U.S. Nuclear Regulatory Commission (NRC).

ACTION: Notice of pending NRC action to submit an information collection request to OMB and solicitation of public comment.

SUMMARY: The NRC is preparing a submittal to OMB for review of continued approval of information collections under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35).

Information pertaining to the requirement to be submitted:

1. *The title of the information collection:* NRC Form 483, "Registration Certificate—in vitro Testing with Byproduct Material Under General License".

2. *Current OMB approval number:* 3150-0038.

3. *How often the collection is required:* There is a one-time submittal of information to receive a validated copy of NRC Form 483 with an assigned registration number. In addition, any changes in the information reported on NRC Form 483 must be reported in writing to the Commission within 30
