

supplementary submissions) to the Agency, as outlined above. Though similar in file content, the paper collections held by the EPA contractor in Silver Spring may differ from those maintained by the applicable Regional office.

(3) Records on various isolated electronic systems developed and operated by individual EPA Regional offices under their own initiative for local use. These electronic records are maintained separately from the main central server at RTP, and have been created solely by and for the use of the applicable Regional office.

- **Retrieving**

Records may be retrieved by referencing an individual's name, application ID number, applicant ID number, or program activity.

- **Safeguarding Access**

Physical access to the electronic data system housed within the facility at RTP is controlled by a computerized badge reading system, with the complex patrolled by security during non-business hours. All users are provided a unique user identification (ID) with personal identifiers. All interactions between the system and the authorized individual users are recorded through use of a card reader and tracking database. Paper records stored at the EPA contractor facility in Silver Spring are protected by computerized badge-reading security systems, with files maintained in locked file drawers. Records stored at EPA Regional offices are secured through building security with computerized badge-reading systems.

- **Retaining and Disposing**

EPA will retain and dispose of these records in accordance with the EPA Records Schedule 089 and the National Archives and Records Administration General Records Schedule 23/8. Application records maintained in the system are deleted/destroyed 2 years after the date of the last entry.

Emergency Clearance: Public Information Collection Requirements Submitted to the Office of Management and Budget (OMB)

AGENCY: Center for Medicare and Medicaid Services, HHS.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Centers for Medicare and Medicaid Services (CMS), Department of Health and Human Services, is publishing the following summary of proposed collections for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

We are, however, requesting an emergency review of the information collection referenced below. In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, we have submitted to the Office of Management and Budget (OMB) the following requirements for emergency review. We are requesting an emergency review because the collection of this information is needed before the expiration of the normal time limits under OMB's regulations at 5 CFR part 1320. This is necessary to ensure compliance with an initiative of the Administration. We cannot reasonably comply with the normal clearance procedures, because of a possible public harm that will ensue from delay or denial of access to the new Eligibility verification process described in this notice.

The Centers for Medicare and Medicaid Services (CMS) is requesting that a paperwork Reduction Act (PRA) package for a new CMS Real-Time Eligibility Agreement and Access Request form be processed under the emergency clearance process. The approval of this data collection process is essential in order to support the necessary national database and infrastructure to process Health Insurance Portability and Accountability Act of 1996 (HIPAA) compliant health care eligibility inquiries (270) and responses (271) in a real-time basis.

CMS is requiring that trading partners who wish to conduct the eligibility transaction on a real-time basis to access Medicare beneficiary information provide certain assurances as a condition of receiving access to the Medicare database for the purpose of conducting eligibility verification. Health care providers, clearinghouses, and health plans that wish to access the Medicare database are required to complete the access request form. The information will be used to assure that those entities that access the Medicare database are aware of applicable provisions and penalties.

CMS is requesting OMB review and approval of this collection by July 1, 2005, with a 180-day approval period. Written comments and recommendation will be accepted from the public if received by the individuals designated below by June 28, 2005.

To obtain copies of the supporting statement and any related forms for the proposed paperwork collections referenced above, access CMS' Web site address at <http://www.cms.hhs.gov/regulations/prs> or e-mail your request, including your address, phone number, OMB number, and CMS document identifier, to Paperwork@cms.hhs.gov, or call the Reports Clearance Office on (410) 786-1326.

Interested persons are invited to send comments regarding the burden or any other aspect of these collections of information requirements. However, as noted above, comments on these information collection and recordkeeping requirements must be mailed and/or faxed to the designees referenced below by June 28, 2005:

Centers for Medicare and Medicaid Services, Office of Strategic Operations and Regulatory Affairs, Room C5-13-27, 7500 Security Boulevard, Baltimore, MD 21244-1850. *Fax Number:* (410) 786-0262, Attn: William N. Parham, III, CMS-10157; and
OMB Human Resources and Housing Branch, Attention: Christopher

Martin, New Executive Office Building, Room 10235, Washington, DC 20503.

Dated: June 3, 2005.

Jim L. Wickliffe,

CMS Reports Clearance Officer, Regulations Development Group, Office of Strategic Operations and Regulatory Affairs.

Emergency Clearance: Public Information Collection Requirements Submitted to the Office of Management and Budget (OMB)

AGENCY: Center for Medicare and Medicaid Services, HHS.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Centers for Medicare and Medicaid Services (CMS), Department of Health and Human Services, is publishing the following summary of proposed collections for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

We are, however, requesting an emergency review of the information collection referenced below. In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, we have submitted to the Office of Management and Budget (OMB) the following requirements for emergency review. We are requesting an emergency review because the collection of this information is needed before the expiration of the normal time limits under OMB's regulations at 5 CFR part 1320. This is necessary to ensure compliance with an initiative of the Administration. We cannot reasonably comply with the normal clearance procedures the use of normal clearance

procedures is reasonably likely to cause a statutory deadline to be missed.

The Centers for Medicare & Medicaid Services (CMS) is seeking approval to collect information from beneficiaries, providers, physicians, or suppliers on health insurance coverage that is primary to Medicare. Collecting this information allows CMS to identify those Medicare beneficiaries who have other group health insurance that would pay before Medicare, safeguarding the Medicare Trust Fund. The annual savings from the Medicare Secondary Payer (MSP) program for Parts A and B are more than \$4.5 billion per year. With the impending implementation of Medicare Part D under the Medicare Prescription Drug, Modernization and Improvement Act of 2003 (MMA), a new approval is needed in order to include prescription drug-related questions on the already-approved MSP collections and increase the savings to the Medicare Trust Fund.

CMS is requesting OMB review and approval of this collection by July 15, 2005, with a 180-day approval period. Written comments and recommendation will be accepted from the public if received by the individuals designated below by June 11, 2005.

To obtain copies of the supporting statement and any related forms for the proposed paperwork collections referenced above, access CMS' Web site address at <http://www.cms.hhs.gov/regulations/prs> or e-mail your request, including your address, phone number, OMB number, and CMS document identifier, to Paperwork@cms.hhs.gov, or call the Reports Clearance Office on (410) 786-1326.

Interested persons are invited to send comments regarding the burden or any other aspect of these collections of information requirements.
