DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Agency Information Collection Activities Under OMB Review; Comment Request

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of renewal of currently approved collection (OMB No. 1006–0023).

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces the following Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and comment: Limited Recipient Identification Sheet and Trust Information Sheet, 43 CFR part 426, OMB Control Number: 1006–0023. As a result of Reclamation's activities to fully implement the acreage limitation provisions applicable to public entities (43 CFR 426.10 and the Act of July 7, 1970, Pub. L. 91–310), a new ''Public Entity Information Sheet'' (Form 7–2565) has been developed for approval as part of this information collection. The ICR describes the nature of the information collection and its expected cost and burden.

DATES: Your comments must be received on or before August 4, 2005.

ADDRESSES: You may send comments regarding the burden estimate, or any other aspect of the information collection, including suggestions for reducing the burden, to the Desk Officer for the Department of the Interior at the Office of Management and Budget, Office of Information and Regulatory Affairs, via facsimile to (202) 395–6566 or e-mail to *OIRA_DOCKET@omb.eop.gov.* A copy of your comments should also be directed to the Bureau of Reclamation, Attention: D–5300, PO Box 25007, Denver, CO 80225–0007.

FOR FURTHER INFORMATION CONTACT: For further information or a copy of the proposed forms contact Stephanie McPhee, D–5300, PO Box 25007, Denver, CO 80225–0007; or by telephone: (303) 445–2897.

SUPPLEMENTARY INFORMATION:

Title: Limited Recipient Identification Sheet, Trust Information Sheet, and Public Entity Information Sheet for Acreage Limitation, 43 CFR part 426 and the Act of July 7, 1970, Public Law 91–310.

Abstract: Identification of limited recipients—Some entities that receive Reclamation irrigation water may believe themselves to be under the Reclamation Reform Act of 1982 (RRA) forms submittal threshold and consequently, may not submit the appropriate RRA form(s). However, some of these entities may in fact have a different RRA forms submittal threshold than what they believe it to be due to the number of natural persons benefitting from each entity. In addition, some entities that are exempt from the requirement to submit RRA forms due to the size of their landholdings (directly and indirectly owned and leased land) may in fact be receiving Reclamation irrigation water for which the full-cost rate must be paid because the entity first started to receive Reclamation irrigation water deliveries after October 1, 1981 [43 CFR 426.6(b)(2)]. The information obtained through completion of the Limited Recipient Identification Sheet allows the Bureau of Reclamation (we, our, or us) to establish entities' compliance with Federal reclamation law. The Limited Recipient Identification Sheet is disbursed at our discretion.

Trust review—We are required to review and approve all trusts [43 CFR part 426.7(b)(2)] in order to ensure trusts meet the regulatory criteria specified in 43 CFR part 426.7. Land held in trust generally will be attributed to the beneficiaries of the trust rather than the trustee if the regulatory criteria are met. When we become aware of trusts with a relatively small landholding (40 acres or less), we may extend to those trusts the option to complete and submit for our review the proposed Trust Information Sheet instead of actual trust documents. If we find nothing on the completed, Trust Information Sheet that would warrant the further investigation of a particular trust, that trustee will not be burdened with submitting trust documents to us for in-depth review. The Trust Information Sheet is disbursed at our discretion.

Acreage limitation provisions applicable to public entities—Land farmed by a public entity can be considered exempt from the application of the acreage limitation provisions provided the public entity meets certain criteria pertaining to the revenue generated through the entity's farming activities (43 CFR 426.10 and the Act of July 7, 1970, Pub. L. 91–310). We are required to ascertain whether or not public entities that receive Reclamation irrigation water meet such revenue criteria regardless of how much land the public entities hold (directly or indirectly own or lease) [43 CFR 426.10(a)]. In order to minimize the burden on public entities, standard RRA forms are submitted by a public entity only when the public entity holds more than 40 acres, which makes it difficult to apply the revenue criteria as required to those public entities that hold less than 40 acres. A new ''Public Entity Information Sheet'' (Form 7–2565) has been developed for approval as part of this information collection. The information obtained through completion of Form 7–2565 allows us to establish compliance with Federal reclamation law for those public entities that hold less than 40 acres and thus do not submit a standard RRA form because they are below the RRA forms submittal threshold. In addition, for those public entities that do not meet the exemption criteria, we must determine the proper rate to charge for Reclamation irrigation water deliveries. There is anticipated to be a very minimal increase in burden hours resulting from the addition of this form because of the very limited type of landholders that can use this form (*i.e.*, only those public entities that hold less than 40 acres). The Public Entity Information Sheet is disbursed at our discretion and will be effective starting in the 2006 water year. Because of the addition of this proposed new form to this information collection, we also propose that the title of this information collection be changed to ''Forms for Certain Landholders That Hold Less Than 40 Acres for Acreage Limitation.'' This change in title will allow us to capture the purpose of the forms in this information collection without listing lengthy form names.

Changes to the RRA forms and the instructions to those forms.

Several proposed changes were made to the current forms, and the proposed new form, prior to the 60-day comment period initiated by the notice published in the **Federal Register** on February 1, 2005 (70 FR 5221, Feb. 1, 2005). Those changes were designed to increase the respondents' understanding of the forms and how to complete them. Comments resulting from the 60-day comment period consisted of minor language revisions and layout revisions to specific areas of the forms. Changes based on the comments received were made when the changes resulted in increased clarity and increased correctness of the forms and the corresponding instructions. All other changes that were made are editorial or typographical in nature. The proposed revisions to the forms will be included starting in the 2006 water year.

Frequency: Generally, these forms will be submitted once per identified entity, trust, or public entity. Each year, we expect new responses in accordance with the following numbers.

Respondents: Entity landholders, trusts, and public entities identified by Reclamation that are subject to the acreage limitation provisions of Federal reclamation law.

Estimated Total Number of Respondents: 425.

Estimated Number of Responses per Respondent: 1.00.

Estimated Total Number of Annual Responses: 425.

Estimated Total Annual Burden on Respondents: 52 hours.

Estimate of Burden for Each Form:

Form No.	Estimated number of respondents	Frequency of response	Total annual responses	Burden estimate per form (in minutes)	Total burden hours
Limited Recipient Identification Sheet	175	1.00	175	5	15
Trust Information Sheet	150	1.00	150	5	12
Public Entity Information Sheet	100	1.00	100	15	25
Total	425	1.00	425	....	52

Certain Stainless Steel Plate From Belgium, Canada, Italy, Korea, South Africa, and Taiwan

Determinations

On the basis of the record [1] developed in the subject five-year reviews, the United States International Trade Commission (Commission) determines, pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. 1675(c)) (the Act), that revocation of the countervailing duty orders on certain stainless steel plate from Belgium, Italy, and South Africa and that revocation of the antidumping duty orders on certain stainless steel plate from Belgium, Italy, Korea, South Africa, and Taiwan would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.[2] The Commission further determines, pursuant to section 751(c) of the Act, that revocation of the antidumping duty order on certain stainless steel plate from Canada would not be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.[3]

Background

The Commission instituted these reviews on April 1, 2004 (69 FR 17235) and determined on July 6, 2004 that it would conduct full reviews (69 FR 45076, July 28, 2004). Notice of the scheduling of the Commission's reviews and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** on September 3, 2004 (69 FR 53946).[4] The hearing was held in Washington, DC, on March 30, 2005, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determinations in these reviews to the Secretary of Commerce on June 21, 2005. The views of the Commission are contained in USITC Publication 3784 (June 2005), entitled Certain Stainless Steel Plate from Belgium, Canada, Italy, Korea, South Africa, and Taiwan: Investigations Nos. 701–TA–376, 377, & 379 and 731–TA–788–793 (Review).
