DEPARTMENT OF EDUCATION

Office of Vocational and Adult Education, Department of Education; Notice of Funding of Continuation Grants and Waiver for the Career Resources Network (CRN) Program

SUMMARY: The Secretary waives the requirements in Education Department General Administrative Regulations, in 34 CFR 75.250, that generally prohibit project periods exceeding five years and announces the funding of continuation grants for the CRNs. This waiver enables the current, eligible CRNs, which implement Statewide, systemic strategies for providing career information resources, to continue to receive Federal funding beyond the five-year limitation.

DATES: This notice is effective July 27, 2005.

FOR FURTHER INFORMATION CONTACT: Sharon A. Jones, U.S. Department of Education, 400 Maryland Avenue, SW., room 11108, Potomac Center Plaza, Washington, DC 20202-7120. Telephone (202) 245-7803.

If you use a telecommunications device for the deaf (TDD), you may call the Federal Relay Service (FRS) at 1-800-877-8339.

Individuals with disabilities may obtain this document in an alternative format (e.g., Braille, large print, audiotape, or computer diskette) on request to the contact person listed under **FOR FURTHER INFORMATION CONTACT**.

SUPPLEMENTARY INFORMATION: Under the Administrative Procedure Act (APA) (5 U.S.C. 553), the Department generally offers interested parties the opportunity to comment on proposed regulations. However, on July 14, 2005, in accordance with section 553(b) of the APA, the Department gave actual notice to all current, eligible CRN grantees of our proposal to waive 34 CFR 75.250 and to fund continuation grants instead of holding a new grant competition, and invited comments on our proposal. This

waiver enables the Secretary to provide additional funds to all current, eligible grantees for additional periods for as long as Congress continues to appropriate funds for the existing statutory program and during any transition to a new statutory authority. There are no substantive differences between the actual notice of our proposal and this notice of funding of continuation grants and waiver. Therefore, all affected parties were provided actual notice of the Department's proposal and an opportunity to comment in lieu of publication of a notice of proposed rulemaking in the **Federal Register**.

Comment

In response to the actual notice of proposed funding of continuation grants and waiver, and our invitation to comment, thirteen parties submitted comments supporting the proposed waiver and the proposal to fund continuation grants for all current, eligible grantees. We did not receive any comments opposing the proposed waiver and proposal to fund continuation grants, and, therefore, no substantive changes have been made.

Waiver of Delayed Effective Date

The APA requires that a substantive rule shall be published at least 30 days before its effective date, except as otherwise provided for good cause (5 U.S.C. 553(d)(3)). We provided all 57 affected entities an opportunity to submit comments on the Secretary's proposal to waive 34 CFR 75.250 in order to continue eligible current grants. All comments received supported our proposal. In addition, given the fact that the extension of the project period is only for as long as Congress continues to appropriate funds for the existing statutory program or during a transition to any new statutory authority, and in order to make timely continuation grants to the entities affected, the Secretary has determined that a delayed effective date is unnecessary and contrary to the public interest.

Background

The CRN program supports the implementation of Statewide, systemic strategies for providing career information resources, as authorized by section 118(a) of the Carl D. Perkins Vocational and Technical Education Act of 1998 (Perkins Act) (20 U.S.C. 2328(a)). The Congress is now in the process of reauthorizing the Perkins Act, and we do not believe it would be in the public interest to hold a new competition until Congress concludes that process.
