Issuer Delisting; Notice of Application of The Zweig Fund, Inc. To Withdraw its Common Stock, \$.10 par Value, From Listing and Registration on the Pacific Exchange, Inc.

July 20, 2005.

On June 21, 2005, The Zweig Fund, Inc., a Maryland corporation, ("Issuer"), filed an application with the Securities and Exchange Commission ("Commission"), pursuant to Section 12(d) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 12d2-2(d) thereunder,² to withdraw its common stock, \$.10 par value ("Security"), from listing and registration on the Pacific Exchange, Inc. ("PCX").

On May 10, 2005, the Board of Directors ("Board") of the Issuer approved a resolution to withdraw the Security from listing and registration on PCX. The Board stated that the reason for its decision to withdraw the Security from PCX is that the volume of trading in the Security on PCX has been very modest. The Board determined that the benefits of continued listing on the PCX do not outweigh the incremental costs of the listing fee and administrative time and expense associated with listing on PCX. The Security is currently listed and traded on the New York Stock Exchange, Inc. ("NYSE").

The Issuer stated in its application that it has complied with applicable rules of PCX by providing PCX with the required documents governing the withdrawal of securities from listing and registration on PCX.

The Issuer's application relates solely to the withdrawal of the Security from listing on PCX, and shall not affect its continued listing on NYSE or its obligation to be registered under Section 12(b) of the Act.³

³ On July 28, 2000, the Commission approved a national market system plan for the purpose of creating and operating an intermarket options market linkage ("Linkage") proposed by Amex, CBOE, and ISE. See Securities Exchange Act Release No. 43086 (July 28, 2000), 65 FR 48023 (August 4, 2000). Subsequently, Phlx, PCX, and BSE joined the Linkage Plan. See Securities Exchange Act Release Nos. 43573 (November 16, 2000), 65 FR 70851 (November 28, 2000); 43574 (November 16, 2000), 65 FR 70850 (November 28, 2000); and 49198 (February 5, 2004), 69 FR 7029 (February 12, 2004).

Participants propose to modify the "80/20 Test" to determine limitations on principal order access to Linkage.⁴

I. Description and Purpose of the Proposed Amendment

The purpose of the Joint Amendment is to modify the so-called "80-20 Test" ("Test") contained in Section 8(b)(iii) of the Linkage Plan, which provides that market makers should send Principal Orders through the Linkage on a limited basis and not as a primary aspect of their business.⁵ The Test implements this general principle by prohibiting a market maker from sending Principal Orders in an eligible option class if, in the last calendar quarter, the market maker's Principal Order contract volume is disproportionate to the market maker's contract volume executed against customer orders in its own market.

The Participants believe that applying the Test has resulted in anomalies for market makers with limited volume in an eligible option class. Specifically, if a market maker has very little overall trading volume in an option, the execution of one or two Principal Orders during a calendar quarter could result in the market maker failing to meet the Test. This would bar the market maker from using the Linkage to send Principal Orders for the following calendar quarter. The Participants contend that it was not their intent to bar market makers with limited volume from sending Principal Orders through the Linkage in these circumstances since such trading clearly was not "a primary aspect of their business." Thus, Joint Amendment No. 17 proposes to create a *de minimis* exemption from the Test for market makers that have total contract volume of less than 1000 contracts in an options class for a calendar quarter.

II. Implementation of the Proposed Amendment

The Participants intend to make the Joint Amendment to the Linkage Plan reflected in this filing effective when the Commission approves the Joint Amendment.

III. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether proposed Joint Amendment No. 17 is consistent with

⁴ Specified in Section 8(b)(iii) of the Linkage Plan.

⁵ A Principal Order is an order for the principal account of an eligible market maker that does not relate to a customer order the market maker is holding. See Section 2(16)(b) of the Linkage Plan.
