#### Granular Polytetrafluoroethylene Resin from Japan: Notice of Rescission of Antidumping Duty Administrative Review

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** On May 10, 2005, the Department of Commerce published a notice of intent to rescind an administrative review of the antidumping duty order on granular polytetrafluoroethylene resin from Japan for the period August 1, 2003, through July 31, 2004. The Department did not receive any comments or requests for a public hearing in response to this notice, and we are rescinding this administrative review, pursuant to 19 CFR 351.213(d).

**EFFECTIVE DATE:** August 1, 2005.

**FOR FURTHER INFORMATION CONTACT:**

Dunyako Ahmadu at (202) 482-0198 or

Richard Rimlinger at (202) 482-4477, AD/CVD Operations, Office 5, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

#### SUPPLEMENTARY INFORMATION:

##### Background

On August 28, 1988, the Department of Commerce (the Department) published the antidumping duty order for granular polytetrafluoroethylene (PTFE) resin from Japan. See *Antidumping Duty Order; Granular Polytetrafluoroethylene Resin from Japan*, 53 FR 32267 (August 28, 1988). On August 3, 2004, we published a notice of opportunity to request an administrative review of this order for the period August 1, 2003, through July 31, 2004. See *Notice of Opportunity to Request Administrative Review of Antidumping Duty Order, Finding or Suspended Investigation*, 69 FR 46496 (August 3, 2004). On August 30, 2004, Asahi Glass Fluoropolymers Ltd., a Japanese producer and exporter of the subject merchandise, and AGC Chemicals America, an affiliated U.S. importer of subject merchandise (collectively AGC), made a timely request that the Department conduct an administrative review of AGC. On September 22, 2004, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), the Department published in the **Federal Register** a notice of initiation of this antidumping duty administrative review. See *Notice of Initiation of Antidumping Duty and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 69 FR 56745 (September 22, 2004). On October 8, 2004, the Department issued its antidumping duty questionnaire to AGC.

On November 2, 2004, AGC submitted a letter to the Department indicating that it did not have any shipments or entries of subject merchandise during the period of review but had one U.S. sale of PTFE resin during the period of review. As a result, on November 29, 2004, the Department issued a memorandum recommending rescission of the 2003-2004 administrative review and invited interested parties to comment. See *Memorandum to Barbara E. Tillman, Acting Deputy Assistant Secretary* dated November 29, 2004, (*November 29 Memorandum*). On December 10, 2004, AGC submitted comments in disagreement with the recommendation in the *November 29 Memorandum*. AGC argued that the Department does not have an established practice of conditioning an

administrative review on the existence of entries during the period of review and that the Department's interpretation of 19 CFR 351.213(e) in this instance is inconsistent with the plain meaning of the regulation. AGC also argued that because no review of AGC's sales has occurred since the imposition of the antidumping duty order on August 28, 1988, the 2003-2004 administrative review would determine a more accurate deposit rate and, therefore, the Department should not rescind the administrative review.

On May 10, 2005, the Department published a notice of intent to rescind the 2003-2004 review and invited interested parties to request a hearing or submit case briefs within 20 days of its publication. See *Granular Polytetrafluoroethylene Resin from Japan: Notice of Intent to Rescind Antidumping Duty Administrative Review*, 70 FR 24510 (May 10, 2005). We received no requests for a hearing or submissions of case briefs.

#### Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(3), the Department will rescind an administrative review in whole or only with respect to a particular exporter or producer if we conclude that during the period of review there were "no entries, exports, or sales of the subject merchandise." Contrary to AGC's arguments, the Department's practice, supported by substantial precedent, requires that there be entries during the period of review upon which to assess antidumping duties, irrespective of the export-price or constructed export-price designation of U.S. sales. See, e.g., *Stainless Steel Plate in Coils from Taiwan: Final Rescission of Antidumping Duty Administrative Review*, 68 FR 63067 (November 7, 2003); *Stainless Steel Plate in Coils From Taiwan: Final Rescission of Antidumping Duty Administrative Review*, 69 FR 20859 (April 19, 2004).

Given that AGC had no entries of subject merchandise during the period of review and that AGC has no entry under suspension of liquidation that corresponds to the sale which occurred during the period of review, we would be unable to assess any antidumping duties resulting from this administrative review. See *November 29 Memorandum*. Accordingly, we are rescinding the 2003-2004 administrative review of PTFE resin from Japan pursuant to 19 CFR 351.213(d)(3).

This notice is published in accordance with section 777(i) of the Act and 19 CFR 351.213(d)(4).

Dated: July 22, 2005.

#### Mechanical Transfer Presses from Japan: Final Results of Sunset Review and Revocation of Order

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** On May 2, 2005, the Department of Commerce ("Department") initiated the second sunset review of the antidumping duty order on mechanical transfer presses from Japan (70 FR 22632). Because the domestic interested parties did not participate in this sunset review, the Department is revoking this antidumping duty order.

**EFFECTIVE DATE:** June 21, 2005

**FOR FURTHER INFORMATION CONTACT:**

Jacqueline Arrowsmith or Martha Douthit, AD/CVD Operations, Office 6, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-5255 or (202) 482-5050, respectively.

**SUPPLEMENTARY INFORMATION:**

#### Background

On February 16, 1990, the Department issued antidumping duty order on mechanical transfer presses from Japan (55 FR 5642). On June 1, 1999, the Department initiated a sunset review of this order. The Department later published its notice of continuation of the antidumping duty order. *See* 65 FR 38507 (June 21, 2000).

On May 2, 2005, the Department of Commerce ("Department") initiated the second sunset review of the antidumping duty order on mechanical transfer presses from Japan (70 FR 22632). We did not receive a notice of intent to participate from domestic interested parties in this sunset review by the deadline date. *See* 19 CFR 351.218(d)(1)(iii)(A). As a result, the Department determined that no domestic interested party intends to participate in the sunset review, and on May 27, 2005, we notified the International Trade Commission, in writing, that we intended to issue a final

determination revoking this antidumping duty order. *See* 19 CFR 351.218(d)(1)(iii)(B)(2).

#### Scope of the Order

Imports covered by this antidumping duty order include mechanical transfer presses, currently classifiable under Harmonized Tariff Schedule of the United States (HTSUS) item numbers 8462.10.0035, 8466.94.6540 and 8466.94.8540 and formerly classifiable as 8462.99.8035, 8462.21.8085, and 8466.94.5040. The HTSUS subheadings are provided for convenience and customs purposes only. The written description of the scope of this order is dispositive. The term "mechanical transfer presses" refers to automatic metal-forming machine tools with multiple die stations in which the work piece is moved from station to station by a transfer mechanism designed as an integral part of the press and synchronized with the press action, whether imported as machines or parts suitable for use solely or principally with these machines. These presses may be imported assembled or unassembled.

#### Determination to Revoke

Pursuant to section 751(c)(3)(A) of the Act and 19 CFR 351.218(d)(1)(iii)(B)(3), if no domestic interested party files a notice of intent to participate, the Department shall, within 90 days after the initiation of the review, issue a final determination revoking the order. Because the domestic interested parties did not file a notice of intent to participate in this sunset review, the Department finds that no domestic interested party is participating in this sunset review. Therefore, consistent with 19 CFR 351.222(i)(2)(i) and section 751(c)(6)(A)(iii) of the Act, we are revoking this antidumping duty order effective June 21, 2005, the fifth anniversary of the date the Department published the continuation of the antidumping duty order.

#### Effective Date of Revocation

Pursuant to sections 751(c)(3)(A) and 751(c)(6)(A)(iii) of the Act and 19 CFR 351.222(i)(2)(i), the Department will instruct U.S. Customs and Border Protection to terminate the suspension of liquidation of the merchandise subject to this order entered, or withdrawn from warehouse, on or after June 21, 2005. Entries of subject merchandise prior to the effective date of revocation will continue to be subject to suspension of liquidation and antidumping duty deposit requirements. The Department will complete any pending administrative review of this order and will conduct administrative

review of subject merchandise entered prior to the effective date of revocation in response to appropriately filed requests for review.

This five-year (sunset) review and notice are in accordance with sections 751(c) and 777(i)(1) of the Act.

Dated: July 22, 2005.

#### I. Abstract

The Marine Mammal Protection Act exempts Alaskan natives from the prohibitions on taking, killing, or injuring marine mammals if the taking is done for subsistence or for creating and selling authentic native articles of handicraft or clothing. The natives need no permit, but non-natives who wish to act as a tanner or agent for such native products must register with NOAA and maintain and submit certain records.
