

Notes equal (unless the Index value drops to zero) or exceed the decline in the value of the Index.

The Commission finds good cause for approving Amendment No. 3 before the 30th day after the date of publication of notice of filing thereof in the **Federal Register**. Nasdaq filed Amendment No. 3 solely for purposes of updating figures related to the Index. Because the updated figures are non-controversial and do not raise any concerns about the nature of the Index or the Notes, the Commission finds good cause for accelerating approval of Amendment No. 3 in order to prevent unnecessary delay in the approval of this proposed rule change in its entirety.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of and basis for the proposed rule change, as amended, and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Currently, Closed-End Funds listing on The Nasdaq National Market are required to pay entry and annual fees according to the applicable fee schedules set forth in NASD Rule 4510.⁷ These entry fees range from \$100,000 to \$150,000 and the annual fees from \$15,000 to \$75,000.

Pursuant to the proposed rule change, as amended, the entry fee for listing a Closed-End Fund on the National Market will decrease to \$5,000 (of which \$1,000 is a non-refundable application fee) per fund. Annual fees will be based on the total number of shares outstanding, with a minimum fee of \$15,000 and a maximum fee of \$75,000. For the purposes of determining the annual fee, fund sponsors will be permitted to aggregate the shares outstanding of all Closed-End Funds listed on the Nasdaq National Market that are part of the fund family. As a result, the annual fee may not exceed \$75,000 per fund family. For the purposes of this rule, a "fund family" is defined as two or more Closed-End Funds that share a common investment adviser or investment advisers who are "affiliated persons" as defined in Section 2(a)(3) of the Investment Company Act of 1940, as amended.

Nasdaq believes there are several reasons to adopt new fees applicable to Closed-End Funds. First, the new annual fee schedule will accommodate

the needs of fund sponsors more effectively than the current fee schedule because sponsors often choose to issue and list multiple funds in the same family. Currently, each fund that is listed on Nasdaq is assessed a separate annual fee. Capping annual fees at \$75,000 per fund family will benefit fund sponsors and investors by reducing the costs associated with issuing fund shares.

Second, in cases where multiple funds are listed, the new fee schedule will substantially lower fees payable by Closed-End Funds, permitting Nasdaq to compete more effectively for listings with other markets. In this regard, Nasdaq notes that the new entry fees are similar to entry fees charged by the American Stock Exchange for listing Closed-End Funds.⁸

Nasdaq represents that the new fees proposed herein reflect a lowering of existing fees applicable to issuers of closed-end funds, listed on the Nasdaq National Market.⁹

2. Statutory Basis

Nasdaq believes that the proposed rule change, as amended, is consistent with the provisions of Section 15A of the Act,¹⁰ in general, and with Section 15A(b)(5) of the Act,¹¹ in particular, in that it provides for the equitable allocation of reasonable fees, dues, and other charges among members and issuers and other persons using any facility or system which the NASD operates or controls. The proposed change to the entry and annual fees will apply equally to all Closed-End Funds listing on The Nasdaq National Market. Furthermore, Nasdaq believes that the proposed fees are reasonable and fall within the range of fees charged by other markets.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change, as amended, will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹² and Rule 19b-4(f)(6) thereunder¹³ because the proposal: (i) Does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) does not become operative prior to 30 days after the date of filing or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest; provided that Nasdaq has given the Commission notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. Nasdaq satisfied the five-day pre-filing requirement.

A proposed rule change filed under Rule 19b-4(f)(6)¹⁴ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(b)(iii), the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. Nasdaq has asked the Commission to waive the 30-day operative delay.¹⁵ The Commission believes that such waiver is consistent with the protection of investors and the public interest because the proposed rule change would lower listing fees for closed-end funds which may benefit those who invest in such funds by reducing the costs associated with the issuance of the shares. For this reason, the Commission designates the proposed rule change, as amended, to be effective upon filing with the Commission.¹⁶

At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors or otherwise in furtherance of the purposes of the Act.¹⁷
