

the consideration the affiliated person has received or will receive.

Up to five SBICs may file the form in any year.⁸ The Commission estimates the burden of filling out the form is approximately one hour per response and would likely be completed by an accountant or other professional. Based on past filings, the Commission estimates that no more than one SBIC is likely to use the form each year. The estimated total annual burden of filling out the form is one hour and the total annual cost is \$53.⁹ The Commission will not keep responses on Form N-17D-1 confidential.

Rule 19b-1. Rule 19b-1 prohibits funds from distributing long-term capital gains more than once every twelve months unless certain conditions are met. Rule 19b-1(c) permits unit investment trusts ("UITs") engaged exclusively in the business of investing in certain eligible fixed-income securities to distribute long-term capital gains more than once every twelve months, if: (i) The capital gains distribution falls within one of several categories specified in the rule, and; (ii) the distribution is accompanied by a report to the unitholder that clearly describes the distribution as a capital gains distribution. The purpose of this notice requirement is to ensure that unitholders understand that the source of the distribution is long-term capital gains.

Rule 19b-1(e) permits a fund to apply for permission to distribute long-term capital gains more than once a year if the fund did not foresee the circumstances that created the need for the distribution. The application must set forth the pertinent facts and explain the circumstances that justify the distribution. An application that meets those requirements is deemed to be granted unless the Commission denies the request within 15 days after the Commission receives the application. The Commission uses the information required by rule 19b-1(e) to facilitate the processing of requests from funds for authorization to make a distribution that would not otherwise be permitted by the rule.

The staff understands that funds that file an application generally use outside counsel to prepare the 19b-1(e)

application. The staff estimates that, on average, the fund's investment adviser spends approximately four hours to review an application. The staff estimates that, on average, seven funds file an application per year under this rule for an estimated annual collection of information burden of 28 hours.

There is a cost burden associated with rule 19b-1(e). As noted above, the staff understands that funds that file for exemption under rule 19b-1(e) generally use outside counsel to prepare the exemptive application. The staff estimates that, on average, 10 hours is required to prepare a rule 19b-1(e) exemptive application by outside counsel, including 8 hours by an associate and 2 hours by a partner. The staff estimates that the average cost of outside counsel preparation of the 19b-1(e) exemptive application is \$3,500. An average of 7 funds file under 19b-1(e) for an exemptive application each year, therefore the staff estimates that the annual cost burden imposed by rule 19b-1(e) is \$24,500.

The Commission staff estimates that there is no hour burden associated with paragraph (c) of rule 19b-1. There is also a cost burden associated with rule 19b-1(c). The staff estimates that there are approximately 6,485 UITs. For purposes of this Paperwork Reduction Act analysis, the staff has assumed that each of these UITs could rely on rule 19b-1(c) to make capital gains distributions. The staff estimates that, on average, UITs rely on rule 19b-1(c) once a year to make a capital gains distribution.¹⁰ The staff estimates that a UIT incurs a cost of \$50, which is encompassed within the fee the UIT pays its trustee, to prepare a notice for a capital gains distribution under rule 19b-1(c). These notices require limited preparation, the cost of which accounts for only a small, indiscrete portion of the comprehensive fee charged by the trustee for its services to the UIT. There is no separate cost to mail the notices because they are mailed with the capital gains distribution. Thus, the staff estimates that the notice requirement imposes an annual cost on UITs of approximately \$324,250.

Based on these calculations, the total number of respondents for rule 19b-1 is estimated to be 6,492 (6485 UIT portfolios + 7 funds filing an application

under rule 19b-1(e)), the total annual hour burden is estimated to be 28 hours, and the total annual cost burden is estimated to be \$348,750. These estimates of average annual burden hours and costs are made solely for purposes of the Paperwork Reduction Act. The collections of information required by 19b-1(c) and 19b-1(e) are necessary to obtain the benefits described above. Responses will not be kept confidential.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.
