

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the MAFMC's intent to take final action to address the emergency.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Jan Saunders at the Mid-Atlantic Council office (see **ADDRESSES**) at least 5 days prior to the meeting date.

Dated: September 2, 2005.

Emily Menashes,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

DEPARTMENT OF DEFENSE

Office of the Secretary

Notice of Availability of the Mobile Sensors Environmental Assessment and Draft Finding of No Significant Impact

AGENCY: Missile Defense Agency, Department of Defense.

ACTION: Notice of availability and request for comments.

SUMMARY: The Missile Defense Agency (MDA) has completed an environmental

ASSESSMENT (EA) in accordance with the National Environmental Policy Act (NEPA) of 1969 and the Council on Environmental Quality regulations implementing NEPA, Department of Defense Instruction 4715.9, Environmental Planning and Analysis, and the applicable service regulations that implement these laws and regulations. Based on this analysis, MDA determined that the proposed activities would not result in a significant impact to the environment and prepared a Draft Finding of No Significant Impact (FONSI). Therefore, further NEPA analysis in the form of an Environmental Impact Statement (EIS) is not required.

DATES: The public review and comment period for this EA and draft FONSI begins with the publication of this notice in the **Federal Register**. All comments on this EA and draft FONSI must be received by the MDA no later than September 23, 2005.

A downloadable electronic version of the EA and Draft FONSI are available on the MDA Internet site: <http://www.mda.mil/mdalink/html/enviro.html>.

ADDRESSES: Written comments regarding the EA and Draft FONSI should be submitted to Mobile Sensors EA, c/o ICF Consulting, 9300 Lee Highway, Fairfax, VA 22031; via toll-free fax 1-877-851-5451; or via E-mail: Mobile-sensors-ea@ICFConsulting.com.

SUPPLEMENTARY INFORMATION: The EA analyzes the potential environmental consequences of using mobile land-based sensors (*i.e.*, radar, telemetry, command and control, and optical systems) and the use of airborne sensor systems (High Altitude Observatory [HALO] I and II, and Widebody Airborne Sensor Platform [WASP]). This EA considers impacts associated with the proposed use of land-based mobile sensors and airborne sensor systems on targets of opportunity.

Dated: September 1, 2005.

L.M. Bynum,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

DEPARTMENT OF DEFENSE

Office of the Secretary

Nationwide TRICARE Demonstration Project

AGENCY: Office of the Secretary of Defense for Health/TRICARE Management Activity, DoD.

ACTION: Notice extending deadline for Demonstration Project.

SUMMARY: On November 5, 2001, the Department of Defense (DoD) published a notice of a Nationwide TRICARE Demonstration Project (66 FR 55928-55930). On October 1, 2004, the Department of Defense (DoD) published a notice (69 FR 58895) to extend the Demonstration through October 31, 2005. The Demonstration is also referred to as the Operation Noble Eagle/Enduring Freedom Reservist and National Guard Benefits Demonstration. This notice is to advise interested parties of the continuation of the Demonstration in which the DoD Military Health System addresses unreasonable impediments to the continuity of healthcare encountered by certain family members of Reservists and National Guardsmen called to active duty in support of a federal/contingency operation. The Demonstration scheduled to end on October 31, 2005, is now extended through October 31, 2007.

FOR FURTHER INFORMATION CONTACT:

Office of the Assistance Secretary of Defense for Health Affairs, TRICARE Management Activity, TRICARE Operations Directorate at (703) 681-0039.

SUPPLEMENTARY INFORMATION:

Continuing levels of about 170,000 Reserve Component members activated in support of Noble Eagle/Operation Enduring Freedom and Operation Iraqi Freedom in FY 2005 warrants the continuation of the Demonstration to support the healthcare needs and morale of family members of activated reservists and guardsmen. The National Defense Authorization Act of 2005 amended existing statutes that will enable the Secretary of Defense to provide these benefits permanently by regulation. The Demonstration needs to be extended to provide sufficient time for the rule-making process to establish the new regulation. The impact if the Demonstration is not extended, before permanent regulation is promulgated, includes higher out-of-pocket costs and potential inability to continue to use the same provider for ongoing care. There are three separate components to the demonstration. First, those who participate in TRICARE Standard will not be responsible for paying the TRICARE Standard deductible. By law, the TRICARE Standard deductible for active duty dependents is \$150 per individual, \$300 per family (\$50/\$150 for E-4's and below). The second component extends TRICARE payments up to 115 percent of the TRICARE

maximum allowable charge, less the applicable patient co-payment, for care received from a provider that does not participate (accept assignment) under TRICARE to the extent necessary to ensure timely access to care and clinically appropriate continuity of care. Third, the Demonstration authorizes a waiver of the non-availability statement requirement for non-emergency inpatient care. This Demonstration project is being conducted under the authority of 10 U.S.C. 1092. This Demonstration is extended through October 31, 2007.

Dated: September 1, 2005.

L.M. Bynum,

Alternate OSD Federal Register, Liaison Officer, Department of Defense.

DEPARTMENT OF DEFENSE

Department of the Navy

Notice of Intent To Grant Exclusive Patent License; Aonex Technologies, Inc.

AGENCY: Department of the Navy, DOD.

ACTION: Notice.

SUMMARY: The Department of the Navy hereby gives notice of its intent to grant to Aonex Technologies, Inc., a revocable, non-assignable, exclusive license, to practice in the field of substrates for electro-optical device processing comprised of thin films on polycrystalline materials, devices made using such substrates, manufacturing techniques utilizing such substrates, and methods for manufacturing such substrates in the United States and certain foreign countries, the Government-owned invention described in U.S. Patent No. 6,328,796: Single-Crystal Material on Non-Single-Crystalline Substrate, Navy Case No. 78,978 and in the field of substrates for electro-optical device processing comprised of thin films on substrates wherein at least one layer is polycrystalline, devices made using these substrates, manufacturing processes utilizing these substrates, and methods for manufacturing such substrates in the United States and certain foreign countries the Government-owned invention described in U.S. Patent No. 6,497,763: Electronic Device with Composite Substrate, Navy Case No. 82,672.

DATES: Anyone wishing to object to the grant of this license must file written objections along with supporting

evidence, if any, not later than September 23, 2005.

ADDRESSES: Written objections are to be filed with the Naval Research Laboratory, Code 1004, 4555 Overlook Avenue, SW., Washington, DC 20375-5320.

FOR FURTHER INFORMATION CONTACT: Ms. Jane Kuhl, Head, Technology Transfer Office, NRL Code 1004, 4555 Overlook Avenue, SW., Washington, DC 20375-5320, telephone (202) 767-3083. Due to U.S. Postal delays, please fax (202) 404-7920, E-Mail: kuhl@utopia.nrl.navy.mil or use courier delivery to expedite response.

Authority: 35 U.S.C. 207, 37 CFR Part 404.

Dated: August 31, 2005.

I.C. Le Moyné, Jr.,

Lieutenant, Judge Advocate General's Corps, U.S. Navy, Alternate Federal Register Liaison Officer.

BILLING CODE 3810-FF-P

DEPARTMENT OF EDUCATION

Notice of Proposed Information Collection Requests

AGENCY: Department of Education.

SUMMARY: The Leader, Information Management Case Services Team, Regulatory Information Management Services, Office of the Chief Information Officer, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before November 7, 2005.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Information Management Case Services Team, Regulatory Information Management Services, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection,

grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Dated: September 1, 2005.

Angela C. Arrington,

Leader, Information Management Case Services Team, Regulatory Information Management Services, Office of the Chief Information Officer.

Institute of Education Sciences

Type of Review: Extension.

Title: Preschool Curricula Evaluation Research (PCER) Program.

Frequency: Semi-Annually.

Affected Public: Individuals or household.

Reporting and Recordkeeping Hour Burden:

Responses: 15,924.

Burden Hours: 5,110.

Abstract: The purpose of the PCER program is to implement rigorous evaluations of preschool curricula that will provide information to support informed choices of classroom curricula for early childhood programs. This research program supports research that will determine, through randomized experiments, whether one or more curricula produce educationally meaningful effects for children's language skill, pre-reading and pre-math abilities, cognition, general knowledge and social competence. The respondents for this research initiative include children, teachers and parents. The data collected from these respondents will provide critical information about preschool curricula to policy makers and early childhood practitioners.

Requests for copies of the proposed information collection request may be accessed from <http://edicsweb.ed.gov>, by selecting the "Browse Pending Collections" link and by clicking on link number 2877. When you access the
