In the notice inviting applications, we established certain eligibility requirements and two absolute priorities for the Striving Readers competition. We are now modifying the eligibility requirements to expand who may apply for a grant under this competition and modifying Priority Two—Comprehensive Reading Initiative Components—to clarify further the requirements under this priority.

SUPPLEMENTARY INFORMATION:

Background

Subsequent to the publication on August 15, 2005 of the notice inviting applications for the Striving Readers competition, the Department conducted a series of teleconference briefings with more than 500 potential applicants to discuss the purposes of the competition, the funding priorities, the selection criteria, and the competition process. Based on questions and comments that we received during these teleconferences, we are modifying the notice inviting applications to expand who may apply for a grant under this competition and also modifying the Statement of Priority Two—Comprehensive Reading Initiative Components.

Modification of Applicant Eligibility Requirements

In the original notice inviting applications for the Striving Readers competition, we stated that eligible applicants were local educational agencies (LEAs) that—

1. Are eligible to receive funds under Part A of Title I of the Elementary and Secondary Education Act of 1965, as amended (ESEA), pursuant to section 1113 of the ESEA, and
2. Serve students in one or more grades in grades 6 through 12.

We also indicated that eligible LEAs may apply individually or, with other eligible LEAs, or in partnership with one or more of the following entities:

- State educational agencies (SEAs),
- Intermediate service agencies,
- Public or private institutions of higher education, and
- Public or private organizations with expertise in adolescent literacy and/or rigorous evaluation.

Finally, the original notice provided that in any partnership, the fiscal agent must be the eligible LEA.

In the teleconferences, a number of LEAs and some SEAs expressed interest in working with consortia of several school districts and having the SEA apply for the grant and serve as the fiscal agent for the grant. They requested that the eligibility requirements be modified to permit an SEA to partner with, and apply on behalf of, LEAs that meet the eligibility requirements described in the original notice inviting applications. We believe that a modification is warranted and are changing the eligibility requirements as follows:

Eligible Applicants: The following entities are eligible to apply for funding under this competition:

1. LEAs that—

(a) Are eligible to receive funds under Part A of Title I of the ESEA, pursuant to section 1113 of the ESEA, and

(b) Serve students in one or more grades in grades 6 through 12.

Eligible LEAs may apply individually, with other eligible LEAs, or in partnership with one or more of the following entities:

- SEAs,
- Intermediate service agencies,
- Public or private institutions of higher education, and
- Public or private organizations with expertise in adolescent literacy and/or rigorous evaluation.

2. SEAs on behalf of one or more LEAs that meet the requirements of paragraph 1.

SEAs must apply on behalf of one or more eligible LEAs and may also partner with one or more of the following entities:

- Intermediate service agencies,
- Public or private institutions of higher education, and
- Public or private organizations with expertise in adolescent literacy and/or rigorous evaluation.

For any application, the fiscal agent must be an eligible LEA or an SEA.

Modification of Priority Two

In the original notice inviting applications for the Striving Readers competition, we also established an absolute priority (Priority Two—Comprehensive Reading Initiative Components) that set forth required activities that must be conducted by all Striving Readers grantees. Under this priority, Striving Readers grantees must use funds awarded under the competition to support a comprehensive reading initiative that includes three essential components: (1) School-level strategies designed to increase reading achievement throughout the curriculum; (2) an intensive, targeted intervention for some or all struggling readers (*i.e.*, students who read at least two years below grade level, including limited English proficient students and students with disabilities); and (3) a rigorous project evaluation that includes an experimental research evaluation of the intensive, targeted intervention for struggling readers.

Based on our telephone conferences, we are modifying this absolute priority to make several clarifications.

First, we recognize that there are many different school configurations and want to clarify that Striving Reading services may be carried out in schools that contain grades other than grades 6 through 12 (for example, kindergarten through grade 8 schools, grades 5 through 8 schools, or kindergarten
