

(c) * * *

(170) The Indiana Department of Environmental Management submitted revisions to Indiana's State Implementation plan on February 18, 2005, February 21, 2005, and April 8, 2005. Revisions to 326 IAC 1-2-52, 326 IAC 1-2-82.5, and 326 IAC 1-3-4 amend the definition of "particulate matter" to include the definition of PM_{2.5} and amends the section that specifies the national ambient air quality standards. Revisions to 326 IAC 1-1-3 and 326 IAC 1-1-6 update the references to the Code of Federal Regulations (CFR) from the 2000 edition to the 2002 edition and add "credible evidence provisions" into state rules consistent with federal requirements, respectively.

(i) Incorporation by reference. The following sections of the Indiana Administrative Code are incorporated by reference.

(A) Indiana Administrative Code Title 326: Air Pollution Control Board, Article 1: General Provisions, Rule 2: Definitions, Section 52: "'Particulate matter'" defined," Section 52.2: "'PM_{2.5}' defined," Section 52.4: "'PM₁₀' defined," Section 82.5: "'Total suspended particulate' or 'TSP' defined." Indiana Administrative Code Title 326: Air Pollution Control Board, Article 1: General Provisions, Rule 3: Ambient Air Quality Standards, Section 4: "Ambient air quality standards." Filed with the Secretary of State on December 20, 2004 and effective on January 19, 2005. Published at Indiana Register, Volume 28, Number 5, February 1, 2005 (28 IR 1471-1473).

(B) Indiana Administrative Code Title 326: Air Pollution Control Board, Article 1: General Provisions, Rule 1: Provisions Applicable Throughout Title 326, Section 3: "References to the Code of Federal Regulations." Filed with the Secretary of State on August 26, 2004 and effective on September 25, 2004. Published at Indiana Register, Volume 28, Number 1, October 1, 2004 (28 IR 17).

(C) Indiana Administrative Code Title 326: Air Pollution Control Board, Article 1: General Provisions, Rule 1: Provisions Applicable Throughout Title 326, Section 6: "Credible evidence." Filed with the Secretary of State on February 14, 2005 and effective on March 16, 2005. Published at Indiana Register, Volume 28, Number 7, April 1, 2005 (28 IR 2045).

[R03-OAR-2004-MD-0002; FRL-7984-7]

Approval and Promulgation of Air Quality Implementation Plans; Maryland; Control of Visible and Particulate Emissions From Glass Melting Facilities

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: EPA is approving a State Implementation Plan (SIP) revision submitted by the State of Maryland. This revision consists of regulations for the control of particulate and visible emissions from glass melting facilities.

DATES: *Effective Date:* This final rule is effective on November 18, 2005.

ADDRESSES: EPA has established a docket for this action under Regional Material in EDocket (RME) ID Number R03-OAR-2004-MD-002. All documents in the docket are listed in the RME index at <http://www.docket.epa.gov/rmepub/>. Once in the system, select "quick search," then key in the appropriate RME identification number. Although listed in the electronic docket, some information is not publicly available, i.e., confidential business information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically in RME or in hard copy for public inspection during normal business hours at the Air Protection Division, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103. Copies of the State submittal are available at the Maryland Department of the Environment, 1800 Washington Boulevard, Suite 705, Baltimore, Maryland 21230.

FOR FURTHER INFORMATION CONTACT: Linda Miller, (215) 814-2068, or by e-mail at miller.linda@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Background

On July 6, 2005 (70 FR 38837), EPA published a notice of proposed rulemaking (NPR) for the State of Maryland. The NPR proposed approval of regulations to control particulate and visible emissions from glass melting facilities. The formal SIP revision was

submitted by the State of Maryland on November 18, 2004.

II. Summary of SIP Revision

The SIP revision request included COMAR 26.11.25 to be approved into the SIP. The regulation is applicable to certain types of glass melting furnaces in the Baltimore and Washington planning areas.

A detailed discussion of the rationale for EPA's approval is provided in the NPR and will not be restated here. No public comments were received on the NPR.

III. Final Action

EPA is approving the regulations for control of particulates and visible emissions from glass melting facilities as a revision to the Maryland SIP.

IV. Statutory and Executive Order Reviews

A. General Requirements

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a "significant regulatory action" and therefore is not subject to review by the Office of Management and Budget. For this reason, this action is also not subject to Executive Order 13211, "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use" (66 FR 28355, May 22, 2001). This action merely approves state law as meeting Federal requirements and imposes no additional requirements beyond those imposed by state law. Accordingly, the Administrator certifies that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). Because this rule approves pre-existing requirements under state law and does not impose any additional enforceable duty beyond that required by state law, it does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Public Law 104-4). This rule also does not have tribal implications because it will not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes, as specified by Executive Order 13175 (65 FR 67249, November 9, 2000). This action also does not have Federalism implications because it does not have substantial direct effects on the States, on the relationship between the

National Government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999). This action merely approves a state rule implementing a Federal requirement, and does not alter the relationship or the distribution of power and responsibilities established in the Clean Air Act. This rule also is not subject to Executive Order 13045 "Protection of Children from Environmental Health Risks and Safety Risks" (62 FR 19885, April 23, 1997), because it is not economically significant.

In reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the Clean Air Act. In this context, in the absence of a prior existing requirement for the State to use voluntary consensus standards (VCS), EPA has no authority to disapprove a SIP submission for failure to use VCS. It would thus be inconsistent with applicable law for EPA, when it reviews a SIP submission, to use VCS in place of a SIP submission that otherwise satisfies the provisions of the Clean Air Act. Thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply. This rule does not impose an information collection

burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

B. Submission to Congress and the Comptroller General

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This rule is not a "major rule" as defined by 5 U.S.C. 804(2).

C. Petitions for Judicial Review

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by December 19, 2005. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor does it extend the time

within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action to approve regulations for the control of glass melting facilities may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Incorporation by reference, Particulate matter, Reporting and recordkeeping requirements.

Dated: October 11, 2005.

Donald S. Welsh,

Regional Administrator, Region III.

■ 40 CFR part 52 is amended as follows:

PART 52—[AMENDED]

■ 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart V—[Amended]

■ 2. In § 52.1070, the table in paragraph (c) is amended by adding the entry for COMAR 26.11.25 .01 through .04 in numerical order to read as follows:

§ 52.1070 Identification of plan.
