

the investigation, the cash deposit rate will continue to be the company-specific rate from the final determination; (3) if the exporter is not a firm covered in this review or the investigation, but the producer is, the cash deposit rate will be that established for the producer of the merchandise in these final results of review or in the final determination; and (4) if neither the exporter nor the producer is a firm covered in this review or the investigation, the cash deposit rate will be 11.40 percent, the "All Others" rate established in the less-than-fair-value investigation. These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402 (f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent increase in antidumping duties by the amount of antidumping duties reimbursed.

This notice also is the only reminder to parties subject to administrative protective orders ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing these results and notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: November 8, 2005.

Stephen J. Claeys,

Acting Assistant Secretary for Import Administration.

Stainless Steel Sheet and Strip in Coils from Taiwan: Extension of Time Limit for Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: November 16, 2005.

FOR FURTHER INFORMATION CONTACT: Karine Gziryan or Melissa Blackledge, AD/CVD Operations, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-4081 or (202) 482-3518, respectively.

SUPPLEMENTARY INFORMATION:

Background

On August 30, 2004, the Department of Commerce (the Department) published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order on stainless steel sheet and strip in coils from Taiwan, covering the period July 1, 2003, through June 30, 2004. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 69 FR 52857 (August 30, 2004).

On August 9, 2005, the Department published in the **Federal Register** the preliminary results of review. See *Stainless Steel Sheet and Strip in Coils from Taiwan: Notice of Preliminary Results and Partial Rescission of Antidumping Duty Administrative Review*, 70 FR 46137 (August 9, 2005). The final results of review are currently due no later than December 7, 2005.

Extension of Time Limit for Final Results of Review

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to make a preliminary determination in an administrative review within 245 days after the last day of the anniversary month of an order or finding for which a review is requested and a final determination within 120 days after the date on which the preliminary determination is published. However, if it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows the Department to extend the 245-day time limit for the preliminary determination to a maximum of 365 days and the time limit for the final

determination to 180 days (or 300 days if the Department does not extend the time limit for the preliminary determination) from the date of publication of the preliminary determination. We have determined that it is not practicable to complete the final results of this review within the original time limit because the Department has required additional time to consider a number of complex affiliation and cost issues. Therefore, the Department is extending the time limit for completion of the final results of review by 60 days. We intend to issue the final results of review no later than February 5, 2006.

This extension is in accordance with section 751(a)(3)(A) of the Act.

Dated: November 8, 2005.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

Dynamic Random Access Memory Semiconductors from the Republic of Korea: Notice of Extension of Time Limit for Countervailing Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: November 16, 2005.

FOR FURTHER INFORMATION CONTACT: Cole Kyle or Marc Rivitz, Office of Antidumping/Countervailing Duty Operations, Office 1, Import Administration, U.S. Department of Commerce, Room 3069, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone: (202) 482-1503 or (202) 482-1382, respectively.

SUPPLEMENTARY INFORMATION:

Background

On September 15, 2005, the Department of Commerce (the Department) published the preliminary results of the countervailing duty order on dynamic random access memory semiconductors from the Republic of Korea ("Korea") covering the period April 7, 2003, through December 31, 2003 (70 FR 54523). The final results are currently due no later than January 13, 2006.

Extension of Time Limits for Final Results

Under section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act) the Department may extend the deadline for completion of an administrative review if it determines that it is not practicable to complete the final results of the review within the statutory time limit of 120 days after the publication of the preliminary results in the **Federal Register**. We are currently analyzing information submitted by interested parties in this review. This administrative review is extraordinarily complicated due to the unique nature of the countervailable subsidy practices being examined in this review. The Department finds that it needs additional time to consider the exceedingly complex issues raised in the case and rebuttal briefs regarding entrustment and direction. Moreover, record evidence relating to equityworthiness and creditworthiness is voluminous and time intensive to evaluate. Therefore, it is not practicable to complete this review within the time limit mandated by section 751(a)(3)(A) of the Act. Accordingly, the Department is extending the time limit for completion of these final results for 60 days (*i.e.*, until March 14, 2006).

This extension is in accordance with section 751(a)(3)(A) of the Act.

Dated: November 8, 2005.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

Scope

Imports covered by this order are shipments of certain non-egg dry pasta in packages of five pounds (2.27 kilograms) or less, whether or not enriched or fortified or containing milk or other optional ingredients such as chopped vegetables, vegetable purees, milk, gluten, diastases, vitamins, coloring and flavorings, and up to two percent egg white. The pasta covered by this scope is typically sold in the retail market, in fiberboard or cardboard cartons, or polyethylene or polypropylene bags of varying dimensions.

Excluded from the scope of this order are refrigerated, frozen, or canned pastas, as well as all forms of egg pasta, with the exception of non-egg dry pasta containing up to two percent egg white. Also excluded are imports of organic pasta from Italy that are accompanied by the appropriate certificate issued by the Istituto Mediterraneo Di Certificazione, Bioagricoop S.r.l., QC&I International

Services, Ecocert Italia, Consorzio per il Controllo dei Prodotti Biologici, Associazione Italiana per l'Agricoltura Biologica, or Codex S.r.l. In addition, based on publically available information, the Department has determined that, as of August 4, 2004, imports of organic pasta from Italy that are accompanied by the appropriate certificate issued by Bioagricert S.r.l. are also excluded from this order. *See Memorandum from Eric B. Greynolds to Melissa G. Skinner*, dated August 4, 2004, which is on file in the Department's Central Records Unit ("CRU") in Room B-099 of the main Department building.

The merchandise subject to review is currently classifiable under item 1902.19.20 of the *Harmonized Tariff Schedule of the United States* ("HTSUS"). Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the merchandise subject to the order is dispositive.

The Department has issued the following scope rulings:

1. On August 25, 1997, the Department issued a scope ruling that multicolored pasta, imported in kitchen display bottles of decorative glass that are sealed with cork or paraffin and bound with raffia, is excluded from the scope of the antidumping and countervailing duty orders. *See Memorandum from Edward Easton to Richard Moreland*, dated August 25, 1997, which is on file in the CRU.

2. On July 30, 1998, the Department issued a scope ruling, finding that multipacks consisting of six one-pound packages of pasta that are shrink-wrapped into a single package are within the scope of the antidumping and countervailing duty orders. *See Letter from Susan H. Kuhbach to Barbara P. Sidari*, dated July 30, 1998, which is available in the CRU.

3. On October 23, 1997, the petitioners filed an application requesting that the Department initiate an anti-circumvention investigation of Barilla S.r.L. ("Barilla"), an Italian producer and exporter of pasta. The Department initiated the investigation on December 8, 1997. *See Initiation of Anti-Circumvention Inquiry on Antidumping Duty Order on Certain Pasta From Italy*, 62 FR 65673 (December 15, 1997). On October 5, 1998, the Department issued its final determination that, pursuant to section 781(a) of the Tariff Act of 1930, as amended by the Uruguay Round Agreements Act effective January 1, 1995 ("the Act"), circumvention of the antidumping order on pasta from Italy was occurring by reason of exports of
