Comments

A 60-day public comment Notice was published in the **Federal Register** on

November 25, 2005. This comment period ended January 24, 2006. No public comments were received from this notice.

Currently, the Corporation is soliciting comments concerning its proposed collection of State Service Plans from State Commissions. These plans are submitted by State Commissions as required by statute. The plans are elicited in order to assure that national service and volunteer service entities within a state are aware of each other and are coordinating activities to maximize their ability to leverage both human and financial resources in order to address significant unmet community needs.

This new proposed information collection consists of the following instruction:

In 2006, the Corporation requests that you address the following questions in order to comply with the statutory requirement to provide a State Service Plan:

1. Please describe your projected program focus for the next three years of planned state service activities.
2. Please describe ongoing efforts or special initiatives that involve collaborating with the Corporation State Office, State Education Agencies, state networks of volunteer centers, Campus Compacts, National Direct grantees and/or other service organizations within the state.
3. What non-monetary support do you believe you need from the Corporation (Headquarter Offices and/or your State Office) in order for your State Plan to be successful (such as training and technical assistance, for example)?

Your State Service Plan may also include other elements that you and your service partners find useful.
