Need and Use of the Information: The Forest Service (FS) will collect information to describe how the program will be implemented in each State. The plans must (1) Describe how the State will allocate FLEP funding among the four major categories of administration, resource management expertise, education, and financial assistance; (2) describe how cost-share funds shall be made available to eligible participants; (3) describe ownership and acreage limitations; (4) define what constitutes a forest management plan; (5) identify landowner payment limitations; (6) identify eligible cost-share practices; (7) describe how funds may be distributed to participants; and (8) describe program application and reimbursement processes. If these information collection requirements were not implemented, it would be virtually impossible to provide proper Federal oversight for the new program.

DEPARTMENT OF COMMERCE**International Trade Administration**

[A-401-806]

Stainless Steel Wire Rod From Sweden: Notice of Extension of Time Limit for 2004-2005 Administration Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: May 2, 2006.

FOR FURTHER INFORMATION CONTACT:

Brian Smith, AD/CVD Operations, Office 2, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-1766.

Statutory Time Limits

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department of Commerce ("Department") to issue the preliminary results of an administrative review within 245 days after the last day of the anniversary month of an order for which a review is requested and a final determination within 120 days after the date on which the preliminary results are published. If it is not practicable to complete the review within the time period, section 751(a)(3)(A) of the Act allows the Department to extend these deadlines to a maximum of 365 days and 180 days, respectively.

Background

On October 25, 2005, the Department published in the **Federal Register** a notice of initiation of administrative review of the antidumping duty order on stainless steel wire rod from Sweden, covering the period September 1, 2004, through August 31, 2005. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 70 FR

61601 (October 25, 2005). The preliminary results for this administration review are currently due no later than June 2, 2006.

Extension of Time Limits for Preliminary Results

The Department requires additional time to review and analyze the sales and cost information submitted by the respondent in this administrative review. Moreover, the Department requires additional time to analyze complex issues related to product comparisons and level of trade, issue additional supplemental questionnaires and fully analyze the responses. Thus, it is not practicable to complete this review within the original time limit (*i.e.*, June 2, 2006). Therefore, the Department is partially extending the time limit for completion of the preliminary results by 60 days to not later than August 1, 2006, in accordance with section 751(a)(3)(A) of the Act.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: April 26, 2006.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

Low Enriched Uranium from France: Extension of Time Limit for Final Results of Countervailing Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: May 2, 2006.

FOR FURTHER INFORMATION CONTACT:

Kristen Johnson, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-4793.

SUPPLEMENTARY INFORMATION:**Background**

The Department of Commerce ("the Department") published in the **Federal Register** a countervailing duty ("CVD") order on low enriched uranium from France on February 13, 2002. *See Amended Final Determination and Notice of Countervailing Duty Order:*

Low Enriched Uranium from France, 67 FR 6689 (February 13, 2002). On March 23, 2005, the Department initiated an administrative review of the CVD order for the period January 1, 2004, through December 31, 2004. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 70 FR 14643 (March 23, 2005). The respondent in this administrative review is Eurodif S.A./Compagnie Generale Des Matieres Nucleaires. On February 15, 2006, the Department published in the **Federal Register** its preliminary results. *See Notice of Preliminary Results of Countervailing Duty Administrative Review: Low Enriched Uranium from France*, 71 FR 7924 (February 15, 2006). The final results are currently due no later than June 15, 2006.

Extension of Time Limit for Final Results of Review

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to issue final results in an administrative review within 120 days after the date on which the preliminary results were published. However, if it is not practicable to complete the final results of review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the final results to a maximum of 180 days.

Given the complexity of issues raised in the case briefs submitted by interested parties, we find that it is not practicable for the Department to complete the final results of the administrative review within the 120-day statutory time frame. Therefore, the Department is fully extending the time limits for completion of the final results until August 14, 2006.

This notice is issued and published in accordance with section 751(a)(3)(A) of the Act.

Dated: April 26, 2006.

Deputy Assistant Secretary for Import Administration.
