Summary: In accordance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Title and Purpose of Information Collection: Request for Medicare Payment; OMB 3220-0131. Under

Section 7(d) of the Railroad Retirement Act, the RRB administers the Medicare program for persons covered by the railroad retirement system. The collection obtains the information needed by persons covered by the railroad retirement system. The collection obtains the information needed by Palmetto GBA, the Medicare carrier for railroad retirement beneficiaries, to pay claims for payments under Part B of the Medicare program. Authority for collecting the information is prescribed in 42 CFR 424.32.

The RRB currently utilizes Forms G-740S, Patient's Request for Medicare Payment, (along with Centers for Medicare and Medicaid Services Form CMS-1500) to secure the information necessary to pay Part B Medicare Claims. One response is completed for each claim. Completion is required to obtain a benefit. The RRB proposes no changes to RRB Form G-740S. The RRB estimates annual respondent burden associated with RRB Form G-740s as follows:

Estimated number of responses: 100.

Estimated completion time per response: 15 minutes.

Estimated annual burden hours: 25.

SECURITIES AND EXCHANGE COMMISSION

Request for Public Comment

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of Filings and Information Services, Washington, DC 20549.

Extension:

Rule 17a-6; SEC File No. 270-433; OMB Control No. 3235-0489.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Rule 17a-6 (17 CFR 240.17a-6) under the Securities Exchange Act of 1934 permits national securities exchanges, national securities associations, registered clearing agencies, and the Municipal Securities Rulemaking Board (collectively, "SROs") to destroy or convert to microfilm or other recording media records maintained under Rule 17a-1, if they have filed a record destruction plan with the Commission and the Commission has declared such plan effective.

There are currently 22 SROs: 10 national securities exchanges, 1 national securities association, 10 registered clearing agencies, and the Municipal Securities Rulemaking Board. These respondents file no more than one record destruction plan per year, which requires approximately 160 hours for each new plan. However, the Commission is discounting that figure given its experience to date with the number of plans that have been filed. Further, any existing SRO record destruction plans may require revision, over time, in response to, for example, changes in document retention technology, which the Commission estimates will take much less than the 160 hours estimated for a new plan. Thus, the total annual compliance burden is estimated to be 60 hours, based on an estimated two respondents per year. The approximate cost per hour is \$250, resulting in a total cost of compliance for these respondents of \$15,000 per year (60 hours @ \$250 per hour).

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Please direct your written comments to: (i) The Desk Officer for the Securities

and Exchange Commission, Office of Information and Regulatory Affairs, Office of Management and Budget, Room 10102, New Executive Office Building, Washington, DC 20503 or by sending an e-mail to David_Rostker@omb.eop.gov and (ii) R. Corey Booth, Director/Chief Information Officer, Securities and Exchange Commission, c/o Shirley Martinson, 6432 General Green Way, Alexandria, VA 22312 or by sending an e-mail to PRA_Mailbox@sec.gov. Comments must be submitted within 60 days of this notice.

Dated: May 3, 2006.

Nancy M. Morris,
Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-53753; File No. SR-OPRA-2006-01]

Options Price Reporting Authority; Notice of Filing and Immediate Effectiveness of Proposed Amendment to the Plan for Reporting of Consolidated Options Last Sale Reports and Quotation Information To Revise OPRA's Professional Subscriber Agreement and Its Direct Circuit Connection Rider and Indirect Circuit Connection Rider

May 2, 2006.

Pursuant to section 11A of the Securities Exchange Act of 1934 ("Act")¹ and Rule 608 thereunder,² notice is hereby given that on April 21, 2006, the Options Price Reporting Authority ("OPRA") submitted to the Securities and Exchange Commission ("Commission") an amendment to the Plan for Reporting of Consolidated Options Last Sale Reports and Quotation Information ("OPRA Plan").³ The proposed OPRA Plan amendment would revise OPRA's Professional Subscriber Agreement ("PSA"), which

¹ 15 U.S.C. 78k-1.

² 17 CFR 242.608.

³ The OPRA Plan is a national market system plan approved by the Commission pursuant to Section 11A of the Act and Rule 608 thereunder (formerly Rule 11aA3-2). See Securities Exchange Act Release No. 17638 (March 18, 1981), 22 S.E.C. Docket 484 (March 31, 1981).

The OPRA Plan provides for the collection and dissemination of last sale and quotation information on options that are traded on the participant exchanges. The six participants to the OPRA Plan are the American Stock Exchange LLC, the Boston Stock Exchange, Inc., the Chicago Board Options Exchange, Incorporated, the International Securities Exchange, Inc., the NYSE Arca, Inc., and the Philadelphia Stock Exchange, Inc.

is required to be entered into between OPRA and professional subscribers to options information under Section VII(c) of the OPRA Plan, and amend the Direct Circuit Connection Rider and Indirect Circuit Connection Rider to the PSA. The Commission is publishing this notice to solicit comments from interested persons on the proposed OPRA Plan amendment.

I. Description and Purpose of the Amendment

OPRA states that the purpose of the proposed amendment is to revise the PSA that is required to be entered into between OPRA and professional subscribers to options information under section VII(c) of the OPRA Plan, to amend the Direct Circuit Connection Rider and the Indirect Circuit Connection Rider to the PSA to conform the language of these documents to OPRA's Vendor Agreement as revised in 2002, and to make certain other updating revisions.⁴

Significant changes that OPRA proposes to the PSA and the Riders are described below. In addition, OPRA proposes certain non-substantive editorial revisions, which are not described below but are reflected in the new PSA and the Riders thereto.

Professional Subscriber Agreement

OPRA has updated the list of participant exchanges. In addition, OPRA has supplemented the definition of the term "Information" by adding the phrase "other information transmitted over the information reporting system administered by OPRA."⁵ According to OPRA, this "other information" would include real-time values of various indexes that underlie options traded on the markets of the participant exchanges, data with respect to open interest, and systems messages.

Section 7 of the PSA, which describes OPRA's inspection right, has been revised to refer explicitly to the Subscriber's records with respect to its use of Information to say explicitly that the inspection would be limited to confirming compliance with the provisions of the PSA, and to clarify

⁴ OPRA's Vendor Agreement was revised in SR-OPRA-2002-03, and was approved by the Commission on January 22, 2003. See Securities Exchange Act Release No. 47230 (January 22, 2003), 68 FR 4259 (January 28, 2003).

⁵ This change would conform the definition of the term "Information" in the PSA to the definition of the term "OPRA Data" in the Vendor Agreement and the Direct and Indirect Circuit Connection Riders. As described below, OPRA would use the revised PSA only on a prospective basis. OPRA believes that it is more desirable to maintain continuity in the use of the term "Information" in the PSA than to change the PSA to use the term that is used in its other contract forms.
