

and very high radiation areas because of the potential for overexposure.

The primary purpose of this revision is to clarify the terminology related to the physical barriers that licensees could use to prevent unauthorized personnel access to high and very high radiation areas. The original version of Regulatory Guide 8.38 used the term "inadvertent entry" with two different connotations. As used in Section 1.5, "Physical Controls," the term was intended to connote "not a willful violation." In several other sections, however, "inadvertent entry" was used to mean "an accidental, or unintended, entry." This disparity led to inconsistent readings of the staff's regulatory position by licensees and other stakeholders. Consequently, in preparing this revision, the NRC staff rewrote Section 1.5 to eliminate the use of the term "inadvertent entry," and provide additional guidance on the acceptability of physical barriers used to control access to high radiation areas.

The staff also revised Section 1.6, "Shielding," and Section 4.2, "Materials," to explicitly state the staff's regulatory positions, which were only implied in the original version. In addition, the staff updated Appendix B to include recent references that discuss industry experiences with high and very high radiation areas.

Revision 1 to Regulatory Guide 8.38 does not change previous staff positions. Therefore, this revision does not constitute a backfit, as defined in 10 CFR 50.109.

The NRC previously solicited public comment on this revised guide by publishing a **Federal Register** notice (70 FR 58490) concerning Draft Regulatory Guide DG-8028 on October 6, 2005. Following the closure of the public comment period on December 5, 2005, the staff considered all stakeholder comments in the course of preparing Revision 1 of Regulatory Guide 8.38. The staff's responses to all comments received are available in the NRC's Agencywide Documents Access and Management System (ADAMS) at <http://www.nrc.gov/reading-rm/adams.html>, under Accession #ML061350247.

BILLING CODE 7590-01-P

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

[Docket No. WTO/DS343]

WTO Dispute Settlement Proceeding Regarding United States—Antidumping Measures on Shrimp From Thailand

AGENCY: Office of the United States Trade Representative.

ACTION: Notice; request for comments.

SUMMARY: The Office of the United States Trade Representative ("USTR") is providing notice that on April 24, 2006, Thailand requested consultations with the United States under the *Marrakesh Agreement Establishing the World Trade Organization* ("WTO Agreement") concerning certain issues relating to the imposition of antidumping measures on shrimp from Thailand. That request may be found at <http://www.wto.org> contained in a document designated as WT/DS343/1. USTR invites written comments from the public concerning the issues raised in this dispute.

DATES: Although USTR will accept any comments received during the course of the dispute settlement proceedings, comments should be submitted on or before June 30, 2006 to be assured of timely consideration by USTR.

ADDRESSES: Comments should be submitted (i) electronically, to FR0619@ustr.eop.gov, Attn: "Thailand Shrimp Zeroing/Bond Dispute (DS343)" in the subject line, or (ii) by fax, to Sandy McKinzy at (202) 395-3640. For documents sent by fax, USTR requests that the submitter provide a confirmation copy to the electronic mail address listed above.

FOR FURTHER INFORMATION CONTACT: Elissa Alben, Assistant General Counsel, Office of the United States Trade Representative, 600 17th Street, NW., Washington, DC 20508, (202) 395-9622.

SUPPLEMENTARY INFORMATION: Section 127(b) of the Uruguay Round Agreements Act ("URAA") (19 U.S.C. 3537(b)(1)) requires that notice and opportunity for comment be provided after the United States submits or receives a request for the establishment of a WTO dispute settlement panel. In an effort to provide additional opportunity for comment, USTR is providing notice that consultations have been requested pursuant to the WTO *Understanding on Rules and Procedures Governing the Settlement of Disputes* ("DSU"). If such consultations should fail to resolve the matter and a dispute settlement panel is established pursuant to the DSU, such panel, which would hold its meetings in Geneva,

Switzerland, would be expected to issue a report on its findings and recommendations within nine months after it is established.

Major Issues Raised by Thailand

On August 4, 2004, the Department of Commerce published in the **Federal Register** notice of its affirmative preliminary less-than-fair-value ("LTFV") determination in an investigation concerning certain frozen and canned warm water shrimp from Thailand (69 FR 47,100). On December 23, 2004, the Department of Commerce published notice of its affirmative final LTFV determination (69 FR 76,918), and on February 1, 2005, the Department of Commerce published an amended final LTFV determination, along with an antidumping duty order, covering only certain frozen warm water shrimp from Thailand (70 FR 5145). The latter notice contains the final margins of LTFV sales, as provided in section 733 of the Tariff Act of 1930, as amended.

In its request for consultations, Thailand alleges that the United States "through its use of 'zeroing' * * * failed to make a fair comparison between the export price and the normal value, and calculated distorted margins of dumping," and therefore violated Articles 1, 2.1, 2.4, 2.4.2, 3.1, 3.2, 3.3, 3.4, 3.5, 5.8, 9.2 and 9.3 of the AD Agreement. In addition, Thailand alleges that the United States has imposed on importers a requirement to maintain a continuous entry bond in the amount of the anti-dumping duty margin multiplied by the value of imports of frozen warmwater shrimp imported by the importer in the preceding year, and that the continuous bond requirement and its application to goods subject to the order "constitute specific action against dumping not in accordance with" Article VI:2 of the *General Agreement on Tariffs and Trade 1994* ("GATT 1994") and its Ad Article, as well as Articles 2, 7.1, 7.2, 7.5, 9.2, and 9.3 of the AD Agreement. Thailand also states that the continuous bond requirement as such and its application to imports of frozen warmwater shrimp from Thailand may be inconsistent with Articles I:1, II, III, XI:1 and XIII:1, and may not be justified under Article XX(d), of the GATT 1994.
