## DEPARTMENT OF HOMELAND SECURITY

### Coast Guard

#### 33 CFR Part 165

[CGD01-06-042]

**RIN 1625-AA00**

#### **Safety Zone: Onset Fire District Fireworks Display, Onset Harbor, Onset, MA**

**AGENCY:** Coast Guard, DHS.

**ACTION:** Temporary final rule.

**SUMMARY:** The Coast Guard is establishing a temporary safety zone in all navigable waters within a one thousand (1000) foot radius of the fireworks launching platform, located in Onset Harbor, Onset, Massachusetts on July 1, 2006. The safety zone is needed to safeguard the public from possible hazards associated with a fireworks display. Entry into this zone will be prohibited unless authorized by the Captain of the Port, Southeastern New England.

**DATES:** This rule is effective from 8:15 p.m. EDT on July 1, 2006 through 10:30 p.m. EDT on July 1, 2006.

**ADDRESSES:** Documents indicated in this preamble as being available in the docket are part of docket CGD01-06-042 and are available for inspection or copying at U.S. Coast Guard Sector Southeastern New England, East Providence Office, 20 Risho Avenue, E. Providence, RI between 8 a.m. and 4 p.m., Monday through Friday, except Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** Mr. Edward G. LeBlanc at Sector Southeastern New England, East Providence Office, (401) 435-2351.

#### **SUPPLEMENTARY INFORMATION:**

#### **Regulatory Information**

We did not publish a notice of proposed rulemaking (NPRM) for this

regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing an NPRM. Details regarding this event were not available to the Coast Guard in sufficient time to draft or publish an NPRM. Publishing an NPRM and delaying its effective date would be contrary to the public interest since immediate action is needed to close a portion of the waterway and protect the marine public from hazards associated with this fireworks display.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. The finalization of logistical details associated with this fireworks display were only recently determined. Any delay encountered in this regulation's effective date would be contrary to the public interest since the safety zone is needed to prevent traffic from transiting a portion of Onset Harbor during the fireworks display thus ensuring that the maritime public is protected from any potential harm associated with such an event.

#### **Background and Purpose**

This regulation establishes a safety zone in all navigable waters within a one thousand (1000) foot radius of the fireworks launching platform, located in Onset Harbor, Onset, Massachusetts in approximate position 41-44.34 N, 070-39.5 W, from 8:15 p.m. EDT until 10:30 p.m. EDT on July 1, 2006. This safety zone is needed to protect the maritime community from possible hazards associated with a fireworks display that will be launched from a platform in Onset Harbor, Onset, Massachusetts. No vessel may enter the safety zone without permission of the Captain of the Port (COTP), Southeastern New England.

#### **Discussion of Rule**

The Town of Wareham is sponsoring a fireworks display on July 1, 2006. During the effective period of the safety zone vessel traffic will be restricted in the vicinity of the fireworks event so that the maritime public will be protected from the potential hazards associated with this type of display. The safety zone will be enforced from 8:15 p.m. EDT until 10:30 p.m. EDT on July 1, 2006. Marine traffic may transit safely outside the temporary zone during the event.

#### **Regulatory Evaluation**

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that
