

2008 ANNUAL REPORTING BURDEN

Data collection activity	Number of respondents	Responses per respondent	Total responses	Average hours per response	Total hour burden
Client Interviews:					
Baseline (at enrollment) ¹	220	1	220	.75	² 106
6 months	180	1	180	.75	² 99
12 months	140	1	140	.75	² 76
Subtotal	540	540	281
Record Management by Grantee Staff:					
Events Tracking	6	³ 2,400	14,400	.03	432
Person Tracking	6	50	300	.10	⁴ 20
Service Use ⁵	6	25	150	.17	26
Arrest History ⁵	6	25	150	.17	26
Subtotal	24	15,000	504
FY2005 Grantees:					
Interview and Tracking data submission	6	12	72	.17	12
Overall Total:	570	15,612	797

¹ Only those program enrollees agreeing to participate in the evaluation receive a Baseline interview.

² This estimate is an added burden proportion which is an adjustment reflecting the extent to which programs typically already collect the data items. The formula for calculating the proportion of added burden is: total number of items in the standard instrument, minus the number of core items currently included, divided by the total number of items in the standard instrument. For the TCE Initiative's interviews the estimates were calculated as follows: For the Baseline interview the burden estimate = 165 times 0.64 (the proportion of added burden) = 106. For the 6-Month interview the burden estimate = 135 times 0.73 (the proportion of added burden) = 99. For the 12-Month interview the burden estimate = 105 times 0.72 (the proportion of added burden) = 76.

³ The number of responses per respondent for the Events Tracking depends on the design of the jail diversion program and can range from a single screening for eligibility to four separate screenings; here 2 responses represents the average number of responses per respondent based on the experience of the previous grantees.

⁴ For the Person Tracking program the burden estimate was calculated as follows: 30 times 0.65 (the proportion of added burden) = 20 (see Footnote 2 above for more information about the burden proportion).

⁵ Record management forms (Service Use and Arrest) are only completed for those evaluation participants who receive both a Baseline interview and at least one follow-up (6- and/or 12-month) interview.

The averages for the three years of evaluations are 988 responses, 26,894 total responses, and 1,373 hours of burden.

Written comments and recommendations concerning the proposed information collection should be sent by March 1, 2006 to: SAMHSA Desk Officer, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503; due to potential delays in OMB's receipt and processing of mail sent through the U.S. Postal Service, respondents are encouraged to submit comments by fax to: 202-395-6974.

Dated: January 24, 2006.

Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: Notice and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA) has submitted the following information collection to the Office of Management and Budget (OMB) for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. The submission describes the nature of the information collection, the categories of respondents, the estimated burden (*i.e.*, the time, effort and resources used by respondents to respond) and cost, and includes the actual data collection instruments FEMA will use.

Title: National Fire Department Census.

OMB Number: 1660-0070.

Abstract: Many data products and reports exist that contain fragmented or estimated information about fire department demographics, and capabilities, but there is no single reference source today that aggregates this data to provide a complete and accurate profile of fire departments in the United States. The U.S. Fire Administration (USFA) ¹ receives many requests for information related to fire departments, including total number of departments, number of stations per department, population protected, apparatus and equipment status. The USFA is working to identify all fire departments in the United States to develop and populate a national database that will include information related to demographics, capabilities and activities. The database will be used by USFA to guide programmatic decisions, provide the Fire Service and the public with information about fire departments, to produce mailing lists for USFA publications and other

¹ The U.S. Fire Administration is currently being transferred to the newly created Preparedness Directorate of the Department of Homeland Security. During this transition FEMA, also part of the Department of Homeland Security, will continue to support this program as the new Directorate stands up. Ultimately this data collection will be transferred to the Preparedness Directorate.

materials. In the first year of this effort, information was collected from 16,000 fire departments. Since the first year of the collection, an additional 8,000 departments have registered with the census for a total of 24,000 fire departments. This leaves an estimated 9,000 departments still to respond. Additionally, fire departments already registered with the census will be contacted once every five years to provide updates or changes to their census data so that USFA can keep the database as current as possible. Fire departments are able to complete the census form on-line through the USFA Web site, or by filling out a paper census form and faxing the completed form, or sending it in a return envelope.

Affected Public: Federal, State, local, government, volunteer and industrial fire departments.

Number of Respondents: 9,000.

Estimated Time per Respondent: 25 minutes.

Estimated Total Annual Burden Hours: 3,750 hours.

Frequency of Response: Once.

Comments: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs at OMB, Attention: Desk Officer for the Department of Homeland Security/FEMA, Docket Library, Room 10102, 725 17th Street, NW., Washington, DC 20503, or facsimile number (202) 395-7285. Comments must be submitted on or before March 1, 2006.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection should be made to Chief, Records Management, FEMA, 500 C Street, SW., Room 316, Washington, DC 20472, facsimile number (202) 646-3347, or e-mail address FEMA-Information-Collections@dhs.gov.
