Advisory Committee on Historical Diplomatic Documentation Notice of Meeting

SUMMARY: The Advisory Committee on Historical Diplomatic Documentation will meet in the Department of State, 2201 C Street NW., Washington, DC September 11-12, 2006, in Conference Room 1107. Prior notification and a valid government-issued photo ID (such as driver's license, passport, U.S. government or military ID) are required for entrance into the building. Members of the public planning to attend must notify Chris Tudra, Office of the Historian (202-663-3054) no later than September 6, 2006 to provide date of birth, valid government-issued photo ID (such as driver's license, passport, U.S. government ID number/agency or military ID number/branch), and relevant telephone numbers. If you cannot provide one of the enumerated forms of ID, please consult Chris Tudra for acceptable alternative forms of picture identification.

The Committee will meet in open session from 1:30 p.m. through 3 p.m. on Monday, September 11, 2006, in Room 1105 to discuss declassification and transfer of Department of State records to the National Archives and Records Administration and the status of the *Foreign Relations* series. The remainder of the Committee's sessions from 3:15 p.m. until 4:30 p.m. on Monday, September 11, 2006, and 9 a.m. until 1 p.m. on Tuesday, September 12, 2006, will be closed in accordance with Section 10(d) of the Federal Advisory Committee Act (Pub. L. 92-463). The agenda calls for discussions of agency declassification decisions

concerning the *Foreign Relations* series and other declassification issues. These are matters not subject to public disclosure under 5 U.S.C. 552b(c)(1) and the public interest requires that such activities be withheld from disclosure.

Questions concerning the meeting should be directed to Marc J. Susser, Executive Secretary, Advisory Committee on Historical Diplomatic Documentation, Department of State, Office of the Historian, Washington, DC 20520, telephone (202) 663-1123, (e-mail history@state.gov).

Dated: August 14, 2006.

Marc Susser,

Executive Secretary, Department of State.

Federal Aviation Administration

[Docket No. FAA-2006-25695]

Notice of a Proposed Change in Monitor Status of Air Navigational Aids at Two Airports

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Request for public comment.

SUMMARY: The Federal Aviation Administration (FAA) is requesting public comment on a proposal to change the monitor status of air navigational aids (NAVAIDS) at two (2) airports.

The NAVAIDS are currently monitored by Automated Flight Service Stations (AFSS) in Florida and Wyoming that were formerly operated by the FAA. Since October 4, 2005 these AFSS sites have been operating under a Federal Contract with Lockheed Martin Corporation. During the early stages of the contracting process, the FAA determined that monitoring of NAVAIDS was not part of the mission of flight service stations and therefore was not included in the contract.

Neither of the NAVAIDS are part of a published instrument approach into an airport. The proposed time for the NAVAIDS to become unmonitored is 30 days prior to the date the respective AFSS site closes for consolidation into a Lockheed Martin FS-21 site.

The Non-Directional Beacons (NDB) that are proposed to become unmonitored are: Antelope (AOP) NDB, Rock Springs, Wyoming; and Vero Beach (VEP) NDB, Vero Beach, Florida.

DATES: Comments must be received by September 29, 2006.

ADDRESSES: Written comments may be submitted [identified by Docket Number

National Highway Traffic Safety Administration

[Docket No. NHTSA-2006-25687]

Annual List of Defect and Noncompliance Decisions Affecting Nonconforming Imported Vehicles

AGENCY: National Highway Traffic Safety Administration (NHTSA), DOT.

ACTION: Annual list of defect and noncompliance decisions affecting nonconforming vehicles imported by registered importers.

SUMMARY: This document contains a list of vehicles recalled by their manufacturers during Calendar Year 2005 (January 1, 2005 through December 31, 2005) to correct a safety-related defect or a noncompliance with an applicable Federal motor vehicle safety standard (FMVSS). The listed vehicles are those that NHTSA has decided are substantially similar to vehicles imported into the United States that were not originally manufactured and certified to conform to all applicable FMVSS. The registered importers of those nonconforming vehicles are required to provide their owners with notification of, and a remedy for, the defects or noncompliances for which the listed vehicles were recalled.

FOR FURTHER INFORMATION CONTACT:

Coleman Sachs, Office of Vehicle Safety Compliance, NHTSA (202-366-3151).

SUPPLEMENTARY INFORMATION: Under 49 U.S.C. 30141(a)(1)(A), a motor vehicle that was not originally manufactured to conform to all applicable Federal motor vehicle safety standards (FMVSS) shall be refused admission into the United States unless NHTSA has decided that the motor vehicle is substantially similar to a motor vehicle of the same model year that was originally manufactured for importation into and sale in the United States and certified under 49 U.S.C. 30115. Once NHTSA decides that a nonconforming vehicle is eligible for importation, it may be imported by a person who is registered with the agency pursuant to 49 U.S.C. 30141(c). Before releasing the vehicle for use on public streets, roads, or highways, the registered importer must certify to NHTSA, pursuant to 49 U.S.C. 30146(a), that the vehicle has been brought into conformity with all applicable FMVSS.

If a vehicle originally manufactured for importation into and sale in the United States is decided to contain a defect related to motor vehicle safety, or not to comply with an applicable FMVSS, 49 U.S.C. 30147(a)(1)(A) provides that the same defect or noncompliance is deemed to exist in any nonconforming vehicle that NHTSA has decided to be substantially similar and for which a registered importer has submitted a certificate of conformity to the agency. Under 49 U.S.C. 30147(a)(1)(B), the registered importer is deemed to be the nonconforming vehicle's manufacturer for the purpose of providing notification of, and a remedy for, the defect or noncompliance.

To apprise registered importers of the vehicles for which they must conduct a notification and remedy (*i.e.*, "recall") campaign, 49 U.S.C. 30147(a)(2) requires NHTSA to publish in the **Federal Register** notice of any defect or noncompliance decision that is made with respect to substantially similar U.S. certified vehicles. Annex A contains a list of all such decisions that were made during Calendar Year 2005. The list identifies the Recall Number that was assigned to the recall by NHTSA after the agency received the manufacturer's notification of the defect or noncompliance under 49 CFR Part 573. After December 31, 2006, NHTSA will publish a comparable list of all defect and noncompliance decisions affecting nonconforming imported vehicles that are made during the current calendar year.

Under 49 U.S.C. 30120(a), a manufacturer may remedy a safety-related defect or noncompliance in a motor vehicle by repairing the vehicle, replacing the vehicle with an identical or reasonably equivalent vehicle, or by refunding the purchase price, less a reasonable allowance for depreciation. For each of the vehicles listed, the manufacturer elected to remedy the defect or noncompliance by repair, and not by replacing the vehicle or by refunding the purchase price.

Authority: 49 U.S.C. 30147(a)(2); delegations of authority at 49 CFR 1.50 and 501.8.

Issued on: August 24, 2006.

Claude H. Harris,

Director, Office of Vehicle, Safety Compliance.
