

provided sufficient evidence of identifications of leaders or of a governing body of the petitioning group by authoritative, knowledgeable external sources on a substantially continuous basis since 1917. The BLB petitioner does not meet criterion 83.7(c), under the provisions of section 83.8(d)(5), because it has not provided a combination of evidence sufficient to demonstrate that the petitioning group has maintained political influence or authority over its members from 1917 to the present. From 1917 into the 1970's, the available evidence, with one exception, demonstrates political activity by Burt Lake band descendants within entities much larger than the petitioner. This historical pattern persists at present.

The politically active members of the BLB are part of the greater Burt Lake community, composed predominantly of Indian individuals who are not members of BLB. Past members of BLB, who are now enrolled in a federally recognized tribe, influence the petitioner's members on significant issues. Authority flows from influential family members to their kin. Families, however, have members both in BLB and in federally recognized tribes, primarily LTBB, or not enrolled in any Indian tribe or petitioner. Younger, peripheral members of BLB consult with older relatives who belong to LTBB concerning BLB issues, and these older relatives, former BLB members, deal with leaders of the greater Burt Lake community who belong to both organizations. The evidence demonstrates the existence of influence within a group of Burt Lake band descendants larger than the current membership of the petitioner, rather than a bilateral relationship between leaders and members within the petitioning group.

Criterion 83.7(d) requires that the petitioner provide a copy of the group's present governing document including its membership criteria. The BLB petitioner submitted a constitution, voted on by the members via absentee ballots in February 2005, and certified as the group's official governing document by a resolution dated April 9, 2005. The BLB petitioner submitted a copy of its current governing document, which includes its membership criteria and the processes by which it governs itself. Therefore, the BLB petitioner meets criterion 83.7(d).

Criterion 83.7(e) requires that the petitioner's membership consist of individuals who descend from a historical Indian tribe or from historical Indian tribes which combined and functioned as a single autonomous

political entity. The BLB submitted a membership list dated April 2005, identifying 320 members, and including all categories of information required by section 83.7(e)(2). This represents a removal of 624 of the 857 members who appeared on the group's December 2002 membership list, and an addition of 87 new members.

The FD found that 68 percent, or 218 of the 320 BLB members, could satisfactorily document descent from the historical band. The 102 members who could not document descent from the historical tribe included 53 descendants of two non-Cheboygan women, Elizabeth Martell and Charlotte Boda, who arrived in the Burt Lake area after the October 1900 burnout of the Indian village. These women had siblings who married into the group, but neither the women nor their descendants did so. The other 49 members could not document descent from the historical tribe due to missing or insufficient evidence of descent. Based on precedent, because only 68 percent of its members descend from the historical Cheboygan band, the BLB petitioner does not meet the requirements of criterion 83.7(e).

Criterion 83.7(f) requires that the membership of the petitioning group be composed principally of persons who are not members of any acknowledged North American Indian tribe. A review of the available documentation revealed that the membership is composed principally of persons who are not members of any acknowledged North American Indian tribe. The BLB petitioner meets criterion 83.7(f).

Criterion 83.7(g) requires that neither the petitioner nor its members be the subject of congressional legislation that has expressly terminated or forbidden the Federal relationship. A review of the available documentation showed no evidence that the petitioning group was the subject of congressional legislation to terminate or prohibit a Federal relationship as an Indian tribe. The BLB petitioner meets the requirements of criterion 83.7(g).

As provided by 25 CFR 83.10(h), a report summarizing the evidence, reasoning, and analyses that are the basis for the final determination will be provided to the petitioner and interested parties, and is available to other parties upon written request.

After the publication of notice of the final determination, the petitioner or any interested party may file a request for reconsideration with the Interior Board of Indian Appeals (IBIA) under the procedures set forth in section 83.11 of the regulations. This request must be received by the IBIA no later than 90

days after the publication of the final determination in the **Federal Register**. The final determination will become effective as provided in the regulations 90 days from the **Federal Register** publication unless a request for reconsideration is filed within that time period.

Dated: September 21, 2006.

SUPPLEMENTARY INFORMATION:

Background.—On July 2, 1996, the Department of Commerce issued an antidumping duty order on imports of clad steel plate from Japan (61 FR 34421). Following five-year reviews by Commerce and the Commission, effective November 16, 2001, Commerce issued a continuation of the antidumping duty order on imports of clad steel plate from Japan (66 FR 57703). The Commission is now conducting a second review to determine whether revocation of the order would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. It will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct a full review or an expedited review. The Commission's determination in any expedited review will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to this review:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year review, as defined by the Department of Commerce.

(2) The *Subject Country* in this review is Japan.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the Subject Merchandise. In its original determination and its expedited five-year review determination, the Commission defined the Domestic Like Product as all clad steel plate coextensive with Commerce's scope of the investigation, *i.e.*, all clad steel plate of a width of 600mm or more and a composite thickness of 4.5mm or more, regardless of cladding alloy.

(4) The *Domestic Industry* is the U.S. producers as a whole of the Domestic

Like Product, or those producers whose collective output of the Domestic Like Product constitutes a major proportion of the total domestic production of the product. In its original determination and its expedited five-year review determination, the Commission defined the Domestic Industry as producers of clad steel plate of a width of 600mm or more and a composite thickness of 4.5mm or more.

(5) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the Subject Merchandise into the United States from a foreign manufacturer or through its selling agent.

Participation in the review and public service list.—Persons, including industrial users of the *Subject Merchandise* and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the review as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11(b)(4) of the Commission's rules, no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the review.

Former Commission employees who are seeking to appear in Commission five-year reviews are reminded that they are required, pursuant to 19 CFR 201.15, to seek Commission approval if the matter in which they are seeking to appear was pending in any manner or form during their Commission employment. The Commission is seeking guidance as to whether a second transition five-year review is the "same particular matter" as the underlying original investigation for purposes of 19 CFR 201.15 and 18 U.S.C. 207, the post employment statute for Federal employees. Former employees may seek informal advice from Commission ethics officials with respect to this and the related issue of whether the employee's participation was "personal and substantial." However, any informal consultation will not relieve former employees of the obligation to seek approval to appear from the Commission under its rule 201.15. For ethics advice, contact Carol McCue Verratti, Deputy Agency Ethics Official, at 202-205-3088.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and APO service list.—Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI

submitted in this review available to authorized applicants under the APO issued in the review, provided that the application is made no later than 21 days after publication of this notice in the **Federal Register**. Authorized applicants must represent interested parties, as defined in 19 U.S.C. 1677(9), who are parties to the review. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Certification.—Pursuant to section 207.3 of the Commission's rules, any person submitting information to the Commission in connection with this review must certify that the information is accurate and complete to the best of the submitter's knowledge. In making the certification, the submitter will be deemed to consent, unless otherwise specified, for the Commission, its employees, and contract personnel to use the information provided in any other reviews or investigations of the same or comparable products which the Commission conducts under Title VII of the Act, or in internal audits and investigations relating to the programs and operations of the Commission pursuant to 5 U.S.C. Appendix 3.

Written submissions.—Pursuant to section 207.61 of the Commission's rules, each interested party response to this notice must provide the information specified below. The deadline for filing such responses is November 21, 2006. Pursuant to section 207.62(b) of the Commission's rules, eligible parties (as specified in Commission rule 207.62(b)(1)) may also file comments concerning the adequacy of responses to the notice of institution and whether the Commission should conduct an expedited or full review. The deadline for filing such comments is December 15, 2006. All written submissions must conform with the provisions of sections 201.8 and 207.3 of the Commission's rules and any submissions that contain BPI must also conform with the requirements of sections 201.6 and 207.7 of the Commission's rules. The Commission's rules do not authorize filing of submissions with the Secretary by facsimile or electronic means, except to the extent permitted by section 201.8 of the Commission's rules, as amended, 67 FR 68036 (November 8, 2002). Also, in accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the review must be served on all other parties to the review (as identified by either the public or APO service list as appropriate), and a certificate of service must accompany the document (if you

are not a party to the review you do not need to serve your response).

Inability to provide requested information.—Pursuant to section 207.61(c) of the Commission's rules, any interested party that cannot furnish the information requested by this notice in the requested form and manner shall notify the Commission at the earliest possible time, provide a full explanation of why it cannot provide the requested information, and indicate alternative forms in which it can provide equivalent information. If an interested party does not provide this notification (or the Commission finds the explanation provided in the notification inadequate) and fails to provide a complete response to this notice, the Commission may take an adverse inference against the party pursuant to section 776(b) of the Act in making its determination in the review.

(10) Identify significant changes, if any, in the supply and demand conditions or business cycle for the Domestic Like Product that have occurred in the United States or in the market for the Subject Merchandise in the Subject Country after 2000, and significant changes, if any, that are likely to occur within a reasonably foreseeable time. Supply conditions to consider include technology; production methods; development efforts; ability to increase production (including the shift of production facilities used for other products and the use, cost, or availability of major inputs into production); and factors related to the ability to shift supply among different national markets (including barriers to importation in foreign markets or changes in market demand abroad). Demand conditions to consider include end uses and applications; the existence and availability of substitute products; and the level of competition among the Domestic Like Product produced in the United States, Subject Merchandise produced in the Subject Country, and such merchandise from other countries.

(11) (Optional) A statement of whether you agree with the above definitions of the Domestic Like Product and Domestic Industry; if you disagree with either or both of these definitions, please explain why and provide alternative definitions.
