This notice is soliciting comments from members of the public and affected agencies concerning the proposed information collection in order to: (1) Evaluate whether the proposed information collection is necessary for the proper performance of the Department's program functions; (2) Evaluate the accuracy of the Department's assessment of the paperwork burden that may result from the proposed information collection; (3) Enhance the quality, utility and clarity of the information which must be collected; and (4) Minimize the burden of the information collection on responders, including the use of appropriate automated collection techniques or other forms of information technology (e.g., electronic transmission of data).

Title of Regulation: 24 CFR Part 100, Implementation of the Housing for Older Persons Act of 1995; Final Rule.

OMB Control Number, if applicable: 2529-0046.

Description of the need for the information and proposed use: In the Fair Housing Amendments Act of 1988 [42 U.S.C. 3601 *et seq.*], Congress prohibited discrimination in the sale, rental or advertising of housing based

on familial status (individuals living with one or more children under 18 years of age). However, at section 3607(b)(2) of the Act, Congress exempted three (3) categories of "housing for older persons" from liability for familial status discrimination: (1) Housing providing under any State or Federal program which the Secretary of HUD determines is "specifically designed and operated to assist elderly persons (as defined in the State or Federal program)"; (2) housing intended for, and solely occupied by persons 62 years of age or older; and (3) housing intended and operate for occupancy by at least one person 55 years of age or older per unit ["55 or older" housing]. In December 1995, Congress passed the "Housing for Older Persons Act of 1995 (HOPA)" [Pub. L. 104-76]. The HOPA modified the "55 or older" housing exemption provided under § 3607(b)(2)(C) of the Act by eliminating the requirement for "significant facilities and services specifically designed to meet the physical or social needs of older persons." The HOPA still requires that at least 80 percent of the occupied units must be occupied by at least one person who is 55 years of age or older; and that housing providers must publish and adhere to policies and procedures that demonstrate the intent to operate housing for persons 55 years of age or older. In addition, the HOPA mandates compliance with "rules issued by the Secretary for verification of occupancy, which shall * * * provide for [age] verification by reliable surveys and affidavits."

The HOPA Final Rule does not significantly increase the Act's recordkeeping burden. It describes in greater detail the documentary evidence which HUD will consider when determining whether or not a housing facility or community qualifies for the "55 or older" housing exemption. Further, § 100.350(e)(5) of the HOPA Final Rule established a non extendible one-year transition period [May 3, 1999-May 3, 2000] for existing housing facilities or communities that wished to qualify for the "55 or older" housing exemption. An existing housing facility or community that failed to achieve compliance with the HOPA exemption requirements by May 3, 2000, was required to: (1) Cease reserving vacant units for "55 or older" residents; (2) market available dwellings to the general public regardless of familial status; and (3) rescind all policies, practices and procedures that discriminate against persons with minor children. By definition, such housing
