

transmission line to connect to the existing Algonquin HubLine.

Neptune would have an average throughput capacity of 500 million standard cubic feet per day (MMscfd) and a peak capacity of approximately 750 MMscfd. Natural gas would be sent out by means of two flexible risers and subsea flowlines leading to a 24-inch gas transmission pipeline. The transmission pipeline would connect the deepwater port to the existing 30-inch Algonquin HubLine. No onshore components or storage facilities are associated with the proposed deepwater port application. Construction of the deepwater port components would be expected to take 36 months, with a startup of commercial operations in late 2009. The deepwater port would be designed, constructed and operated in accordance with applicable codes and standards and would have an expected operating life of approximately 20 years.

U.S. Army Corps of Engineers Permits

Pipelines within the three-mile limit require an Army Corps of Engineers (USACE) permit under Section 404 of the Clean Water Act and Section 10 of the Rivers and Harbors Act. Structures such as the moorings and lateral pipelines beyond the three-mile limit require a Section 10 permit.

As required by their regulations, the USACE has maintained a permit file. The USACE New England District phone number is 978-318-8338 and their Web site is <http://www.nae.usace.army.mil>.

Comments sent to the USACE have been incorporated into the EIS; will continue to be incorporated into the DOT docket; and will continue to be considered in the licensing and USACE permitting decisions. The USACE, among others, is a cooperating agency; is assisting in the NEPA process as described in 40 CFR 1501.6., and has conducted joint public hearings with the Coast Guard and MARAD.

Massachusetts Environmental Policy Act (MEPA)

Through a Special Review Procedure established by the Massachusetts Executive Office of Environmental Affairs (EOEA), the USCG and the MEPA Office are conducting a coordinated NEPA/MEPA review allowing a single document to serve simultaneously as both the EIS under NEPA and the Environmental Impact Report (EIR) under MEPA. The Certificates establishing the Special Review Procedure and the Scope for the Draft Environmental Impact Report can be viewed at <http://www.mass.gov/envir/mepa/secondlevelpages/>

recentdecisions.htm. The EIR will be published in the Environmental Monitor on November 8, 2006; ENF comments are due November 28, 2006; ENF decisions are due December 8, 2006; the Secretary of Environmental Affairs will accept written comments on the Environmental Impact Report through December 8, 2006; and the EIR decisions (Certificate) is due December 15, 2006. Comments may be submitted electronically, by mail, via FAX, or by hand delivery. Please note that comments submitted on MEPA documents are public records. The mailing address for comments is: Secretary Robert W. Golledge, Jr., EOEA, Attn: MEPA Office, Richard Bourre, EOEA No. 13473/13474, 100 Cambridge Street, Suite 900, Boston MA 02114.

Dated: October 30, 2006.

Joel C. Richard,

Secretary, Maritime Administration.

BILLING CODE 4910-81-P

DEPARTMENT OF TRANSPORTATION

Surface Transportation Board

[STB Docket No. AB-998X]

Timber Rock Railroad, Inc.— Discontinuance of Service Exemption—In Burleson, Brazos, Grimes, Montgomery, Liberty, Hardin and Jefferson Counties, TX

On October 13, 2006, Timber Rock Railroad, Inc. (TIBR) filed with the Surface Transportation Board a petition under 49 U.S.C. 10502 for exemption from the provisions of 49 U.S.C. 10903. TIBR seeks to discontinue service over a 116-mile portion of rail line that it operates under lease from BNSF Railway Company (BNSF), the owner of the line. The line extends between (1) milepost 149.5 near Silsbee, TX, and milepost 52.5 near Dobbin, TX, (2) milepost 20.70 near Silsbee, TX, and milepost 4.5 near Beaumont, TX, and (3) milepost 149.5 and milepost 152.30 and track No. 498 in the Silsbee Yard near Silsbee, TX. TIBR also seeks to discontinue its 54.72 miles of overhead trackage rights operations over BNSF lines extending between (1) milepost 52.5 near Dobbin, TX, and milepost 144.0 on the BNSF Galveston Subdivision at Somerville, TX, and (2) milepost 4.5 near Beaumont, TX, and milepost 2.28 at Beaumont, TX.¹ The

¹ TIBR was authorized to lease from BNSF and operate approximately 117.82 miles of rail line in Texas. TIBR also was authorized to acquire 54.72 miles of incidental overhead trackage rights over connecting BNSF rail lines. See *Timber Rock*

lines traverse U.S. Postal Service Zip Codes 77703, 77708, 77713, 77657, 77709, 77656, 77625, 77374, 77376, 77369, 77368, 77327, 77328, 77301, 77302, 77304, 77306, 77316, 77356, 77333, 77363, 77868, 77869 and 77879. The lines are located in Burleson, Brazos, Grimes, Montgomery, Liberty, Hardin and Jefferson Counties, TX. They include the stations of Dobbin, Montgomery, Conroe, Youens, Waukegan, Security, Fostoria, Cleveland, Hightower, Rayburn, Dollen, Romayor, Votaw, Bragg, Honey Island and Kountze. TIBR states that BNSF will resume providing both local and overhead operations on the lines.

The lines do not contain federally granted rights-of-way. Any documentation in TIBR's possession will be made available promptly to those requesting it.

The interest of railroad employees will be protected by the conditions set forth in *Oregon Short Line R. Co.—Abandonment—Goshen*, 360 I.C.C. 91 (1979).

By issuance of this notice, the Board is instituting an exemption proceeding pursuant to 49 U.S.C. 10502(b). A final decision will be issued by January 31, 2007.

Any offer of financial assistance (OFA) under 49 CFR 1152.27(b)(2) to subsidize continued rail service will be due no later than 10 days after service of a decision granting the petition for exemption. Each offer must be accompanied by a \$1,300 filing fee. See 49 CFR 1002.2(f)(25).²

All filings in response to this notice must refer to STB Docket No. AB-998X, and must be sent to: (1) Surface Transportation Board, 1925 K Street, NW., Washington, DC 20423-0001, and (2) Karl Morell, Ball Janik LLP, 1455 F Street, NW., Suite 225, Washington, DC 20005.

Persons seeking further information concerning discontinuance procedures may contact the Board's Office of Public Services at (202) 565-1592 or refer to the full abandonment or discontinuance regulations at 49 CFR part 1152.

Railroad, Inc. Lease Exemption—The Burlington Northern and Santa Fe Railway Company, STB Finance Docket No. 34503 (STB served July 14, 2004, and Oct. 8, 2004). TIBR will continue to lease the 0.46-mile line between milepost 0.5 and milepost 0.96 near Kirbyville, TX, a .26-mile portion between milepost 152.30 and milepost 152.56 at Silsbee, TX, and a 1.10-mile portion between milepost 20.70 and 21.8 at Silsbee, TX, and the Silsbee Yard Tracks, except for Track No. 498, to accommodate better the continued interchange of traffic between BNSF and TIBR at Silsbee, TX.

² Because this is a discontinuance proceeding and not an abandonment, trail use/rail banking and public use conditions are not appropriate. Likewise, no environmental or historic documentation is required under 49 CFR 1105.6(c) and 1105.8.

Questions concerning environmental issues may be directed to the Board's Section of Environmental Analysis (SEA) at (202) 565-1539. [Assistance for the hearing impaired is available through the Federal Information Relay Service (FIRS) at 1-800-877-8339.]

Board decisions and notices are available on our Web site at <http://www.stb.dot.gov>.

Decided: October 25, 2006.

By the Board, David M. Konschnik, Director, Office of Proceedings.

Vernon A. Williams,
Secretary.
