Background

The Codex Alimentarius (Codex) was established in 1963 by two United Nations organizations, the Food and Agriculture Organization and the World Health Organization. Through adoption of food standards, codes of practice, and other guidelines developed by its committees, and by promoting their adoption and implementation by governments, Codex seeks to protect the health of consumers and ensure that fair practices are used in trade.

The Codex Committee on Food Hygiene was established to elaborate codes, standards and related texts for food hygiene. The Committee is hosted by the United States.

Issues To Be Discussed at the Public Meeting

The following items on the Agenda for the 38th Session of the Committee will be discussed during the public meeting:

- Matters referred to the Committee from the other Codex bodies.
- Draft Principles and Guidelines for the Conduct of Microbiological Risk Management and its Annexes.
- Draft Revision of the Code of Hygienic Practice for Egg Products and its Annex.
- Draft Guidelines on the Application of General Principles of Food Hygiene to the Control of *Listeria monocytogenes* in Ready-to-Eat Foods.
- Proposed Draft Code of Hygienic Practice for Powdered Formulae for Infants and Young Children.
- Proposed Draft Guidelines for the Validation of Food Hygiene Control Measures.

- Management of the Work of the Codex Committee on Food Hygiene.

Each issue listed will be fully described in documents distributed, or to be distributed, by the Secretariat prior to the Meeting. Members of the public may access or request copies of these documents (see **ADDRESSES**).

Public Meeting

At the November 9, 2006 public meeting, draft U.S. positions on the agenda items will be described, discussed, and attendees will have the opportunity to pose questions and offer comments. Written comments may be offered at the meeting or sent to the U.S. Delegate for the 38th Session of CCFH, Dr. Robert Buchanan (see **ADDRESSES**). Notice of Preliminary Results of Antidumping Duty Administrative Review and Notice of Initiation of Changed Circumstances Review: Carbon and Certain Alloy Steel Wire Rod from Canada

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce ("the Department") is conducting an administrative review of the antidumping duty order on carbon and certain alloy steel wire rod from Canada for the period October 1, 2004, to September 30, 2005 ("the POR"). We preliminarily determine that sales of subject merchandise by Ivaco Rolling Mills 2004 L.P. and Sivaco Ontario, a division of Sivaco Wire Group 2004 L.P., (the respondents collectively refer to themselves as "Ivaco") have been made below normal value ("NV"). If these preliminary results are adopted in our final results, we will instruct U.S. Customs and Border Protection ("CBP") to assess antidumping duties on appropriate entries. Interested parties are invited to comment on these preliminary results. We will issue the final results no later than 120 days from the publication of this notice.

In response to Ivaco's January 12, 2006, response to the Department's original Section A questionnaire, notifying the Department that the assets of Ivaco, Inc. and all of its divisions (e.g., Sivaco Ontario, and Sivaco Quebec) had been purchased, the Department is self-initiating a changed circumstances review of the antidumping duty order on carbon and certain alloy steel wire rod from Canada.
