In order for OWCP's billing contractor to pay providers of these services with its automated bill processing system, providers must "enroll" with one or more of the OWCP programs that administer the statutes by

submitting certain profile information, including identifying information, tax I.D. information, and whether they possess specialty or sub-specialty training. Form OWCP 1168 is used to obtain this information from each provider.

The information provided is used by all four programs to identify the providers of medical and vocational rehabilitation services, and to direct payments to these providers accurately and in a timely manner. The information obtained also provides data for the contractor to carry out a wide range of automated bill "edits", such as the identification of duplicate billings, the application of pertinent fee schedules, utilization review, and fraud and abuse detection. The profile information is also used to furnish detailed reports to providers on the status of previously submitted bills.
