Eaton Corporation, Engine Air Management Operations; Belmond, IA; Dismissal of Application for Reconsideration

Pursuant to 29 CFR 90.18(C) an application for administrative reconsideration was filed with the Director of the Division of Trade Adjustment Assistance for workers at Eaton Corporation, Engine Air Management Operations, Belmond, Iowa. The application did not contain new information supporting a conclusion that the determination was erroneous, and also did not provide a justification for reconsideration of the determination that was based on either mistaken facts or a misinterpretation of facts or of the law. Therefore, dismissal of the application was issued.

Investigations Regarding Certifications of Eligibility To Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance

Petitions have been filed with the Secretary of Labor under Section 221(a) of the Trade Act of 1974 ("the Act") and are identified in the Appendix to this notice. Upon receipt of these petitions, the Director of the Division of Trade Adjustment Assistance, Employment and Training Administration, has instituted investigations pursuant to Section 221(a) of the Act.

The purpose of each of the investigations is to determine whether the workers are eligible to apply for adjustment assistance under Title II, Chapter 2, of the Act. The investigations will further relate, as appropriate, to the determination of the date on which total or partial separations began or threatened to begin and the subdivision of the firm involved.

The petitioners or any other persons showing a substantial interest in the subject matter of the investigations may request a public hearing, provided such request is filed in writing with the Director, Division of Trade Adjustment Assistance, at the address shown below, not later than March 29, 2007.

Interested persons are invited to submit written comments regarding the subject matter of the investigations to the Director, Division of Trade Adjustment Assistance, at the address shown below, not later than March 29, 2007.

The petitions filed in this case are available for inspection at the Office of the Director, Division of Trade Adjustment Assistance, Employment and Training Administration, U.S. Department of Labor, Room C-5311, 200 Constitution Avenue, NW., Washington, DC 20210.

Signed at Washington, DC, this 13th day of March 2007.

Ralph DiBattista,

Director, Division of Trade Adjustment Assistance.

[TA-W-60,530]

Tower Automotive, Inc.; Upper
Sandusky, OH; Notice of Revised
Determination on Reconsideration

By application of February 19, 2007 a company official requested administrative reconsideration of the Department's negative determination regarding eligibility for workers and former workers of the subject firm to apply for Trade Adjustment Assistance (TAA) and Alternative Trade Adjustment Assistance (ATAA).

The initial investigation resulted in a negative determination signed on February 1, 2007 was based on the finding that imports of automotive suspension components and steel stampings did not contribute importantly to worker separations at the subject plant and no shift of production to a foreign source occurred. The denial was published in the **Federal Register** on February 14, 2007 (72 FR 7088).

In the request for reconsideration, the petitioner provided additional information regarding the subject firm's customers and requested an investigation relating to secondary impact concerning the subject firm as an upstream supplier in the production of fabric. A review of the new facts determined that the workers of the subject firm may be eligible for TAA on the basis of a secondary upstream supplier impact.

The Department conducted an investigation of subject firm workers on the basis of secondary impact. It was revealed that Tower Automotive, Inc., Upper Sandusky, Ohio supplied automotive suspension components and steel stampings that were used in the production of motor vehicles, and a loss of business with domestic manufacturers (whose workers were certified eligible to apply for adjustment assistance) contributed importantly to the workers separation or threat of separation.

In accordance with Section 246 the Trade Act of 1974 (26 U.S.C. 2813), as amended, the Department of Labor herein presents the results of its investigation regarding certification of eligibility to apply for alternative trade adjustment assistance (ATAA) for older workers.

In order for the Department to issue a certification of eligibility to apply for ATAA, the group eligibility requirements of Section 246 of the Trade Act must be met. The Department has determined in this case that the requirements of Section 246 have been met.

A significant number of workers at the firm are age 50 or over and possess skills that are not easily transferable. Competitive conditions within the industry are adverse.

Conclusion

After careful review of the facts obtained in the investigation, I determine that all workers of Tower Automotive, Inc., Upper Sandusky, Ohio qualify as adversely affected secondary workers under Section 222 of the Trade Act of 1974, as amended. In accordance with the provisions of the Act, I make the following certification:

All workers of Tower Automotive, Inc., Upper Sandusky, Ohio, who became totally or partially separated from employment on or after December 5, 2005, through two years from the date of this certification, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974, and are eligible to apply for alternative trade adjustment assistance under Section 246 of the Trade Act of 1974.
