

Deletions

On October 27, 2006 & November 3, 2006 the Committee for Purchase From People Who Are Blind or Severely Disabled published notice (71 FR 62992, 64682) of proposed deletions to the Procurement List.

After consideration of the relevant matter presented, the Committee has determined that the products listed below are no longer suitable for procurement by the Federal Government under 41 U.S.C. 46–48c and 41 CFR 51–2.4.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action may result in additional reporting, recordkeeping or other compliance requirements for small entities.

2. The action may result in authorizing small entities to furnish the products to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46–48c) in connection with the products deleted from the Procurement List.

SUPPLEMENTARY INFORMATION:**I. Abstract**

In the interest of national security, patent laws and rules place certain limitations on the disclosure of information contained in patents and patent applications and on the filing of applications for patents in foreign countries. When an invention is determined to be detrimental to national security, the Commissioner for Patents at the United States Patent and Trademark Office (USPTO) must issue a secrecy order and withhold the grant of a patent for such period as the national interest requires. If a secrecy order is applied to an international application, the application will not be forwarded to

the International Bureau as long as the secrecy order is in effect. The USPTO collects information to determine whether the patent laws and rules have been complied with, and to grant or revoke licenses to file abroad when appropriate. This collection of information is required by 35 U.S.C. 181-188 and administered through 37 CFR Ch. 1, Part 5, 5.1-5.33.

There are no forms associated with this collection of information.

II. Method of Collection

By mail, facsimile, or hand delivery to the USPTO when the applicant or agent files a patent application with the

USPTO, submits subsequent papers during the prosecution of the application to the USPTO, or submits a request for a foreign filing license for a patent application to be filed abroad before the filing of a United States patent application.

III. Data

OMB Number: 0651-0034.

Form Number(s): None.

Type of Review: Extension of a currently approved collection.
Affected Public: Business or other for profit; not-for-profit institutions.

Estimated Number of Respondents: 1,669 responses per year.

Estimated Time per Response: The USPTO estimates that it will take between 30 minutes to 4 hours to gather, prepare and submit this information, depending upon the complexity of the situation.

Estimated Total Annual Respondent Burden Hours: 1,310 hours per year.

Estimated Total Annual Respondent Cost Burden: \$398,240. Using the professional hourly rate of \$304 for associate attorneys in private firms, the USPTO estimates \$398,240 per year for salary costs associated with respondents.

Item	Estimated time for response	Estimated annual responses	Estimated annual burden hours
Petition for rescission of secrecy order	3 hours	6	18
Petition to disclose or modification of secrecy order	2 hours	3	6
Petition for general and group permits	1 hour	1	1
Petition for expedited handling of license (no corresponding application)	30 minutes ..	1,402	701
Petition for expedited handling of license (corresponding U.S. application)	30 minutes ..	126	63
Petition for changing the scope of a license	30 minutes ..	1	1
Petition for retroactive license	4 hours	130	520
Totals	1,669	1,310

Estimated Total Annual Non-Hour Respondent Cost Burden: \$331,865. There are no capital start-up or

maintenance costs associated with this information collection. There are, however, filing fees and postage costs.

This collection has a total of \$331,800 in associated filing fees, as shown in the accompanying table:

Item	Responses (a)	Filing fee (\$)(b)	Total filing fee cost burden (c)(a × b)
Petition for rescission of secrecy order	6	\$0	\$0.00
Petition to disclose or modification of secrecy order	3	0	0.00
Petition for general and group permits	1	0	0.00
Petition for expedited handling of license (no corresponding application)	1,402	200.00	280,400.00
Petition for expedited handling of license (corresponding U.S. application)	126	200.00	25,200.00
Petition for changing the scope of a license	1	200.00	200.00
Petition for retroactive license	130	200.00	26,000.00
Totals	1,669	331,800.00

The USPTO estimates that 90 percent (90%) of the petitions in this collection are submitted to the USPTO by facsimile or hand carried because of the quick turnaround required. For the 10 percent (10%) of the public that chooses to submit the petitions in this collection to the USPTO by mail through the United States Postal Service, the USPTO estimates that the average first class postage cost for a mailed submission will be 39 cents. Therefore, the USPTO estimates that up to 167 submissions per year may be mailed to the USPTO at an average first class postage cost of 39 cents, for a total postage cost of \$65.

The USPTO estimates that the total non-hour respondent cost burden for

this collection in the form of postage costs and filing fees amounts to \$331,865.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information

on respondents, e.g., the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized or included in the request for OMB approval of this information collection; they will also become a matter of public record.

Dated: January 4, 2007.

Records Officer, USPTO, Office of the Chief Information Officer, Architecture, Engineering and Technical Services, Data Architecture and Services Division.
