Take notice that the Commission received the following electric reliability filings:

Docket Numbers: RR07-10-000.

Applicants: North American Electric Reliability Corporation.

Description: North American Electric Reliability Corporation submits for FERC's approval proposed violation risk factors for requirements in Version 1 reliability standards included in its reliability standards approved by Order 693.

Filed Date: 03/23/2007.

Accession Number: 20070327-0162.

Comment Date: 5 p.m. Eastern Time on Monday, April 23, 2007.

Any person desiring to intervene or to protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) on or before 5 p.m. Eastern time on the specified comment date. It is not necessary to separately intervene again in a subdocket related to a compliance filing if you have previously intervened in the same docket. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. In reference to filings initiating a new proceeding, interventions or protests submitted on or before the comment deadline need not be served on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the

eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St., NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

[Project No. 10228-038]

American Municipal Power—Ohio, Inc., Cannelton Hydroelectric Project, L.P.; Notice of Availability of Environmental Assessment

March 27, 2007.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission (Commission or FERC) regulations contained in the Code of Federal Regulations (CFR) (18 CFR part 380 [FERC Order No. 486, 52 FR 47897]), the Office of Energy Projects staff (staff) reviewed a proposal to amend the design authorized by the license for the Cannelton Hydroelectric Project, to be located at the U.S. Corps of Engineers' Cannelton Locks and Dam on the Ohio River in Hancock County, Kentucky, and prepared an environmental assessment (EA) for the proposed amendment of the project license. In this EA, staff analyzes the potential environmental effects of replacing the authorized 140 small generator units with three conventional turbine and generator units and concludes that the amendment would not constitute a major federal action

significantly affecting the quality of the human environment.

A copy of the EA is attached to a Commission order titled "Order Amending License," issued March 22, 2007 and is available for review at the Commission in the Public Reference Room, located at 888 First Street, NE., Room 2A, Washington, DC 20426, or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. The Commission's Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person whose name appears on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency. A copy of any motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

k. *Description of Application:* The licensee requests permission to allow Lakeside Commons, LLC (permittee) to construct a new marina at Lakeside Park that was formerly used as a trailer park and private multi-slip facility. The facility would serve a privately owned planned residential townhouse community that will consist of 59 units. The proposed marina would be constructed along a 1,606 linear foot section of Lake Gaston's shoreline along Pea Hill Creek north of Gasburg Road. The permittee would remove the existing piers, boathouse structures, bulkheads, and boat ramps. These structures would be replaced by rip rap, two pier structures within the cove and seven six-foot wide access walkways perpendicular to the shoreline. The total number of proposed boat slips is 57 inner boat slips: 55 slips will be for homeowner use plus two additional boat slips for use by the Virginia Department of Game and Inland
