U.S. AGENCY FOR INTERNATIONAL DEVELOPMENT

Notice of Public Information Collection Requirements Submitted to OMB for Review

SUMMARY: U.S. Agency for International Development (USAID) has submitted the following information collections to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding this information collection are best assured of having their full effect if received within 30 days of this notification. Comments should be sent via e-mail to David_Rostker@omb.eop.gov or fax to 202-395-7285. Copies of submission may be obtained by calling (202) 712-1365.

SUPPLEMENTARY INFORMATION:

OMB Number: OMB 0412-0012.

Form Number: 282.

Title: Supplier's Certificate Agreement with the U.S. Agency for International Development Invoice-and-Contract Abstract.

Type of Submission: Renewal of Information Collection.

Purpose: The U.S. Agency for International Development (USAID) finances goods and related services under its Commodity Import Program which are contracted for by public and private entities in the countries receiving the USAID Assistance. Since USAID is not a party to these contracts, USAID needs some means to collect information directly from the suppliers of the goods and related services and to enable USAID to take an appropriate action against them in the event they do not comply with the applicable regulations. USAID does this by securing from the suppliers, as a condition for the disbursement of funds a certificate and agreement with USAID which contains appropriate representations by the suppliers.

Annual Reporting burden:

Respondents: 800.

Total annual responses: 2,400.

Total annual hours requested: 1,200 hours.

Dated: March 30, 2007.

Joanne Paskar,

*Chief, Information and Records Division,
Office of Administrative Services, Bureau for
Management.*

Nominations for Member of the National Organic Standards Board

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Notice.

SUMMARY: The Organic Foods Production Act (OFPA) of 1990, as amended, requires the establishment of a National Organic Standards Board (NOSB). The NOSB is a 15-member board that is responsible for developing and recommending to the Secretary a proposed National List of Allowed and Prohibited Substances. The NOSB also advises the Secretary on all other aspects of the National Organic Program. The U.S. Department of Agriculture (USDA) is requesting nominations to fill one Environmentalist position on the NOSB. The Secretary of Agriculture will appoint a person to serve a 5-year term of office that will commence on January 24, 2008, and run until January 24, 2013. USDA encourages eligible minorities, women, and persons with disabilities to apply for membership on the NOSB.

DATES: Written nominations, with resumes, must be post-marked on or before August 17, 2007.

ADDRESSES: Nomination cover letters and resumes should be sent to Ms. Katherine E. Benham, Advisory Board Specialist, USDA-AMS-TMP-NOP, 1400 Independence Avenue, SW., Room 4008-So., Ag Stop 0268, Washington, DC 20250.

FOR FURTHER INFORMATION CONTACT: Ms. Katherine E. Benham, (202) 205-7806; E-mail: katherine.benham@usda.gov; Fax: (202) 205-7808.

SUPPLEMENTARY INFORMATION: The OFPA of 1990, as amended (7 U.S.C. 6501 *et seq.*), requires the Secretary to establish an organic certification program for producers and handlers of agricultural products that have been produced using organic methods. In developing this program, the Secretary is required to establish an NOSB. The purpose of the NOSB is to assist in the development of a proposed National List of Allowed and Prohibited Substances and to advise the Secretary on other aspects of the National Organic Program.

The current NOSB has made recommendations to the Secretary regarding the establishment of the initial organic program. It is anticipated that the NOSB will continue to make recommendations on various matters, including recommendations on substances it believes should be allowed or prohibited for use in organic production and handling.

The NOSB is composed of 15 members; 4 organic producers, 2 organic handlers, a retailer, 3 environmentalists, 3 public/consumer representatives, a scientist, and a certifying agent. Nominations are being sought to fill an Environmentalist vacancy. Individuals appointed to this NOSB position must demonstrate expertise in areas of environmental protection and resource conservation as they relate to organic agricultural production.

To nominate yourself or someone else please submit, at a minimum, a cover letter stating your interest and a copy of the nominee's resume. You may also submit a list of endorsements or letters of recommendation, if desired.

Nominees will be supplied with an AD-755 background information form that must be completed and returned to USDA within 10 working days of its receipt. Resumes and completed background information forms are required for a nominee to receive consideration for appointment by the Secretary.

Equal opportunity practices will be followed in all appointments to the NOSB in accordance with USDA policies. To ensure that the members of the NOSB take into account the needs of the diverse groups that are served by the Department, membership on the NOSB will include, to the extent practicable, individuals who demonstrate the ability to represent

minorities, women, and persons with disabilities.

The information collection requirements concerning the nomination process have been previously cleared by the Office of Management and Budget (OMB) under OMB Control No. 0505-0001.

Dated: April 3, 2007

Lloyd C. Day,

Administrator, Agricultural Marketing Service.

SUPPLEMENTARY INFORMATION:

Title: Export Health Certificate for Animal Products.

OMB Number: 0579-0256.

Type of Request: Extension of approval of a new information collection.

Abstract: The export of agricultural commodities, including animals and animal products, is a major business in the United States and contributes to a favorable balance of trade. To facilitate the export of U.S. animals and products, the Animal and Plant Health Inspection Service (APHIS), U.S. Department of Agriculture (USDA), maintains information regarding the import health requirements of other countries for animals and animal products exported from the United States.

Many countries that import animal products from the United States require a certification from APHIS that the United States is free of certain diseases. These countries may also require that our certification statement contain additional declarations regarding the U.S. animal products being exported. This certification must carry the USDA seal and be endorsed by an APHIS representative (e.g., a Veterinary Medical Officer). Veterinary Services Form 16-4, Health Certificate-Export

Certificate-Animal Products, is used to meet these requirements.

Regulations pertaining to export certification of animals and animal products are contained in 9 CFR parts 91 and 156.

We are asking the Office of Management and Budget (OMB) to approve our use of this form for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the information collection, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the information collection on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies, e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.5 hours per response.

Respondents: U.S. exporters of animal products.

Estimated annual number of respondents: 33,000.

Estimated annual number of responses per respondent: 4.

Estimated annual number of responses: 132,000.

Estimated total annual burden on respondents: 66,000 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 3rd day of April 2007.

Kevin Shea,

Acting Administrator, Animal and Plant Health Inspection Service.
