Further, if an intervener files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency. A copy of any motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

k. *Description of Request:* The licensee proposes to: (1) Move the diversion structure about 54 feet downstream from the authorized location, and change the height of the structure from 10 to 15 feet, which would change the surface area of the impoundment from 0.25 to about 0.30 acre, and its volume from 1.0 to 1.1 acre-feet; (2) extend the access road about 800 feet on the north side of Kasidaya Creek, cross over the creek with a 50-foot-long modular bridge, and then construct an additional 400 feet of road on the south side of the creek, to access the diversion structure; (3) instead of the authorized 675 foot-long tunnel between the diversion structure and the penstock, install a penstock that would be buried adjacent to the proposed extended access road; (4) install a pneumatic-operated gate instead of a spillway with a fixed concrete crest; (5) eliminate the quay at the marine access facilities; and (6) decrease the length of the jetty from 250 to 200 feet. The corridor of the proposed extension of the access road and penstock would be in the same vicinity of the upper segment of penstock that was originally proposed under the license. These modifications would require changing the amount of federal lands occupied by the project from 11.05 acres to 12.14 acres.

l. *Locations of the Application:* A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE., Room 2A, Washington, DC 20426, or by calling (202) 502–8371. This filing may also be viewed on the Commission's Web site at *http://www.ferc.gov* using the ''eLibrary'' link. Enter the docket number excluding the last three digits in the docket number field to access the document. You may also register online at *http://www.ferc.gov/docs-filing/esubscription.asp* to be notified via e-mail of new filings and issuances related to this or other pending projects. For assistance, call 1–866–208–3676 or e-mail *FERCOnlineSupport@ferc.gov*, for TTY, call (202) 502–8659. A copy is also available for inspection and reproduction at the address in item (h) above.

m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

n. *Comments, Protests, or Motions to Intervene:* Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, 385.211, 385.214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

o. Any filings must bear in all capital letters the title ''COMMENTS'', ''PROTEST'', or ''MOTION TO INTERVENE'', as applicable, and the Project Number of the particular application to which the filing refers.

p. *Agency Comments:* Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

q. Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site at *http://www.ferc.gov* under the ''e-Filing'' link.

Kimberly D. Bose,

Secretary.

[Project No. 12455–003]

Beltzville Hydroelectric Project; Notice of Application Accepted for Filing and Soliciting Motions To Intervene and Protests

April 20, 2007.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection.

a. *Type of Application:* Original License.

b. *Project No.:* 12455–003.

c. *Date filed:* December 29, 2006.

d. *Applicant:* Borough of Leighton, Pennsylvania.

e. *Name of Project:* Beltzville Hydroelectric Project.

f. *Location:* The project would be connected to the U.S. Army Corps of Engineers' Beltzville Dam, located on Pohopoco Creek, in the Borough of Leighton, Carbon County, Pennsylvania.

g. *Filed Pursuant to:* The Federal Power Act, 16 U.S.C. 791(a)–825(r).

h. Applicant Contact: Mr. John Hanosek, P.E., Borough Manager, P.O. Box 29, Municipal Building, Second and South Street, Leighton, PA 18235, (610) 377–4002.

i. *FERC Contact:* Jack Hannula, (202) 502–8917 or *john.hannula@ferc.gov*.

j. *Deadline for filing motions to intervene and protests:* 60 days from the issuance date of this notice.

All documents (original and eight copies) should be filed with: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

The Commission's Rules of Practice and Procedures require all intervenors filing documents with the Commission to serve a copy of that document on each person on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

Motions to intervene and protests may be filed electronically via the Internet in lieu of paper. The Commission strongly encourages electronic filings. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (*http://www.ferc.gov*) under the ''e-Filing'' link.

k. This application has been accepted for filing, but is not ready for environmental analysis at this time.

l. *Description of Project:* The project would be located at the existing Corps of Engineers Beltzville Dam which is a 175-foot-high, 4,600-foot-long earth-fill dam with a 23-foot-high, 2,000-foot-long un-gated concrete spillway. The reservoir has 949 surface acres at a normal water surface elevation of 628.0 feet, mean sea level (msl).

The proposed Beltzville Hydroelectric Project would consist of: (1) A new, approximately 150-foot-long penstock connected to the downstream side of Beltsville Dam via an existing outlet conduit that would be modified to include a 78-inch diameter steel pipe

liner, a new 78-inch butterfly valve, Y-branch, and 84-inch slide gate: (2) The penstock would lead to a new 60-foot-long, 30-foot-wide powerhouse which would contain two generating units, a 1,700 kilowatt (kW) unit and a 900 kW generating unit; and (3) a 300-foot-long, 12-kilovolt transmission line. The estimated average annual generation would be 9,470 megawatt hours (MWh).

m. A copy of the application is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at *http://www.ferc.gov* using the ''eLibrary'' link. Enter the docket number (e.g., P–12455) excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support at *FERCOnlineSupport@ferc.gov* or toll-free at 1–866–208–3676, or for TTY, (202) 502–8659. A copy is also available for inspection and reproduction at the address in item h above.

You may also register online at *http://www.ferc.gov/docs-filing/esubscription.asp* to be notified via e-mail of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

n. Any qualified applicant desiring to file a competing application must submit to the Commission, on or before the specified deadline date for the particular application, a competing development application, or a notice of intent to file such an application. Submission of a timely notice of intent allows an interested person to file the competing development application no later than 120 days after the specified deadline date for the particular application. Applications for preliminary permits will not be accepted in response to this notice.

A notice of intent must specify the exact name, business address, and telephone number of the prospective applicant, and must include an unequivocal statement of intent to submit, if such an application may be filed, either a preliminary permit application or a development application (specify which type of application). A notice of intent must be served on the applicant(s) named in this public notice.

o. Anyone may submit a protest or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, 385.211, 385.214. In determining the appropriate action to take, the Commission will consider all protests filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any protests or motions to intervene must be received on or before the specified comment date for the particular application.

When the application is ready for environmental analysis, the Commission will issue a public notice requesting comments, recommendations, terms and conditions, or prescriptions.

All filings must (1) bear in all capital letters the title ''PROTEST'' or ''MOTION TO INTERVENE'', ''NOTICE OF INTENT TO FILE COMPETING APPLICATION'' or COMPETING APPLICATION;'' (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, recommendations, terms and conditions or prescriptions must set forth their evidentiary basis and otherwise comply with the requirements of 18 CFR 4.34(b). Agencies may obtain copies of the application directly from the applicant. A copy of any protest or motion to intervene must be served upon each representative of the applicant specified in the particular application.

p. *Procedural Schedule:* The Commission staff proposes to issue one Environmental Assessment (EA) rather than a draft and final EA. Staff intend to allow 30 days for entities to comment on the EA, and will take into consideration all comments received on the EA before final action is taken on the application.

The application will be processed according to the following schedule. Revisions to the schedule will be made as appropriate.

Action	Date
Issuing Scoping document	May 2007.
Notice the Application is ready for environmental analysis	July 2007.
Notice availability of EA	January 2008.

Kimberly D. Bose,

Secretary.

[Docket No. CP07–62–000]

AES Sparrows Point LNG, LCC; Notice of Technical Conference

April 20, 2007.

On Tuesday, May 8, 2007, at 9 a.m. (EDT), staff of the Office of Energy Projects will convene a cryogenic design and technical conference regarding the proposed Sparrows Point import terminal. The cryogenic conference will be held in the Homewood Suites at Baltimore/Washington International Airport. The hotel is located at 1181 Winterson Road, Linthicum, Maryland, 21090. For Homewood Suites details call 410–684–6100.

The conference will review the design of the LNG storage tanks and facility, instrumentation and controls, hazard detection and controls, spill containment, geotechnical topics, and other issues related to the operation of the proposed facility. Issues related to environmental impacts and LNG vessel transit are outside the scope of the conference.

In view of the nature of critical energy infrastructure information and security issues to be explored, the cryogenic conference will not be open to the public. Attendance at this conference will be limited to existing parties to the proceeding (anyone who has specifically requested to intervene as a party) and to representatives of interested Federal, State, and local agencies. Any person planning to attend the May 8th cryogenic conference *must register* by close of business on Monday, May 7, 2007. Registrations may be submitted either online at *https://www.ferc.gov/whats-new/registration/cryo-conf-form.asp* or by faxing a copy of the form (found at the referenced online link) to 202–208–0353. All attendees must sign a non-disclosure statement prior to entering the conference. For additional information regarding the cryogenic conference,
