

Responsible Official

Bernard Weingardt, Regional Forester, Pacific Southwest Region, U.S. Forest Service, 1323 Club Drive, Vallejo, California 94592, is the Responsible Official.

Nature of Decision To Be Made

The Responsible Official will decide whether to amend by adopting a common list of MIS and associated monitoring strategies for each of the 10 LRMPs as proposed, to amend with an alternative MIS list and associated strategies, or retain the existing MIS lists and associated monitoring strategies. Although non-significant Forest Plan amendments are normally signed by Forest Supervisors, the Regional Forester for the Pacific Southwest Region will be the Deciding Officer for this decision.

Scoping Process

The analysis of this proposed action was originally expected to be documented in an Environmental Assessment (EA). Formal scoping for this analysis began on February 21, 2007 when a scoping letter was sent to over 4,000 addresses. The Forest Service used the last known distribution list of the 2004 Sierra Nevada Forests Plan Amendment Record of Decision because the current amendment covers roughly the same area and communities of interest. An open house was held on March 23, 2007. The proposed action was first published in the Schedules of Proposed Actions for each of the ten Forests for the Second Quarter of Fiscal Year 2007. An Internet Web site (<http://www.fs.fed.us/r5/snfmsa>) displays comprehensive information about the project. This notice of intent offers the opportunity to comment to a larger audience.

Preliminary Issues

Comments about implementing the existing monitoring requirements in the Sierra Nevada Forests Plan Amendment and concerns that those requirements should not be weakened will drive development of an alternative as described above in the Possible Alternatives section.

Comment Requested

This notice of intent continues the scoping process which now guides the development of an environmental impact statement.

Early Notice of Importance of Public Participation in Subsequent Environmental Review: A draft environmental impact statement will be prepared for comment. The comment period on the draft environmental

impact statement will be 45 days from the date the Environmental Protection Agency publishes the notice of availability in the **Federal Register**.

The Forest Service believes, at this early stage, it is important to give reviewers notice of several court rulings related to public participation in the environmental review process. First, reviewers of draft environmental impact statements must structure their participation in the environmental review of the proposal so that it is meaningful and alerts an agency to the reviewer's position and contentions. *Vermont Yankee Nuclear Power Corp. v. NRDC*, 435 U.S. 519, 553 (1978). Also, environmental objections that could be raised at the draft environmental impact statement stage but that are not raised until after completion of the final environmental impact statement may be waived or dismissed by the courts. *City of Angoon v. Hodel*, 803 F.2d 1016, 1022 (9th Cir. 1986) and *Wisconsin Heritages, Inc. v. Harris*, 490 F. Supp. 1334, 1338 (E.D. Wis. 1980). Because of these court rulings, it is very important that those interested in this proposed action participate by the close of the 45 day comment period so that comments and objections are made available to the Forest Service at a time when it can meaningfully consider them and respond to them in the final environmental impact statement.

To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the draft environmental impact statement should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the draft statement. Comments may also address the adequacy of the draft environmental impact statement or the merits of the alternatives formulated and discussed in the statement. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

Comments received, including the names and addresses of those who comment, will be considered part of the public record on this proposal and will be available for public inspection.

Forest Service

Notice of New Fee Site; Federal Lands Recreation Enhancement Act (Title VIII, Pub. L. 108-447)

AGENCY: Tonto National Forest, USDA Forest Service

ACTION: Notice of new fee site (Reference to previously published **Federal Register** document, Vol. 772, No. 12, Page 2490, January 19, 2007).

SUMMARY: The Tonto National Forest plans to implement a \$6 per vehicle fee for overnight camping and day-use at Haigler Canyon Recreation Site. This site is undergoing major improvements which will increase facilities and services available to the public once completed. Fees paid at similar recreation sites on the Tonto National Forest demonstrate that the public appreciates and enjoys the availability of developed recreation sites and is willing to pay reasonable fees for use of such sites. Funds from the fee revenue will be used for the continued operation and maintenance of Haigler Canyon Recreation Site.

DATES: Haigler Canyon will become available for recreation use in August, 2007.

ADDRESSES: Forest Supervisor, Tonto National Forest, 2324 E. McDowell Road, Phoenix, AZ 85006

FOR FURTHER INFORMATION CONTACT: Dave Killebrew, Recreation Fee Coordinator, 602-225-5239

SUPPLEMENTARY INFORMATION: The Federal Recreation Lands Enhancement Act (Title VIII, Pub. L. 108-447) directed the Secretary of Agriculture to publish a six month advance notice in the **Federal Register** whenever new recreation fee areas are established.

This new fee will be reviewed by a Recreation Resource Advisory Committee prior to a final decision and implementation. The Arizona Bureau of Land Management Resource Advisory Council serves as the Recreation Resource Advisory Committee for this project.

The Tonto National Forest currently has over 50 recreation sites where use fees are charged. A business analysis has shown that people desire having this sort of recreation experience on the Tonto National Forest. A market analysis indicates that the \$6 per vehicle fee is both reasonable and acceptable for camping and day-use at Haigler Canyon. Once the site is complete, visitors wanting to use facilities at Haigler Canyon Recreation

Site can obtain self-validating passes at more than 150 commercial vendors in central Arizona including at least three locations in Payson, Arizona or at any Tonto National Forest administrative office including the Payson and Pleasant Valley ranger stations. An on-site fee payment option may also be provided. Details about the Tonto fee program can be found at the Tonto National Forest Web site, <http://www.fs.fed.us/r3/tonto> or by calling 602-225-5200.

Dated: April 24, 2006.

Gene Blankenbaker,
Forest Supervisor.
