

DEPARTMENT OF TRANSPORTATION**Surface Transportation Board****[STB Finance Docket No. 35034]****Carolina Coastal Railway, Inc.—Lease and Operation Exemption—Norfolk Southern Railway Company**

Carolina Coastal Railway, Inc. (CLNA), a Class III rail carrier, has filed a verified notice of exemption under 49 CFR 1150.41 to lease from Norfolk Southern Railway Company (NSR) and to operate approximately 133.4 miles of rail line known as the Raleigh-Plymouth line extending between (1) Milepost NS-132.0 at Chocowinity, Beaufort County, NC, and milepost NS-228.0 at Raleigh, Wake County, NC, and (2) milepost NS-127.4 at Phosphate Junction, Beaufort County, NC, and milepost NS-90.0 at the end of the track at Plymouth, Washington County, NC, including the right-of-way and adjacent real property described as The Pocket Track and the Old Engine/Shop Tracks located in Chocowinity Yard, and the remaining former East Carolina Railway trackage (now industrial spurs) in Farmville, NC. As part of the transaction, CLNA also will acquire 8.6 miles of incidental overhead trackage rights within (a) Raleigh Yard, between milepost NS-228.0 and milepost NS-232.0 for interchange purposes, and (b) Chocowinity Yard, between milepost NS-127.4 and milepost NS-132.0 for interchange purposes and connectivity of its lines.

CLNA certifies that its projected annual revenues as a result of the transaction will not exceed those that would qualify it as a Class III rail carrier and will not exceed \$5 million.

The transaction is expected to be consummated on or after June 21, 2007.¹

If the verified notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than June 14, 2007 (at least 7 days before the exemption becomes effective).

An original and 10 copies of all pleadings, referring to STB Finance Docket No. 35034, must be filed with the Surface Transportation Board, 395 E

Street, SW., Washington, DC 20423-0001. In addition, a copy of each pleading must be served on John D. Heffner, John D. Heffner, PLLC, 1920 N Street, NW., Suite 800, Washington, DC 20036.

DEPARTMENT OF TRANSPORTATION**Surface Transportation Board****[STB Finance Docket No. 35019]****Western New York and Pennsylvania Railroad, LLC—Lease and Operation Exemption—Certain Assets of Norfolk Southern Railway Company and Chautauqua, Cattaraugus, Allegany and Steuben Southern Tier Extension Railroad Authority**

Western New York and Pennsylvania Railroad, LLC (WNYP), a Class III rail carrier, has filed a verified notice of exemption under 49 CFR 1150.41 to lease from Chautauqua, Cattaraugus, Allegany and Steuben Southern Tier Extension Railroad Authority (STERA), and Norfolk Southern Railway Company (NSR), and operate approximately 98.3 miles of rail line extending between Machias Junction, NY, and Driftwood, PA, in Cattaraugus County, NY, and McKean, Potter and Cameron Counties, PA (the line).¹ The end points of the line are as follows: (1) Between milepost BR 44.7 and milepost BR 134.0 (the Buffalo Line); (2) between milepost FV 0.0 and milepost FV 6.6 (the Farmer's Valley Secondary Line); and (3) between milepost YS 114.5 and milepost YS 116.9 (the Olean Branch). NSR will retain detour rights over the line pursuant to a standard form detour agreement adopted by the Association of American Railroads.

WNYP certifies that its projected revenues as a result of the transaction will not result in the creation of a Class II or Class I rail carrier. Because the projected annual revenues of the line,

together with WNYP's projected annual revenue will exceed \$5 million, WNYP states that it has served the national offices of all labor unions with employees on the line with a copy of a notice of its intent to undertake this transaction and posted such notice at the workplace of the employees on the affected line on April 18, 2007.

By petition filed on May 22, 2007, the United Transportation Union-New York State Legislative Board (UTU-NY) requests that the Board reject WNYP's notice of exemption for failure to meet the requirements of 49 CFR 1150.42(e).² UTU-NY maintains that WNYP was required to notify the Board at least 60 days prior to the proposed effective date of the exemption that the required notice had been given to employees. Alternatively, UTU-NY requests that the exemption not become effective until July 16, 2007. WNYP asserts that it served and posted the required information for employees on April 18, 2007, but it has not certified to the Board that it has done so.

In a letter filed May 25, 2007, WNYP seeks a waiver of the requirements of 49 CFR 1150.42(e) insofar as it relates to certifying to the Board that it has complied with those requirements at least 60 days prior to the effective date of the exemption. WNYP thus seeks a Board ruling that would permit the exemption in this proceeding to become effective on June 25, 2007. WNYP acknowledges that, although the Board's regulations do not require the filing of the labor notice with the Board, the Board has interpreted the 60-day advance notice requirement in 49 CFR 1150.42(e) not only to apply to service and posting of the required labor notice, but also to certification to the Board of that service and posting.

UTU-NY replied in opposition to the petition for waiver on May 29, 2007. The Board will rule on WNYP's waiver request in a subsequent decision. Unless the Board grants the waiver request, the earliest this transaction may be consummated will be 60 days after certification of compliance with the

² Under 49 CFR 1150.42(e), "If the projected annual revenue of the rail lines to be acquired or operated, together with the acquiring carrier's projected annual revenue, exceeds \$5 million, the applicant must, at least 60 days before the exemption becomes effective, post a notice of applicant's intent to undertake the proposed transaction at the workplace of the employees on the affected line(s) and serve a copy of the notice on the national offices of the labor unions with employees on the affected line(s), setting forth the types and numbers of jobs expected to be available, the terms of employment and principles of employee selection, and the lines that are to be transferred, and *certify to the Board that it has done so*" (emphasis added).

¹ The lease agreement provides for a term of 20 years from date of the agreement with a renewal term of 10 years. The lease may be terminated by either party prior to the end of the term in accordance with the lease provisions. The parties must seek appropriate Board authority to terminate these provisions.

¹ STERA owns the portion of the line located in Cattaraugus County. NSR owns the portion of the line located in McKean, Potter and Cameron Counties, and is the current operator of the entire line. In accordance with the lease provisions, the lease term is 14 years, with a renewal term of 10 years, which may be terminated by either party prior to the end of the term.

requirements of 49 CFR 1150.42(e) is received by the Board.

If the verified notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the transaction. Petitions for stay must be filed no later than June 11, 2007.

An original and 10 copies of all pleadings, referring to STB Finance Docket No. 35019, must be filed with the Surface Transportation Board, 395 E Street, SW., Washington, DC 20423-0001. Also, a copy of each pleading must be served on Janie Sheng, Kirkpatrick & Lockhart Preston Gates Ellis LLP, 1601 K Street, NW., Washington, DC 20006.

DEPARTMENT OF TRANSPORTATION

Surface Transportation Board

[STB Docket No. AB-1011X]

Northern Lines Railway, LCC— Discontinuance of Service Exemption— in Stearns County, MN

Northern Lines Railway, LCC (NLR)¹ has filed a verified notice of exemption under 49 CFR 1152 Subpart F—*Exempt Abandonments and Discontinuances of Service* to discontinue service over a 0.77-mile line of railroad between milepost 16.21 and milepost 16.98, near Cold Spring, in Stearns County, MN.² The line traverses United States Postal Service Zip Code 56320.

NLR has certified that: (1) No local traffic has moved over the line for at least 2 years; (2) there is no overhead

traffic on the line to be rerouted; (3) no formal complaint filed by a user of rail service on the line (or by a state or local government entity acting on behalf of such user) regarding cessation of service over the line either is pending with the Surface Transportation Board or with any U.S. District Court or has been decided in favor of complainant within the 2-year period; and (4) the requirements at 49 CFR 1105.12 (newspaper publication) and 49 CFR 1152.50(d)(1) (notice to governmental agencies) have been met.

As a condition to this exemption, any employee adversely affected by the discontinuance of service shall be protected under *Oregon Short Line R. Co.—Abandonment-Goshen*, 360 I.C.C. 91 (1979). To address whether this condition adequately protects affected employees, a petition for partial revocation under 49 U.S.C. 10502(d) must be filed.

Provided no formal expression of intent to file an offer of financial assistance (OFA) has been received, this exemption will be effective on July 6, 2007, unless stayed pending reconsideration. Petitions to stay that do not involve environmental issues and formal expressions of intent to file an OFA for continued rail service under 49 CFR 1152.27(c)(2),³ must be filed by June 18, 2007.⁴ Petitions to reopen must be filed by June 26, 2007, with: Surface Transportation Board, 395 E Street, SW., Washington, DC 20423-0001.

A copy of any petition filed with the Board should be sent to NLR's representative: Karl Morell, Ball Janik LLP, 1455 F Street, NW., Suite 225, Washington, DC 20005.

If the verified notice contains false or misleading information, the exemption is void *ab initio*.

¹ NLR was authorized to lease and operate the line in *Northern Lines Railway, LLC—Lease and Operation Exemption—The Burlington Northern and Santa Fe Railway Company*, STB Finance Docket No. 34627 (STB served Jan. 6, 2005).

² BNSF Railway Company (BNSF) was authorized to abandon the above-described line in *BNSF Railway Company—Abandonment Exemption—in Stearns County, MN*, STB Docket No. AB-6 (Sub-No. 455X) (STB served May 7, 2007). While BNSF was authorized to abandon its rail line located between milepost 16.21 and milepost 17.00, NLR's lease only extended to milepost 16.98, explaining the 0.02-mile difference in mileages sought by BNSF and NLR.

³ Each OFA must be accompanied by the filing fee, which currently is set at \$1,300. See 49 CFR 1002.2(f)(25).

⁴ Because this is a discontinuance proceeding and not an abandonment, trail use/rail banking and public use conditions are not appropriate. Likewise, no environmental or historical documentation is required here under 49 CFR 1105.6(c) and 1105.8(b), respectively.

Title: Credit for Federal Telephone Excise Tax Paid.

Form: 8913.

Description: In May 2006, the IRS issued Notice 2006-50 stating "taxpayers may be entitled to request a credit or refund of the federal excise tax on nontaxable telephone service. The refund period is for nontaxable service billed after February 28, 2003 and before August 1, 2006. The credit or refund must be claimed on a 2006 income tax return. Form 8913 has been developed to allow taxpayers to compute the actual amount of refund for each month of the 14 refund periods. Taxpayers must also calculate the interest due on the refund. Factors have been provided for each refund period. The tax and interest is combined on Form 8913 and one amount is transferred to the appropriate income tax return. The burden hours were decreased due to SOI Research providing more realistic filing figures based on actual filings of the form.

Respondents: Businesses and other for-profit institutions.

Estimated Total Burden Hours: 67,608,000 hours.
