

1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The IC Clearance Official, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g., new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

Frequency: Annually.

Affected Public: Not-for-profit institutions.

Reporting and Recordkeeping Hour Burden:

Responses: 100.

Burden Hours: 10,000.

Abstract: This is an application to participate in the Title VI Undergraduate International Studies and Foreign Language Program which provides grants to institutions of higher education, partnerships between nonprofit educational organizations and institutions of higher education, and public and private nonprofit organizations, to implement programs to strengthen and improve undergraduate instruction in international studies and foreign languages. Three years ago this specific program was part of a package that included seven postsecondary programs. To ease public participation, OPE has decided to separate these individual programs this year.

Title: A Study of Differential Effects of ELL Training and Materials.

Frequency: On occasion; semi-annually; annually.

Affected Public: Individuals or household; State, Local, or Tribal Gov’t, SEAs or LEAs.

Abstract: This study seeks to examine the impact on student achievement of a combination of a comprehensive English Language Learner (ELL) student program, On Our Way to English [OWE], and a professional development course, Responsive Instruction for Success in English [RISE]. Schools identified as having a high percentage of Spanish-speaking ELL students will be randomly assigned to either the treatment condition or a control group. All grade 1–5 classrooms at each school will participate in the condition assigned to the school. This study begins in 2007. OWE and RISE will be implemented in treatment schools during the 2007–2008 and 2008–2009 school years. Data on classroom practices, student activities, and student language and literacy will be collected each of these years. Intermediate and cumulative effects of the interventions will be analyzed using year-end data and data collected over the course of the study. Other analyses may explore education mechanisms that contribute to variation in the impact in achievement.
