BILLING CODE 7020-02-P

DEPARTMENT OF JUSTICE

Notice of Lodging of Consent Decree Under Comprehensive Environmental Response, Compensation and Liability Act

Notice is hereby given that on June 15, 2007, a proposed Consent Decree in *United States v. Beehive Barrel and Drum, Inc. d/b/a Cascade Cooperaage, Inc.* (D. Utah), C.A. No. 2:04-CV-00570

(TC), was lodged with the United States District Court for the District of Utah, Central Division.

In this action, the United States seeks response costs incurred and to be incurred by the Environmental Protection Agency ("EPA"), pursuant to Section 107 of the Comprehensive Environmental Response, Compensation and Liability Act, as amended ("CERCLA"), 42 U.S.C. 9607, in connection with the Service First Barrel and Drum Site, located in Salt Lake City, Utah. The United States also seeks punitive damages for non-compliance with a unilateral administrative order issued to the Estate of Stanley Pope and Stanco Enterprises, L.C. pursuant to Sections 106(b) and 107(c)(3) of CERCLA, 42 U.S.C. 9606(b), 9607(c)(3), and civil penalties for Bryan Pope's and S.R.P. Gifting Trust's failure to answer EPA's information requests pursuant to Section 104(e) of CERCLA, 42 U.S.C. 9604(e). Defendants Estate of Stanley Pope, Bryan Pope, S.R.P. Gifting Trust and Stanco Enterprises have resolved the United States' response cost claims, punitive damages claims and civil penalties claims through this Consent Decree.

The settlement is based on a documented inability-to-pay analysis. Based upon the analysis, EPA determined that the Rossomondo Defendants had the financial ability to pay the proceeds from a sale of the Diatlect Stock owned by the Estate to reimburse EPA for the EPA's response costs that were incurred in connection with the clean-up of the Site. Defendants Estate of Stanley Pope and Stanco Enterprises, L.C. will pay \$2,500 in punitive damages to settle their liability for failure to comply with a unilateral order. Defendants Bryan Pope and S.R.P. Gifting Trust will pay \$7,500 in civil penalties for failure to respond to EPA's information requests.

The Department of Justice will receive, for a period of 30 days from the date of this publication, comments relating to the proposed Consent Decree. The proposed Consent Decree may be examined at the Office of the United States Attorney, 185 South State, Ste. 400, Salt Lake City, Utah 84111; and U.S. EPA Region 8, 1595 Wynkoop

BILLING CODE 4410-15-M

DEPARTMENT OF JUSTICE

Notice of Lodging of Consent Decree Under the Clean Air Act

Under 28 CFR 50.7, notice is hereby given that on June 13, 2007, a proposed Consent Decree ("Decree") in *United States v. Nevada Power Company*, Civil Action No. 2:07-cv-00771, was lodged with the United States District Court for the District of Nevada.

The Complaint filed simultaneously with the Consent Decree was brought by the United States against Nevada Power Company ("Nevada Power") pursuant to Sections 113(b) and 167 of the Clean Air Act (the "Act"), 42 U.S.C. 7413(b) and 7477, seeking injunctive relief and civil penalties for violations of the pre-construction permitting program required by the Prevention of Significant Deterioration ("PSD") provisions of the Act, 42 U.S.C. 7470-92, and the federally enforceable State Implementation Plan ("SIP") of Clark County, Nevada. The Complaint alleges that, in 1992, Nevada Power modified, and thereafter operated, two combustion turbines designated as Units 5 and 6 at its Clark Generating Station ("Clark Station") in Las Vegas, Nevada without first obtaining a PSD pre-construction permit and a Title V Operating Permit authorizing the modification and the subsequent operation of these units, and without installing and operating the "Best Available Control Technology" to control emissions of oxides of nitrogen ("NO_x").

The proposed Consent Decree would require Nevada Power to reduce NO_x emissions through, among other things, the installation of pollution control technologies on Units 5 and 6 and on two additional combustion turbines at Clark Station, designated as Units 7 and 8. In addition, the proposed Consent Decree would require Nevada Power to fund \$400,000 of solar arrays in Las Vegas. Finally, the proposed Consent Decree would require Nevada Power to pay a \$300,000 civil penalty.

The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments relating to the Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural
