SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-56004; File No. SR-NASD-2004-130]

Self-Regulatory Organizations; National Association of Securities Dealers, Inc.; Notice of Filing of Amendment No. 3 and Order Granting Accelerated Approval of a Proposed Rule Change as Modified by Amendment Nos. 2 and 3 Relating to Amendments to Rule 2320(g) (Three Quote Rule) and Corresponding Recordkeeping Requirements under Rule 3110(b)

July 2, 2007.

I. Introduction

On August 27, 2004, the National Association of Securities Dealers, Inc. ("NASD") filed with the Securities and Exchange Commission ("Commission" or "SEC"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to amend NASD Rule 2320(g) ("Three Quote Rule") to exempt from the Three Quote Rule certain transactions in foreign securities of a foreign issuer that are part of an index calculated by the FTSE Group. On May 8, 2006, NASD filed Amendment No. 1 to the proposed rule change.³ On

October 19, 2006, NASD filed Amendment No. 2 to the proposed rule change.⁴ The proposed rule change, as modified by Amendment No. 2, was published for comment in the **Federal Register** on October 31, 2006.⁵ The Commission received ten comment letters on the proposal.⁶ On April 3, 2007, NASD filed Amendment No. 3 to the proposed rule change⁷ and a response to the comment letters.⁸ This order provides notice of Amendment No. 3 and approves the proposed rule change as modified by Amendment Nos. 2 and 3 on an accelerated basis.

II. Description of the Proposal

Currently, the Three Quote Rule requires NASD members who execute a transaction in a non-exchange-listed security⁹ for or with a customer to contact and obtain the quotations from three dealers (or all dealers if less than three) to determine the best inter-dealer market for that security. The Three Quote Rule, however, does not apply if

⁷ In Amendment No. 3, NASD proposes, among other things, to codify the existing exemptions relating to transactions in a non-exchange-listed security (as defined below) that are securities listed on a Canadian exchange.

⁸ See letter from Andrea D. Orr, Assistant General Counsel, NASD, to Nancy M. Morris, Secretary, Commission, dated April 3, 2007 ("NASD Response Letter").

⁹ NASD Rule 6610(c) defines the term "non-exchange-listed security" as "any equity security that is not traded on any national securities exchange" and "shall not include 'restricted securities,' as defined by SEC Rule 144(a)(3) under the Securities Act of 1933, nor any securities designated in the PORTAL Market, the Rule 6700 Series."

two or more priced quotations for a non-exchange-listed security are displayed in an inter-dealer quotation system that permits quotation updates on a real-time basis. NASD proposes to expand the categories of transactions that would be exempted from the Three Quote Rule. First, NASD proposes to exempt a transaction for or with a customer in a non-exchange-listed security of a foreign issuer that is part of the FTSE All-World Index, if such transaction is executed during the regular business hours of the foreign market for the foreign security and no trading halt or other similar trading or quoting restriction is in effect in any foreign market on which such security is listed. Second, in response to comments following publication of its proposal, NASD proposes to codify certain exemptions previously issued by NASD staff under the Three Quote Rule's exemptive process.¹⁰ Specifically, NASD proposes to exempt a transaction for or with a customer pertaining to the execution of an order in a non-exchange-listed security that is listed on a Canadian exchange as long as the customer order is executed by the NASD member or a person associated with the member on a Canadian exchange in an agency or riskless principal capacity and the member or a person associated with the member conducts regular and rigorous reviews of the equality of the execution of such orders in such securities, pursuant to the member's duty of best execution. NASD has also proposed to amend its recordkeeping requirement to provide a corresponding exclusion with respect to these proposed exemptions.

Under the proposed rule change, NASD members would continue to be required to comply with their best execution obligations under NASD Rule 2320 and, to the extent applicable, the suitability obligations under NASD Rule 2310.

III. Summary of Comments and NASD's Response

The Commission received ten comment letters on the proposal.¹¹ NASD submitted the NASD Response Letter,¹² and corresponding Amendment No. 3 to address the issue regarding application of the proposed rule change to Canadian-listed securities that was raised by the commenters. While some commenters expressed general support for NASD's proposal to exempt from the Three Quote Rule

foreign securities that are part of the FTSE All-World Index,¹³ all of the commenters objected to NASD's proposed withdrawal of the exemptions from the Three Quote Rule for Canadian issuers' securities. Specifically, NASD proposed to withdraw all existing exemptions granted under the Three Quote Rule with respect to Canadian securities executed on a Canadian exchange in an agency or riskless principal basis.¹⁴ Were these exemptions withdrawn, NASD members would be required to comply with the Three Quote Rule in connection with transactions in Canadian securities that are not part of the FTSE All-World Index. The commenters argued that this result would be contrary to the duty of best execution,¹⁵ would cause significant delays in execution,¹⁶ and would increase the cost of transactions in Canadian securities that are not part of the FTSE All-World Index.¹⁷

In light of the comments, NASD revised its previous position and clarified that the proposal would not supersede any exemptions previously granted. Contemporaneously with the NASD Response Letter, NASD filed Amendment No. 3 to codify the relief previously granted in the existing exemptions.

IV. Discussion

After careful review, the Commission believes that the proposed rule change is consistent with the requirements of the Act and the regulations thereunder applicable to NASD.¹⁸ In particular, the Commission believes that the proposal is consistent with section 15A(b)(6) of the Act¹⁹ and section 15A(b)(9) of the Act.²⁰ Section 15A(b)(6) of the Act requires that the rules of a national securities association be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Section 15A(b)(9) of the

Act requires that rules of an association not impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

The Commission approved NASD's proposal to institute the Three Quote Rule in 1988.²¹ The Three Quote Rule was an amendment to NASD's interpretation relating to best execution of retail transactions in non-Nasdaq securities. The Three Quote Rule's purpose is to assure that NASD members fulfill their duty to provide customers with best execution for transactions in non-exchange-listed securities, especially illiquid securities with non-transparent prices. The Commission subsequently approved NASD's proposal providing NASD staff authority to grant exemptions from the Three Quote Rule in 1997.²² Subsequently, NASD granted exemptions from the Three Quote Rule for customer transactions in Canadian securities executed on a Canadian exchange.²³ In 2000, the Commission approved NASD's proposal to limit the Three Quote Rule's applicability to those situations when fewer than two priced quotes for a non-Nasdaq security are posted in an inter-dealer quotation medium.²⁴

The Commission finds that NASD's proposal to add the two new exceptions to the Three Quote Rule is consistent with the Act. In its order granting NASD staff exemptive authority with respect to the Three Quote Rule, the Commission noted that "one situation where exemptive relief might be applied would be trading in certain foreign securities. In some circumstances the foreign exchange market may constitute the best market for the securities that are listed on that market, and the time delay involved in contacting three dealers in advance of a customer transaction could hinder obtaining the best execution for the customer."²⁵

Thus, the Commission believes that it is reasonable for NASD to exempt from the Three Quote Rule transactions in a foreign security that are included in the FTSE All-World Index and transactions in a security listed on a Canadian

exchange, subject to the conditions specified in the amended Three Quote Rule. The Commission notes that, whether or not a transaction in a non-exchange-listed security is subject to the Three Quote Rule, the NASD member executing the transaction must satisfy its duty of best execution.

V. Accelerated Approval

The Commission finds good cause to approve NASD's proposal, as amended, prior to the thirtieth day after the amendment is published for comment in the **Federal Register** pursuant to section 19(b)(2) of the Act. NASD submitted Amendment No. 3 in response to comments received on its proposal. The amendment codifies exemptions NASD staff previously issued under the Three Quote Rule's exemptive process,²⁶ and as described above, proposes a corresponding exclusion to the recordkeeping requirements if a member establishes and documents the exemption. Accordingly, Amendment No. 3 does not raise any new issues.

The Commission therefore finds good cause to approve NASD's proposal on an accelerated basis.

VI. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning Amendment No. 3, including whether Amendment No. 3 is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-56003; File No. SR-NASD-2007-028]

Self-Regulatory Organizations; National Association of Securities Dealers, Inc.; Order Approving Proposed Rule Change, as Modified by Amendment No. 1 Thereto, Relating to the Order Audit Trail System

July 2, 2007.

On April 17, 2007, the National Association of Securities Dealers, Inc. ("NASD") filed with the Securities and Exchange Commission ("Commission"), pursuant to section 19(b)(1) of the Securities Exchange Act of 1934

("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to amend Rules 6951 and 6954 to require members that transmit an intermarket sweep order ("ISO") to another member, electronic communications network, nonmember, or exchange to record and report the fact that the order was an ISO. On May 18, 2007, NASD filed Amendment No. 1 to the proposed rule change. The proposed rule change, as amended, was published for comment in the **Federal Register** on May 31, 2007.³ The Commission received no comment letters on the proposal. This order approves the proposed rule change, as modified by Amendment No. 1.

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to NASD,⁴ and, in particular, section 15A(b)(6) of the Act⁵ which requires, among other things, that NASD rules be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest.

On June 9, 2005, the Commission adopted Regulation NMS,⁶ which among other things, adopted an Order Protection Rule⁷ that requires trading centers to establish, maintain, and enforce policies and procedures designed to prevent the execution of trades at prices inferior to protected quotations displayed by automated trading centers, subject to applicable exceptions. One of the exceptions from the Order Protection Rule is when the transaction that constitutes a trade-through⁸ is "effected by a trading center that simultaneously routed an intermarket sweep order to execute against the full displayed size of any

protected quotation in the NMS stock that was traded through."⁹

The purpose of the proposed rule change is to require member firms to record the fact that an order in an OATS-eligible security is an ISO when the member routes an ISO to another member or non-member. The member would be required to include this information in the Route Report it submits to NASD pursuant to the OATS Rules.¹⁰ This requirement should ensure that NASD knows that the order was an ISO and can utilize that information when reviewing audit trails.¹¹

The Commission believes that the proposed rule change is consistent with the Act and should enhance OATS data and help ensure that the NASD is able to more effectively monitor compliance with Regulation NMS.

It is therefore ordered, pursuant to section 19(b)(2) of the Act,¹² that the proposed rule change (File No. SR-NASD-2007-028), as amended, be, and hereby is, approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹³

Deputy Secretary.

BILLING CODE 8010-01-P

⁹ See 17 CFR 242.611(b)(6). The phrase "intermarket sweep order" is defined as "a limit order for an NMS stock that meets the following requirements: (i) When routed to a trading center, the limit order is identified as an intermarket sweep order; and (ii) Simultaneously with the routing of the limit order identified as an intermarket sweep order, one or more additional limit orders, as necessary, are routed to execute against the full displayed size of any protected bid, in the case of a limit order to sell, or the full displayed size of any protected offer, in the case of a limit order to buy, for the NMS stock with a price that is superior to the limit price of the limit order identified as an intermarket sweep order. These additional routed orders must also be marked as intermarket sweep orders." The proposed rule change adopts this same definition of intermarket sweep order for purposes of the OATS Rules. See 17 CFR 242.600(b)(30).

¹⁰ When a member transmits an order in an OATS-eligible security to another member, electronic communications network, non-member, or exchange for handling or execution, the routing member is required to submit a Route Report to NASD. The categories of information that a member must include in a Route Report are set forth in NASD Rule 6954(c) and in the *OATS Reporting Technical Specifications* published by NASD.

¹¹ As discussed in the Notice, firms will not be required to begin using the ISO routing method code on Route Reports until February 4, 2008, but the code will be available for use by firms immediately on approval. Firms are encouraged to use the ISO code as soon as possible to facilitate NASD's ability to determine whether the trade was made in reliance on an ISO exception from the Order Protection Rule.
