

National Fire Plan and Healthy Forest Initiative. Since the publication of the NOI in the **Federal Register**, the BLM solicited public comments and input through open houses, newsletters, a public Web site and mailings. Meetings were held to provide the public with an opportunity to gain information about the RMP revision process and to submit comments. Public meetings were held in the following Wyoming communities: Kemmerer, November 17, 2003; Evanston, November 18, 2003; and Rock Springs, November 19, 2003. During the scoping period, the BLM received over 1,000 public comments. Cooperating agencies assisting BLM in the development and preparation of the DRMP/DEIS include county governments, conservation districts, other Federal agencies and the State of Wyoming. The BLM contacted tribal governments with possible interests and offered opportunities for participation in the plan revision process. In preparation of the DRMP/DEIS, the BLM considered all comments presented throughout the process. Background information and maps used in developing the DRMP/DEIS are available for public review at the Kemmerer Field Office. The BLM welcomes your comments. To facilitate analysis of comments and information the public is encouraged to submit comments in an electronic format through either the Web site identified in this notice or through electronic mail. All comment submittals must include the commenter's name and street address. Individual respondents may request confidentiality. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, be advised that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold from public review your personal identifying information, we cannot guarantee that we will be able to do so. All submissions from organizations and businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be available for public inspection in their entirety.

## DEPARTMENT OF THE INTERIOR

### National Park Service

#### **Fire Management Plan, Final Environmental Impact Statement, Saguaro National Park, AZ**

**AGENCY:** National Park Service, Department of the Interior.

**ACTION:** Notice of availability of a Record of Decision on the Final Environmental Impact Statement for the Fire Management Plan, Saguaro National Park.

**SUMMARY:** Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969, 83 Stat. 852, 853, codified as amended at 42 U.S.C. 4332(2)(C), the National Park Service announces the availability of the Record of Decision for the Fire Management Plan, Saguaro National Park, Arizona. On April 25, 2007, the Director, Intermountain Region approved the Record of Decision for the project. As soon as practicable, the National Park Service will begin to implement the Preferred Alternative contained in the FEIS issued on October 7, 2005. The following course of action will occur under the preferred alternative, a fire management program utilizing wildland fire use fires, prescribed fire, non-fire treatments and suppression. This course of action and 2 alternatives were analyzed in the Draft and Final Environmental Impact Statements. The full range of foreseeable environmental consequences was assessed, and appropriate mitigating measures were identified.

The Record of Decision includes a statement of the decision made, synopses of other alternatives considered, the basis for the decision, a description of the environmentally preferable alternative, a finding on impairment of park resources and values, a listing of measures to minimize environmental harm, and an overview of public involvement in the decision-making process.
