

submitting written comments also provide the Department with an additional copy of those comments on diskette. The Department will issue the final results of this administrative review, which will include the results of its analysis of issues raised in any such comments, within 120 days of publication of these preliminary results, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results, the Department will determine, and CBP shall assess, antidumping duties on all appropriate entries. The Department intends to issue appropriate assessment instructions directly to CBP 15 days after the date of publication of the final results of this administrative review. If these preliminary results are adopted in our final results of review, we will direct CBP to assess the resulting per-unit value or *ad valorem* rate against the entered customs value for the subject merchandise on each importer's/customer's entries during the POR.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) for Jiheng Chemical, which has a separate rate, the cash deposit rate will be the company-specific rate established in the final results of review (except, if the rate is zero or *de minimis*, no cash deposit will be required); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate of 285.63 percent; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporters that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding

the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This determination is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: July 2, 2007.

David M. Spooner,

Assistant Secretary for Import Administration.

Notice of Rescission of Antidumping Duty New Shipper Review: Certain Circular Welded Non-Alloy Steel Pipe from Mexico

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On April 20, 2007, the Department of Commerce ("the Department") published the preliminary intent to rescind the antidumping duty new shipper review of the antidumping duty order on certain circular welded non-alloy steel pipe from Mexico. *See Certain Circular Welded Non-Alloy Steel Pipe and Tube from Mexico: Preliminary Intent to Rescind Antidumping Duty New Shipper Review*, 72 FR 19880 (April 20, 2007) (*Intent to Rescind*). This new shipper review covers Conduit S.A. de C.V. ("Conduit"), a manufacturer and exporter of the subject merchandise. The period of review ("POR") is November 1, 2005, through April 30, 2006. We did not receive any comments from parties, and are rescinding this new shipper review.

EFFECTIVE DATE: July 17, 2007.

FOR FURTHER INFORMATION CONTACT: John Drury or Patrick Edwards, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230, telephone (202) 482-0195 or (202) 482-8029, respectively.

SUPPLEMENTARY INFORMATION:

Background

On November 2, 1992, the Department published the antidumping duty order on circular welded non-alloy steel pipe from Mexico. *See Notice of Antidumping Duty Order: Certain Circular Welded non-Alloy Steel Pipe from Brazil, the Republic of Korea (Korea), Mexico, and Venezuela, and Amendment to Final Determination of Sales at Less Than Fair Value: Certain Circular Welded Non-Alloy Steel Pipe from Korea*, 57 FR 49453 (November 2, 1992). On May 26, 2006, we received a request for a new shipper review from Conduit for the period November 1, 2005, through April 30, 2006. We initiated the review on July 10, 2006. *See Circular Welded Non-Alloy Steel Pipe and Tube from Mexico: Initiation of New Shipper Antidumping Duty Review*, 71 FR 38851 (July 10, 2006).

On April 20, 2007, the Department published in the **Federal Register** its preliminary intent to rescind the antidumping duty new shipper review of certain circular welded non-alloy steel pipe from Mexico for the period November 1, 2005, through April 30, 2006. *See Intent to Rescind*. No party commented on our preliminary intent to rescind the new shipper review for Conduit.

Scope of the Order

The merchandise under review is circular welded non-alloy steel pipes and tubes, of circular cross-section, not more than 406.4 millimeters (16 inches) in outside diameter, regardless of wall thickness, surface finish (black, galvanized, or painted), or end finish (plain end, beveled end, threaded, or threaded and coupled). These pipes and tubes are generally known as standard pipes and tubes and are intended for the low-pressure conveyance of water, steam, natural gas, and other liquids and gases in plumbing and heating systems, air conditioning units, automatic sprinkler systems, and other related uses, and generally meet ASTM A-53 specifications. Standard pipe may also be used for light load-bearing applications, such as for fence tubing, and as structural pipe tubing used for framing and support members for reconstruction or load-bearing purposes in the construction, shipbuilding, trucking, farm equipment, and related industries. Unfinished conduit pipe is also included in these orders. All carbon steel pipes and tubes within the physical description outlined above are included within the scope of these orders, except line pipe, oil country tubular goods, boiler tubing, mechanical tubing, pipe and tube hollows for

redraws, finished scaffolding, and finished conduit. Standard pipe that is dual or triple certified/stenciled that enters the U.S. as line pipe of a kind used for oil or gas pipelines is also not included in these orders.

Imports of the products covered by these orders are currently classifiable under the following Harmonized Tariff Schedule (HTS) subheadings: 7306.30.10.00, 7306.30.50.25, 7306.30.50.32, 7306.30.50.40, 7306.30.50.55, 7306.30.50.85, and 7306.30.50.90. Although the HTS subheadings are provided for convenience and customs purposes, our written description of the scope of these proceedings is dispositive.

Rescission of Review

The Department may rescind a new shipper review with respect to an exporter or producer if the Department concludes that there were no entries, exports, or sales of the subject merchandise to the United States during the period of review. See 19 CFR § 351.214(f)(2). The Department has previously detailed its findings at verification with respect to the merchandise sold by Conduit subject to this new shipper review. See *Intent to Rescind* at 19881. As noted above, the Department received no comments from interested parties. Therefore, based on the findings at verification, the Department determines that the merchandise sold by Conduit, and subject to this new shipper review, is not within the scope of the order of certain circular welded non-alloy steel pipe from Mexico. As a result, the Department is rescinding this new shipper review.

Notification

The Department will notify U.S. Customs and Border Protection that bonding is no longer permitted to fulfill security requirements for shipments by Conduit of certain circular welded non-alloy steel pipe from Mexico entered, or withdrawn from warehouse, for consumption in the United States on or after the publication of this rescission notice in the **Federal Register**, and that a cash deposit of 32.62 percent *ad valorem* should be collected for any entries exported by Conduit.

This notice also serves as the only reminder to parties subject to administrative protective orders ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR § 351.305(a)(3). Timely written notification of the return/destruction of APO material or conversion to judicial

protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation that is subject to sanctions.

This notice is issued and published in accordance with sections 751(a)(2) and 777(i)(1) of the Tariff Act of 1930, as amended.

Dated: July 10, 2007.

David M. Spooner,

Assistant Secretary for Import Administration.

Stainless Steel Bar from Germany: Final Results of New Shipper Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: This new shipper review covers stainless steel bar from Germany manufactured by Schmiedewerke Groditz GmbH ("SWG"). The Department of Commerce ("the Department") published the preliminary results of this new shipper review on March 19, 2007. See *Stainless Steel Bar from Germany: Preliminary Results of New Shipper Review*, 72 FR 12765 (March 19, 2007) ("Preliminary Results"). Based on our analysis of the comments received, these final results do not differ from the *Preliminary Results*.

EFFECTIVE DATE: July 17, 2007.

FOR FURTHER INFORMATION CONTACT:

Damian Felton, Audrey R. Twyman, or Brandon Farlander, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington DC 20230; telephone (202) 482-0133, (202) 482-3534, or (202) 482-0182, respectively.

SUPPLEMENTARY INFORMATION:

Background

On March 19, 2007, the Department published its *Preliminary Results* of this antidumping duty new shipper review of stainless steel bar from Germany. The Department conducted a verification of SWG's response from April 16 through 18, 2007, and issued the report on the verification findings for SWG on May 18, 2007. In response to the Department's invitation to comment on

the *Preliminary Results*, petitioners¹ submitted their case brief on May 29, 2007, and SWG submitted its rebuttal brief on June 1, 2007.

Period of Review

The period of review ("POR") covers March 1, 2005, through February 28, 2006.

Scope of the Order

For the purposes of this order, the term "stainless steel bar" includes articles of stainless steel in straight lengths that have been either hot-rolled, forged, turned, cold-drawn, cold-rolled or otherwise cold-finished, or ground, having a uniform solid cross section along their whole length in the shape of circles, segments of circles, ovals, rectangles (including squares), triangles, hexagons, octagons, or other convex polygons. Stainless steel bar ("SSB") includes cold-finished stainless steel bars that are turned or ground in straight lengths, whether produced from hot-rolled bar or from straightened and cut rod or wire, and reinforcing bars that have indentations, ribs, grooves, or other deformations produced during the rolling process.

Except as specified above, the term does not include stainless steel semi-finished products, cut length flat-rolled products (*i.e.*, cut length rolled products which if less than 4.75 mm in thickness have a width measuring at least 10 times the thickness, or if 4.75 mm or more in thickness having a width which exceeds 150 mm and measures at least twice the thickness), products that have been cut from stainless steel sheet, strip or plate, wire (*i.e.*, cold-formed products in coils, of any uniform solid cross section along their whole length, which do not conform to the definition of flat-rolled products), and angles, shapes and sections.

The SSB subject to this order is currently classifiable under subheadings 7222.11.00.05, 7222.11.00.50, 7222.19.00.05, 7222.19.00.50, 7222.20.00.05, 7222.20.00.45, 7222.20.00.75, and 7222.30.00.00 of the *Harmonized Tariff Schedule of the United States* ("HTSUS"). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the order is dispositive.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to this new shipper review are addressed in the

¹ The petitioners are Carpenter Technology Corporation, Valbruna Slater Stainless, Inc., and Electralloy Corporation (collectively, "petitioners").
