

Everglades Restoration Plan sets forth the process for establishing the interim goals for the Comprehensive Everglades Restoration Plan. This section provides that the Interim Goals Agreements be developed by the Secretary of the Army, the Secretary of the Interior, and the Governor of the State of Florida in consultation with the Miccosukee Tribe of Indians of Florida, the Seminole Tribe of Florida, the Environmental Protection Agency, the Department of Commerce, other Federal, State, and local agencies, and the south Florida Ecosystem Restoration Task Force. In considering the interim goals to be indicated in the Interim Goals Agreement, the Secretary of the Army, Secretary of the Interior and the Governor of the State of Florida are required to consider the technical recommendations of RECOVER and any modifications to those recommendations by the Corps of Engineers, the Department of the Interior or the South Florida Water Management District. The programmatic regulations required that the Secretary of the Army afford the public an opportunity to comment on the proposed Interim Goals Agreement prior to its approval and notice in the **Federal Register** when the agreement has been finalized. The draft final of the Intergovernmental agreement was published in the **Federal Register** on November 3, 2006 (71 FR 64686). Public comments on the draft intergovernmental agreements establishing interim goals were accepted through December 4, 2006. The final intergovernmental agreement establishing the interim goals was signed on April 27, 2007. An electronic copy of the document is available at: http://www.evergladesplan.org/pm/progr_regs_igit_agreements.aspx.

Brenda S. Bowen,

Army Federal Register Liaison Officer.

BILLING CODE 3710-AJ-M

DEPARTMENT OF DEFENSE

Department of the Army; Corps of Engineers

Intent To Prepare an Environmental Impact Statement for the Pee Dee Electrical Generating Station in Florence County, SC

AGENCY: Department of the Army, U.S. Army Corps of Engineers.

ACTION: Notice of Intent.

SUMMARY: The U.S. Army Corps of Engineers, Charleston District intends to

prepare an Environmental Impact Statement (EIS) to assess the potential social, economic and environmental effects of the proposed construction of a coal-fired electrical generating station with associated facilities, a rail line extension and transmission corridor by the South Carolina Public Service Authority (Santee Cooper), in the vicinity of the Bostic Landing on the Great Pee Dee River, in Florence County, South Carolina. The EIS will assess potential effects of a range of alternatives, including an alternative proposed in the Federal permit application.

DATES: General Public Scoping

Meetings: Two Public Scoping meetings are being planned. The first will take place on Tuesday, September 25, 2007 from 6 p.m. to 9 p.m. at Coastal Carolina University located in Conway, South Carolina in the Recital Hall of the Edwards College of Humanities and Fine Arts. The second Public Scoping meeting will be held on Thursday, September 27, 2007 from 6 p.m. to 9 p.m. in the Commons Area and Auditorium of South Florence High School located at 3200 South Irby Street in Florence, South Carolina.

Federal and State Agency Scoping Meeting: A Federal and State Agency Scoping Meeting is planned to be held on Thursday, September 20, 2007 in Charleston, South Carolina.

FOR FURTHER INFORMATION CONTACT: For further information and/or questions about the proposed project and EIS, please contact Dr. Richard Darden, Project Manager, by telephone: 843-329-8043 or toll free 1-866-329-8187, or by mail: CESAC-RE-P, 69A Hagood Avenue, Charleston, SC 29403. For inquiries from the media, please contact the Corps, Charleston District Public Affairs Officer (PAO), Ms. Connie Gillette by telephone: (843) 329-8123.

SUPPLEMENTARY INFORMATION: An application for a Department of the Army permit was submitted by Santee Cooper pursuant to section 10 of the Rivers and Harbors Act of 1899 (33 U.S.C. 403) and section 404 of the Clean Water Act (33 U.S.C. 1344) on December 11, 2006 and was advertised in a local public notice, P/N # SAC 2006-3574-SIB, on December 22, 2006. The public notice is available on Charleston District's public Web site at <http://www.sac.usace.army.mil/?action=publicnotices.pn2006>. Santee Cooper agreed that based on the potential social, economic, and environmental effects associated with the construction of the proposed Pee Dee Electrical Generating Station in Florence County, an EIS should be

prepared by the Charleston District, Corps of Engineers.

1. Description of Proposed Project.

The project proposed by the South Carolina Public Service Authority (Santee Cooper) is to construct a coal-fired electrical generating station with associated facilities on the Great Pee Dee River, in Florence County, SC. The proposed facility will involve the installation of an intake and discharge structure in the Great Pee Dee River in the vicinity of the Bostic Landing and this Notice of Intent will refer to the proposed project as the Pee Dee Station. The Pee Dee Station development will include the generating station structure and facilities that include intake and discharge structures, solid waste landfills, ash ponds, onsite-rail, rail switchyard, transmission lines, cooling towers, and roads. In total, approximately 93.75 acres of jurisdictional and non-jurisdictional wetlands may be impacted to construct the proposed Pee Dee Station. Construction of the Pee Dee Station may require filling an estimated 9.45 acres of jurisdictional wetlands and 5.10 acres of fill in non-jurisdictional wetlands, 8.14 acres of mechanized land clearing in jurisdictional wetlands, 2.32 acres mechanized land clearing in non-jurisdictional wetlands, and 0.67 acres of excavation in waters of the United States. Construction/upgrade of the rail line extension may require filling of 4.49 acres of jurisdictional wetlands and 4.90 acres of mechanized clearing. Construction of the transmission line may involve converting an estimated 58.68 acres of jurisdictional wetlands from forested wetlands to scrub shrub wetlands.

2. Alternatives. The following alternatives have been identified as reasonable alternatives that will be fully evaluated in the EIS: No Action; the modification of existing Santee Cooper facilities to meet the purpose and need of and for the proposed project; alternative locations within the jurisdictional authority of Santee Cooper where the proposed project might be developed; alternative facility layouts for the proposed Pee Dee Station; alternatives for energy generation, and mitigation measures. However, this list is not exclusive and additional alternatives may be considered for inclusion as reasonable alternatives.

3. Scoping and Public Involvement Process. Scoping meetings will be conducted to gather information on the scope of the project and the alternatives to be addressed in detail in the EIS. There will be three (3) sessions: One (1) Specifically for the Federal and State

agencies with regulatory responsibilities and two (2) for the general public that are being planned. Additional public and agency involvement will be gained through the implementation of a public outreach plan and agency coordination team.

4. *Significant Issues.* Issues associated with the proposed project to be given significant analysis in the EIS are likely to include, but may not be limited to, the potential impacts of the proposed Pee Dee Station on: Air quality, wetland quality, conservation, economics, aesthetics, general environmental concerns, wetlands, historic properties, fish and wildlife values, flood hazards, flood plain values, land use, navigation, shore erosion and accretion, recreation, water supply and conservation, energy needs, public health and safety, hazardous wastes and materials, food and fiber production, mineral needs, considerations of property ownership, environmental justice and, in general, the needs and welfare of the people.

5. *Cooperating Agencies.* S.C. Department of Health and Environmental Control, S.C. Department of Archives and History, U.S. Fish and Wildlife Service, National Oceanic and Atmospheric Administration, National Marine Fisheries Service, and U.S. Environmental Protection Agency will be asked to participate as cooperating agencies.

6. *Additional Review and Consultation.* Additional review and consultation which will be incorporated into the preparation of this EIS will include, but shall not be limited to: Section 401 of Clean Water Act, the Magnuson-Stevens Fishery Conservation and Management Act, the National Environmental Policy Act, the National Historic Preservation Act; the Endangered Species Act, and the Clean Air Act.

7. *Availability of the Draft Environmental Impact Statement.* The Draft Environmental Impact Statement (DEIS) is anticipated to be available late in 2008. A Public Hearing will be conducted following the release of the DEIS.

Lieutenant Colonel J. Richard Jordan, III,
Commander, U.S. Army Corps of Engineers,
Charleston District.

DEPARTMENT OF DEFENSE

Department of the Army; Corps of Engineers

Notice of Intent To Hold a Public Meeting To Take Public Comments on the Draft Supplemental Environmental Impact Statement on Rock Mining in Wetlands in the Lake Belt Region of Miami-Dade County, FL

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DoD.

ACTION: Notice of meeting.

SUMMARY: The U.S. Army Corps of Engineers (Corps) Jacksonville District issued a draft Supplemental Environmental Impact Statement (SEIS) on August 17, 2007 to evaluate potential impacts of further rock mining within wetlands in western Miami-Dade County, FL. In order to accept public comments on the Draft SEIS, the Corps has scheduled a public meeting. The Corps invites Federal agencies, American Indian Tribal Nations, state and local governments, and other interested private organizations and parties to attend the public meeting and to comment on the draft SEIS.

DATES: The Corps plans to hold a public meeting on September 18, 2007 at 6:30 p.m. EST.

ADDRESSES: The meeting will be held at the Miami Dade Fire Rescue Headquarters, 9300 NW 41st Street, Doral, FL 33178. (786) 331-5000.

FOR FURTHER INFORMATION CONTACT: Ms. Leah Oberlin, (561) 472-3506.

SUPPLEMENTARY INFORMATION: The Corps will provide additional notification of the meeting time and location through newspaper advertisements and other means. Following a short presentation on the draft SEIS, verbal and written comments on the draft SEIS will be accepted. A transcript of verbal comments will be generated to ensure accuracy. A Spanish language translator will be available. To submit comments on the draft SEIS or to request copies of materials related to this effort as they become available to the public, contact: Ms. Leah Oberlin, U.S. Army Corps of Engineers, Regulatory Division, Palm Beach Gardens Regulatory Office, 4400 PGA Boulevard, Suite 500, Palm Beach Gardens, FL, 33410, by e-mail at Leah.A.Oberlin@saj02.usace.army.mil, or by telephone at (561) 472-3506. Comments or requests for information can also be submitted on the Lake Belt SEIS Web site at <http://www.lakebeltseis.com>. The Corps will

consider all comments for the scope of the SEIS received by October 16, 2007.

Brenda S. Bowen,

Army Federal Register Liaison Officer.

BILLING CODE 3710-AJ-M

DEPARTMENT OF EDUCATION

Submission for OMB Review; Comment Request

AGENCY: Department of Education.
SUMMARY: The IC Clearance Official, Regulatory Information Management Services, Office of Management invites comments on the submission for OMB review as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before October 9, 2007.

ADDRESSES: Written comments should be addressed to the Office of Information and Regulatory Affairs, Attention: Education Desk Officer, Office of Management and Budget, 725 17th Street, NW., Room 10222, Washington, DC 20503. Commenters are encouraged to submit responses electronically by e-mail to oira_submission@omb.eop.gov or via fax to (202) 395-6974. Commenters should include the following subject line in their response "Comment: [insert OMB number], [insert abbreviated collection name, e.g., "Upward Bound Evaluation"]". Persons submitting comments electronically should not submit paper copies.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The IC Clearance Official, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g., new, revision, extension, existing or reinstatement; (2) Title; (3) Summary
