Title: Applicant Background

Questionnaire: Race, National Origin, Gender, and Disability Demographics (Renewal).

ICR numbers: EPA ICR No. 2248.03, OMB Control No. 2030-0045.

ICR Status: This ICR is scheduled to expire on November 30, 2007. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, and are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: The purpose of this information collection request is to seek approval to use the Environmental Protection Agency's EZhire, vacancy announcement and job application system, to collect gender, race, national origin, and disability information from employees within the agency and outside job applicants. All job applicants, whether internal or external, are asked to complete, on a voluntary basis, an "Applicant Background Questionnaire: Race, National Origin, Gender, and Disability Demographics." This data is required for compliance with the Equal Employment Opportunities Commission's (EEOC) MD 715 and 29 CFR 1614.601. Agencies are required to: (1) Maintain a system that collects and maintains accurate information on the race, national origin, gender and disability of agency employees; (2) maintain a system that tracks applicant flow data, which identifies applicants by race, national origin, sex, and disability status and disposition of all applications; and (3) maintain a tracking system of recruitment activities to permit analyses of these efforts in any examination of potential barriers to equality of opportunity. MD 715 requires agencies to "conduct an internal review and analysis of the effects of all current and proposed policies, practices, procedures

and conditions that are directly or indirectly, related to the employment of individuals with disabilities." EPA must collect and analyze information and data necessary to make an informed assessment about the extent to which the agency is meeting its responsibility to provide employment opportunities for qualified applicants and employees with disabilities, especially those with targeted disabilities. The data supplied by job applicants is strictly confidential and encrypted within the software. The data is reported in the aggregate for affirmative employment analyses, planning and reporting required by the EEOC and the Office of Personnel Management.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average of 28 minutes or .46 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: all applicants applying for jobs at EPA.

Estimated Number of Respondents: 32,590.

Frequency of Response: Once per applicant.

Estimated Total Annual Hour Burden: 15,208.

Estimated Total Annual Cost: \$0, includes \$0 annualized Capital Startup costs, \$0 annualized Operation and Maintenance (O&M) costs, and \$0 annualized Labor costs.

Changes in the Estimates: There is no increase/decrease of hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens.

Dated: October 16, 2007.

Acting Director, Collection Strategies Division.

B. What Should I Consider as I Prepare My Comments for EPA?

1. **Submitting CBI.** Do not submit this information to EPA through regulations.gov or e-mail. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. **Tips for preparing your comments.** When submitting comments, remember to:

II. Background

A. What is a TSCA Section 21 Petition?

Section 21 of TSCA allows citizens to petition EPA to initiate a proceeding for the issuance, amendment, or repeal of a rule under TSCA section 4, 6, or 8 or an order under TSCA section 5(e) or 6(b)(2). A TSCA section 21 petition must set forth facts that the petitioner believes establish the need for the action requested. EPA is required to grant or deny the petition within 90 days of its filing. If EPA grants the petition, EPA

must promptly commence an appropriate proceeding. If EPA denies the petition, EPA must publish its reasons for the denial in the **Federal Register**. Within 60 days of denial or expiration of the 90-day period, if no action is taken, the petitioner may commence a civil action in a U.S. district court to compel initiation of the requested rulemaking proceeding.

B. What Action is Requested Under this TSCA Section 21 Petition?

On September 20, 2007, the Sierra Club, the National Center for Healthy Housing, the Alliance for Healthy Homes, and the Natural Resources Defense Council petitioned EPA under TSCA section 21. The petitioners are concerned about risks to human health and the environment from exposure to air fresheners. They are petitioning EPA to assess and reduce these risks by exercising its authority under TSCA sections 8(c), 8(d), 4, and 6(a)(3).

C. EPA Seeks Public Comment

Under TSCA section 21, EPA must either grant or deny a petition within 90 days. Because EPA must respond to the petition by December 18, 2007, EPA will allow the public until November 7, 2007 to reply with any additional information relevant to the issues identified in the petition, a copy of which can be obtained from the public docket (see **ADDRESSES**).

In assessing the usability of any data or information that may be submitted, EPA plans to follow the guidelines in EPA's "A Summary of General Assessment Factors for Evaluating the Quality of Scientific and Technical Information" (EPA 100B-03/001), referred to as the "Assessment Factors Document." The "Assessment Factors Document" was published in the **Federal Register** issue of July 1, 2003 (68 FR 39086) (FRL-7520-2) and is available on-line at <http://www.epa.gov/fedrgstr/EPA-GENERAL/2003/July/Day-01/g16328.htm>. That document is also available on-line at <http://www.epa.gov/osa/spc/assess.htm>.
