[Docket Nos. ER08-61-000, ER08-61-001]

ISO New England Inc.; Notice of Technical Conference

February 15, 2008.

Take notice that Commission staff will convene a technical conference in the above-referenced proceeding on Wednesday, March 5, 2008 at 9 a.m. (EDT) in a room to be designated at the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. All interested persons are invited to attend and registration is not required; however, active participation will be limited to those parties who

have previously requested to intervene in this proceeding.

The Commission's January 25, 2008 order¹ in this proceeding directed its staff to hold a technical conference to address issues raised by ISO New England Inc. (ISO-NE) in its October 16, 2007 filing and its deficiency response filed on November 28, 2007.

Specifically, the Commission seeks to determine whether further detail should be added to ISO-NE's tariff to capture its proposal and its current practice of using Net Commitment Period Compensation (NCPC) to resolve differences in clearing prices across interfaces. As part of its presentation, ISO-NE is directed to discuss whether removing congestion costs from the NCPC uplift mechanism and incorporating these costs in the Locational Marginal Price at the External Node, as the Tariff appears to require, would reduce or eliminate the opportunity for market manipulation that is the impetus for the October 16, 2007 filing.

Any parties that plan to participate in this technical conference should contact John M. White at (202) 502-6867 no later than February 28, 2008.

Commission staff has arranged for telephone conferencing should any party wish to listen to the proceeding remotely. Any parties that plan to attend by phone should contact John M. White by e-mail at johnm.white@ferc.gov no later than February 28, 2008 to request the call-in instructions.

Commission conferences are accessible under section 508 of the Rehabilitation Act of 1973. For accessibility accommodations please send an e-mail to accessibility@ferc.gov or call toll free 1-866-208-3372 (voice) or 202-208-1659 (TTY), or send a FAX to 202-208-2106 with the required accommodations.

For more information about this conference, please contact: Morris Margolis, Office of Energy Market Regulation, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, (202) 502-8611, Morris.margolis@ferc.gov.

Enstor Grama Ridge Storage and Transportation LLC; Notice of Out of Time Informational Filing

February 15, 2008.

Take notice that on January 23, 2008, Enstor Grama Ridge Storage and Transportation LLC (Enstor Grama) filed out of time to notify the Commission of a change in its market power status pursuant to Ordering Paragraph (A) of the December 21, 2005, Commission Order.¹ The December 21 Order granted Enstor Grama market-based rate authority for firm and interruptible storage services performed under Section 311 of the Natural Gas Policy Act and required the company to notify the Commission of changes and/or acquisitions that affect its market power status.

Enstor Grama explains that during its preparation of the required notification of an affiliate's acquisition of Freebird Gas Storage, LLC in Lamar County, Alabama, Enstor Grama realized it had not timely reported the increased storage capacity at the Grama Ridge Facilities as required by the Commission. Enstor Grama's instant filing states that the Grama Ridge Facility's working gas capacity has increased from 4.5 Bcf to 7.7 Bcf. The instant filing also includes a revised market power analysis.

Any person desiring to participate in this rate proceeding must file a motion to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the date as indicated below. Anyone filing an intervention or protest must serve a copy of that document on the Applicant. Anyone filing an intervention or protest on or before the intervention or protest date need not serve motions to intervene or protests on persons other than the Applicant.
