

partnerships between Federal departments and nonprofit or educational institutions. This program continues to improve opportunities for college students to prepare for their transition to the workplace and foster human resource diversity at DOC. In order to provide the program with the necessary time to review and develop its revised program for new awards, this notice amends DOC's prior **Federal Register** notice dated November 23, 2004 (69 FR 68125) to allow for an additional four-month period of funding, on a non-competitive basis, to current PIP recipients who will be completing the third year of partnership with DOC on May 31, 2008. The following recipients whose award period is scheduled to end on May 31, 2008, are affected by this notice and will be eligible for an additional four-month period of funding, on a non-competitive basis, through September 30, 2008: American Indian Science and Engineering Society, Hispanic Association of Colleges and Universities National Intern Program, Minority Access, Inc., Oak Ridge Associated Universities, and The Washington Center for Internships and Academic Seminars.

The award period and related funding, if approved by the DOC Grants Officer, will commence on June 1, 2008, and will continue through September 30, 2008. The additional period of funding will permit student participation in the PIP through the 2008 summer session of the program (June through August), which coincides with the academic year.

Funding for the additional period of time will be at the sole discretion of the DOC using the evaluation criteria and process used to determine the continuation of funding during the original award period (March 1, 2005–May 31, 2008). In making such determinations, the following factors will be considered: (1) Satisfactory performance by the recipients; (2) the availability of appropriated funds; and (3) DOC priorities that support the continuation of the project. DOC has no obligation to provide any additional future funding in connection with this award. Renewal of an award to increase funding or extend the period of performance is at the total discretion of DOC. The OHRM is currently reviewing the program to ensure it meets workforce planning needs. The additional period of funding, as announced in this notice, will allow OHRM the necessary time to review and develop its revised program so that a competition can be held for new awards, which will permit student

participation in the PIP commencing with the fall session of 2008.

The Department of Commerce Pre-Award Notification Requirements for Grants and Cooperative Agreements

The Department of Commerce Pre-Award Notification Requirements for Grants and Cooperative Agreements contained in the **Federal Register** notice of February 11, 2008 (73 FR 7696) are applicable to this notice.

Executive Order 12866

This notice has been determined to be not significant for purposes of Executive Order 12866.

Executive Order 13132 (Federalism)

It has been determined that this notice does not contain policies with Federalism implications as that term is defined in Executive Order 13132.

Administrative Procedure Act/Regulatory Flexibility Act

Prior notice and an opportunity for public comment are not required by the Administrative Procedure Act or any other law for rules concerning public property, loans, grants, benefits, and contracts (5 U.S.C. 553(a)(2)). Because notice and opportunity for comment are not required pursuant to 5 U.S.C. 553 or any other law, the analytical requirements of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) are inapplicable. Therefore, a regulatory flexibility analysis has not been prepared.

Authority: 5 U.S.C. 7201 and Executive Orders 13216, 13230, 13256, and 13270.

Dated: March 14, 2008.

Deborah A. Jefferson,
Director for Human Resources Management,
Department of Commerce.

Forged Stainless Steel Flanges from India: Extension of Time Limits for Preliminary Results of Antidumping Duty New Shipper Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: March 20, 2008.

FOR FURTHER INFORMATION CONTACT: Fred Baker or Robert James, AD/CVD Enforcement Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington DC 20230; telephone: (202) 482–2924 or (202) 482–0649, respectively.

SUPPLEMENTARY INFORMATION:

Background

On October 4, 2007, the Department published a notice of initiation of an antidumping duty new shipper review of forged stainless steel flanges from India. *See Forged Stainless Steel Flanges from India: Notice of Initiation of Antidumping Duty New Shipper Review*, 72 FR 56723 (October 4, 2007). This new shipper review covers Hot Metal Forge (India) Pvt. Ltd. (Hot Metal) and the period February 1, 2007 through July 31, 2007. The preliminary results for this new shipper administrative review are currently due no later than March 26, 2008.

Extension of Time Limits for Preliminary Results

Section 751(a)(2)(B)(iv) of the Tariff Act of 1930, as amended (the Act),

requires the Department to complete the preliminary results of a new shipper administrative review within 180 days after the date on which the review is initiated. However, if the Department concludes that the case is extraordinarily complicated, it may extend the 180-day period to 300 days.

Due to the complexity of the issues the Department finds that it is not practicable to complete the preliminary results within the normal 180-day deadline. The issues include the unusual circumstances surrounding Hot Metal's third-country sales, the evaluation of the *bona fide* nature of Hot Metal's sales, and the need to conduct additional analysis of its reported cost of manufacturing. As a result, the Department must extend the deadline for the preliminary results of this new shipper administrative review to permit the collection and analysis of additional information concerning Hot Metal's sales processes in both the U.S. and comparison markets, and also concerning its reported cost of manufacture.

Therefore, in accordance with section 751(a)(2)(B)(iv) of the Act, the Department is extending the time limits for completion of the preliminary results of this new shipper administrative review until no later than July 24, 2008, which is 300 days from the date of initiation of this review. We intend to issue the final results of this review no later than 90 days after publication of the preliminary results.

This notice is issued and published in accordance with sections 751(a)(3)(A) and 777(i)(1) of the Act.

Dated: March 14, 2008.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

Notice of Initiation of Antidumping Duty Changed Circumstances Review: Certain Forged Stainless Steel Flanges from India

AGENCY: Import Administration, International Trade Administration, Department of Commerce

SUMMARY: In response to a request by Isibars, Ltd. (Isibars), and pursuant to section 751(b) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.216 and 351.221(c)(3), the

Department is initiating a changed circumstances review of the antidumping duty order on forged stainless steel flanges from India. This review will determine whether India Steel Works, Ltd. (India Steel) is the successor-in-interest to Isibars.

EFFECTIVE DATE: March 20, 2008.

FOR FURTHER INFORMATION CONTACT: Fred Baker or Robert James, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-2924 and (202) 482-0649, respectively.

SUPPLEMENTARY INFORMATION:

Background

On February 9, 1994, the Department published in the **Federal Register** the antidumping duty order on certain forged stainless steel flanges from India. *See Amended Final Determination and Antidumping Duty Order; Certain Forged Stainless Steel Flanges From India*, 59 FR 5994, (February 9, 1994).

Pursuant to a February 28, 2003, request from Isibars, the Department conducted an administrative review of the antidumping duty order on flanges from India. On March 5, 2004, the Department published the final results of the administrative review, determining that a dumping margin of zero percent existed for Isibars for the period February 1, 2002, through January 31, 2003. *See Certain Forged Stainless Steel Flanges from India; Final Results of Antidumping Duty Administrative Review*, 69 FR 10409 (March 5, 2004).

On February 26, 2008, Isibars filed a request for a changed circumstances administrative review of the antidumping duty order on flanges from India, claiming that Isibars has changed its name to India Steel. Isibars requested that the Department determine whether India Steel is the successor-in-interest to Isibars, in accordance with section 751(b) of the Act, and 19 CFR 351.216 (2007). In addition, Isibars submitted documentation from the government of India related to its name change. In response to Isibars' request, the Department is initiating a changed circumstances review of this order.

Scope of the Order

The products covered by this order are certain forged stainless steel flanges, both finished and not finished, generally manufactured to specification ASTM A-182, and made in alloys such as 304, 304L, 316, and 316L. The scope includes five general types of flanges.

They are weld-neck, used for butt-weld line connection; threaded, used for threaded line connections; slip-on and lap joint, used with stub-ends/butt-weld line connections; socket weld, used to fit pipe into a machined recession; and blind, used to seal off a line. The sizes of the flanges within the scope range generally from one to six inches; however, all sizes of the above-described merchandise are included in the scope. Specifically excluded from the scope of this order are cast stainless steel flanges. Cast stainless steel flanges generally are manufactured to specification ASTM A-351. The flanges subject to this order are currently classifiable under subheadings 7307.21.1000 and 7307.21.5000 of the Harmonized Tariff Schedule (HTS). Although the HTS subheadings are provided for convenience and customs purposes, the written description of the merchandise under review is dispositive of whether or not the merchandise is covered by the scope of the order.

Initiation of Antidumping Duty Changed Circumstances Review

Pursuant to section 751(b)(1) of the Act, the Department will conduct a changed circumstances review upon receipt of a request from an interested party or receipt of information concerning an antidumping duty order which shows changed circumstances exist to warrant a review of the order. On February 26, 2008, Isibars submitted its request for a changed circumstances review. With this request, Isibars submitted certain information related to its claim that Isibars changed its name to India Steel. Based on the information Isibars submitted regarding a name change, the Department has determined that changed circumstances sufficient to warrant a review exist. *See* 19 CFR 351.216(d).

In antidumping duty changed circumstances reviews involving a successor-in-interest determination, the Department typically examines several factors including, but not limited to: (1) management; (2) production facilities; (3) supplier relationships; and (4) customer base. *See Brass Sheet and Strip from Canada: Final Results of Antidumping Administrative Review*, 57 FR 20460, 20462 (May 13, 1992) and *Certain Cut-to-Length Carbon Steel Plate from Romania: Initiation and Preliminary Results of Changed Circumstances Antidumping Duty Administrative Review*, 70 FR 22847 (May 3, 2005) (*Plate from Romania*). While no single factor or combination of factors will necessarily be dispositive, the Department generally will consider the new company to be the successor to
