(Catalog of Federal Domestic Assistance No. 97.022, "Flood Insurance.")

Dated: March 18, 2008.

David I. Maurstad,

Federal Insurance Administrator of the National Flood Insurance Program, Department of Homeland Security, Federal Emergency Management Agency.

[FR Doc. E8-6910 Filed 4-2-08; 8:45 am]

BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY**Federal Emergency Management Agency****44 CFR Part 67**

[Docket No. FEMA-B-7768]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule.

SUMMARY: Comments are requested on the proposed Base (1 percent annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed in the table below. The purpose of this notice is to seek general information and comment

regarding the proposed regulatory flood elevations for the reach described by the downstream and upstream locations in the table below. The BFEs and modified BFEs are a part of the floodplain management measures that the community is required either to adopt or show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, these elevations, once finalized, will be used by insurance agents, and others to calculate appropriate flood insurance premium rates for new buildings and the contents in those buildings.

DATES: Comments are to be submitted on or before July 2, 2008.

ADDRESSES: The corresponding preliminary Flood Insurance Rate Map (FIRM) for the proposed BFEs for each community are available for inspection at the community's map repository. The respective addresses are listed in the table below.

You may submit comments, identified by Docket No. FEMA-B-7768, to William R. Blanton, Jr., Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-3151, or (e-mail) bill.blanton@dhs.gov.

FOR FURTHER INFORMATION CONTACT:

William R. Blanton, Jr., Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-3151 or (e-mail) bill.blanton@dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) proposes to make determinations of BFEs and modified BFEs for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new

buildings built after these elevations are made final, and for the contents in these buildings.

Comments on any aspect of the Flood Insurance Study and FIRM, other than the proposed BFEs, will be considered. A letter acknowledging receipt of any comments will not be sent.

Administrative Procedure Act Statement. This matter is not a rulemaking governed by the Administrative Procedure Act (APA), 5 U.S.C. 553. FEMA publishes flood elevation determinations for notice and comment; however, they are governed by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and do not fall under the APA.

National Environmental Policy Act. This proposed rule is categorically

excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601–612, a regulatory flexibility analysis is not required.

Executive Order 12866, Regulatory Planning and Review. This proposed rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866, as amended.

Executive Order 13132, Federalism. This proposed rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This proposed rule meets the

applicable standards of Executive Order 12988.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.4 [Amended]

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

| State | City/town/county | Source of flooding | Location ** | * Elevation in feet (NGVD) + Elevation in feet (NAVD) # Depth in feet above ground | |
|----------------------------|----------------------|----------------------------|--|--|----------|
| | | | | Existing | Modified |
| City of Richmond, Virginia | | | | | |
| Virginia | City of Richmond ... | Bacons Quarter Branch | Approximately at the confluence with Shockoe Creek. | None | +67 |
| | | | Approximately 1400 feet upstream of Hermitage Road. | None | +184 |
| Virginia | City of Richmond ... | Battery Park Ponding Area | Approximately 2250 feet south of Overbrook Road. | None | +136 |
| | | | Approximately 850 feet north of Overbrook Road. | None | +139 |
| Virginia | City of Richmond ... | Cannons Creek Branch | Approximately at the confluence with Bacons Quarter Branch. | None | +74 |
| | | | Approximately 200 feet downstream of Vale Street. | None | +96 |
| Virginia | City of Richmond ... | Jordans Branch | Approximately 35 feet north of Route 64 near the Henrico County line. | None | +164 |
| | | | Approximately 120 feet north of Route 64 near the Henrico County line. | None | +164 |
| Virginia | City of Richmond ... | Pocoshock Creek | Approximately at the Chesterfield County line. | None | +133 |
| | | | Approximately at the confluence with Pocosham Creek. | None | +133 |
| Virginia | City of Richmond ... | Shockoe Creek | Approximately at East Franklin Street | +21 | +23 |
| | | | Approximately 2700 feet upstream of Magnolia Street. | None | +129 |

* National Geodetic Vertical Datum.

+ North American Vertical Datum.

Depth in feet above ground.

** BFEs to be changed include the listed downstream and upstream BFEs, and include BFEs located on the stream reach between the referenced locations above. Please refer to the revised Flood Insurance Rate Map located at the community map repository (see below) for exact locations of all BFEs to be changed.

Send comments to William R. Blanton, Jr., Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472.

BILLING CODE 9110-12-P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[DA 08-568; MB Docket No. 08-26; RM-11418]

Radio Broadcasting Services; Evert, Ludington, Pentwater, and Manistee, MI

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: This document sets forth a proposal to amend the FM Table of Allotments. The Commission requests comment on a petition filed by Roy E. Henderson. Petitioner proposes the allotment of Channel 274A at Evert, Michigan, as a first local service. Channel 274A can be allotted at Evert in compliance with the Commission's minimum distance separation requirements with a site restriction of 14.6 km (9.1 miles) north of Evert. The proposed coordinates for Channel 274A at Evert are 44-01-43 North Latitude and 85-17-51 West Longitude. In order to accommodate the proposed allotment of Channel 274A at Evert, the Commission also issues a show cause order to Bay View Broadcasting, Inc., to show cause why its Station WMOM(FM) license should not be modified to specify operation on Channel 242A in lieu of Channel 274A at Pentwater, Michigan. In order to accommodate that channel substitution, the Commission further proposes, and invites comment on, the substitution of FM Channel

249A for vacant FM Channel 242A at Ludington, Michigan. Channel 249A can be allotted at Ludington in compliance with the Commission's minimum distance separation requirements with a site restriction of 9.0 km (5.6 miles) north of Ludington. The proposed coordinates for Channel 249A at Ludington are 44-01-53 North Latitude and 86-24-57 West Longitude. Finally, in order to accommodate that channel substitution, the Commission issues a show cause order to Synergy Media, Inc., to show cause why its Station WMLZ(FM) license should not be modified to specify operation on Channel 282A in lieu of Channel 249A at Manistee, Michigan. *See SUPPLEMENTARY INFORMATION infra.*

DATES: Comments must be filed on or before May 5, 2008, and reply comments on or before May 20, 2008.

ADDRESSES: Federal Communications Commission, Washington, DC 20554. In addition to filing comments with the FCC, interested parties should serve the designated petitioner and her counsel as
