The Corps is coordinating with the North Carolina Division of Water Quality (NCDWQ) to ensure the EIS has assessed the potential water quality impacts pursuant to Section 401 of the Clean Water Act and with the North Carolina Division of Coastal Management (NCDCM) to determine the projects consistency with the Coastal Zone Management Act. The Corps is also coordinating with the NCDCM and NCDWQ in the development of the EIS to ensure the process complies with State Environmental Policy Act (SEPA) requirements, as well as the NEPA requirements. The Corps has attempted to design the FEIS to consolidate both NEPA and SEPA processes to eliminate duplications.

Following the FEIS comment period, the Corps will review all comments and pertinent information. The Corps will then prepare a Record of Decision responding to any substantive issues raised that have not been addressed in the FEIS and documenting the Corps' final decisions on compliance with the Clean Water Act, Section 404(b)(1) Guidelines, its decisions in the public interest review and the final permit decision.
